SUSTAINABLE DEVELOPMENT GOALS

National Indicator Framework

PROGRESS REPORT 2021

VERSION 3.0

Dr. Shailja Sharma
Director General (Statistics)
Ministry of Statistics and Programme Implementation
Government of India
New Delhi, India

The Ministry of Statistics and Programme Implementation has been entrusted with the development and further refinement of National Indicator Framework (NIF) on Sustainable Development Goals (SDGs) for facilitating monitoring the progress of SDGs. The Ministry released 'Sustainable Development Goals - National Indicator Framework, Progress Report 2020 (version 2.1) on 29th June 2020 which serve as a valuable tool for policy makers, planners, administrators, researchers and other stakeholders.

The Ministry is now releasing 'Sustainable Development Goals - National Indicator Framework, Progress Report 2021 (version 3.0) which shows the data-based evidence of India's progress towards achieving the SDGs and associated targets. The report will also help policy makers in identifying thrust areas where interventions need to be focused. Comprehensive information on data-based SDG monitoring, data snapshots and brief highlights of progress of SDGs have been included in the report along with the associated metadata and disaggregated data. The report shows that while significant progress has been made in some areas, challenges remain in some other areas too. An updated version of this report will be released on 29th June 2021.

I commend the efforts of Data Source Ministries/Departments, UN Agencies and other Stakeholders for their valuable inputs in refining the National Indicator Framework. I am grateful to Dr. Kshatrapati Shivaji, Secretary (MoSPI) for his continuous support and guidance during the preparation of this report.

The officers of the SDG unit of Social Statistics Division made incredible and painstaking efforts for examining the SDG global methodologies for its possible adoption/adaption in Indian Context, for identification of data gaps in monitoring of SDGs at national and sub-national levels, and compiling the data from the different Ministries and Departments while bringing out this publication. I congratulate the SSD team led by Shri Awadhesh Kumar Mishra, Additional Director General and his team members Dr. Ashutosh Ojha, Deputy Director General, Dr. Sanjay Kumar, Director, Shri Ashwani Kannujia, Deputy Director, Ms. Aastha Dwivedi, Deputy Director, Shri Surya Dasgupta, Assistant Director and all other officers of the Division for working diligently in bringing out this report. I also express my sincere thank to United Nations Resident Coordinator's Office, India for designing the Report.

I look forward for further suggestions and feedback from various Central Ministries, researchers, policy makers and other stakeholders.

March 31, 2021

CONTENTS

Overview

The Sustainable Development Goals (SDGs) are the blueprint for achieving a better and sustainable future for all. The United Nations (UN) General Assembly in its 70th Session held on 25th September 2015, with the aim of taking forward the success of Millennium Development Goals, adopted the document titled "Transforming our World: The 2030 Agenda for Sustainable Development" consisting of 17 Sustainable Development Goals and associated 169 targets. The SDGs came into force with effect from 1st January, 2016. The SDGs are a comprehensive list of global goals integrating social, economic and environmental dimensions of development. Moreover, the SDGs are universal (for all nations – developed, developing and least developed), interconnected and indivisible and hence necessitate comprehensive and participatory approaches in bringing everybody together so that no one is left behind. Countries are primarily responsible for following up and reviewing the progress made in implementing the goals and targets at the national level till 2030.

The Sustainable Development Goals provide an international framework to move by 2030 towards more equitable, peaceful, resilient, and prosperous societies - while living within sustainable planetary boundaries. The SDGs are not legally binding, but have become de-facto international obligations and have potential to reorient domestic spending priorities of the countries up till 2030. Countries are expected to take ownership and establish a national framework for achieving these goals. Implementation and success will depend on countries' own sustainable development policies, plans and programmes. The 2030 Agenda also underscored the fact that quality, reliable and disaggregated data would be needed for measurement of progress on the targets and for ensuring that "No One is Left Behind".

The United Nations Statistical Commission (UNSC) in March 2015, created the Inter-agency and Expert Group on SDG Indicators (IAEG-SDGs), composed of Member States and including regional and international agencies as observers with a task to develop and implement the Global Indicator Framework (GIF) for monitoring the Goals and targets of the 2030 Agenda. India represented South Asia in the IAEG-SDGs during 2015-2019. The GIF was developed by the IAEG-SDGs and agreed upon, by United Nations Statistical Commission in March 2017 which was subsequently adopted by the UN General Assembly in July 2017.

Dimensions of Development
of Sustainable Development Goals

Initially, a total of 244 indicators were identified in the GIF for monitoring the progress of Global SDGs and associated target out of which some indicators were repeated under two or three different targets making the distinct global indicators as 232. The GIF was comprehensively reviewed by IAEG-SDGs in 2020, following detailed discussions with various stakeholders and accordingly the GIF was revised and refined. At present, the GIF includes 247 indicators, with 231 unique indicators.

India is committed to implement the SDGs based on the nationally defined indicators responding to national priorities and needs. In this effort, towards integrating SDGs into country's on-going national and sub-national policies and programs, at national level, NITI (National Institution for Transforming India) Aayog has mapped the SDGs with centrally sponsored programs of different Central Ministries/Departments. The integrated nature of the 2030 Agenda requires governments to work across policy silos and set ambitious and interrelated economic, social and environmental objectives that go beyond short-term political cycles. Government of India is working with the approach to strategic visioning, priority setting, and implementation. The Government of India is strongly committed to achieve the Sustainable Development Goals. Following its commitment towards achieving the SDGs, Government has also initiated a series of nation-wide welfare and developmental programs. The Government is committed to ensuring "*Sabka Saath, Sabka Vikas, Sabka Vishwas*" in the spirit of the Sustainable Development Goals' motto of "Leaving No One Behind".

National Indicator Framework

Monitoring and evaluation are essential for assessing the extent to which policies and resource allocations for implementing the SDGs result in meaningful outcomes. It is evident that reliable data is the backbone for better monitoring of SDGs and also require for data driven decision making policies. Taking into account the complex and interconnected nature of the SDGs, Government of India started working on a sound monitoring and evaluation framework. Stakeholders participation is critical to ensure that national priorities for SDG implementation are understood and accepted.

Towards this endeavor, the Ministry of Statistics and Programme Implementation (MoSPI), Government of India developed a National Indicator Framework (NIF) in 2018 consisting of 306 national indicators along with identified data sources and periodicity following due consultation process with concerned Ministries/Departments, UN Agencies and other stakeholders. NIF is the backbone for facilitating monitoring of SDGs at the national level

and provides appropriate direction to the policy makers and the implementing agencies of various schemes and programmes. Presently, at national level, data flow from National Statistical Office and nearly 30 data source Ministries/Departments are involved in the process of providing data on SDGs. MoSPI coordinates with these line Ministries for institutionalizing the data flow for SDG indicators. At present, there are 308 indicators in the NIF (Version 3.0)

High Level Steering Committee

Government of India has constituted a High Level Steering Committee (HLSC) under the Chairmanship of Chief Statistician of India (CSI) & Secretary, MoSPI with members from NITI Aayog, Ministry of Home Affairs, Ministry of Health and Family Welfare, Ministry of Environment, Forest and Climate Change (MoEFCC), Ministry of Finance and MoSPI to periodically review and refine the NIF. The line Ministries/Departments propose changes in the NIF keeping the relevancy of indicators and data availability in view. These proposals are placed before the Technical Advisory Committee (TAC), constituted in pursuance of the Terms of References of HLSC under the chairpersonship of Director General (Statistics), MoSPI inter-alia to examine, review and recommend the proposal(s) of refinement/deletion/addition of indicators in NIF for approval by HLSC.

Steps taken by MoSPI in bridging data gaps

MoSPI has taken several steps in bridging the data gaps relating to SDG indicators. Ministry hold regular consultations with line Ministries/Departments and the respective Custodian Agencies. To institutionalize such deliberations, MoSPI, NITI Aayog and the United Nations represented by United Nations Resident Coordinator Office (UNRCO), New Delhi, India have entered into a Tripartite Memorandum of Understanding (MoU) relating to support for Data, Indicators and Statistics for monitoring Sustainable Development Goals (SDGs) in India. The overall purpose of the MoU is to collaborate on issues related to support for statistical monitoring of Goals and Targets of SDGs, including the use of new technologies, capacity development to track SDG related outcomes and any other emerging requirements. Subsequently, in pursuance of the provision of MoU, MoSPI has set up a Data for Development Coordination Forum (DDCF) on SDGs, under the co-chairmanship of Director General (Statistics), NSO, MoSPI and UN Resident Coordinator for developing the data plan, assisting in the development of a sound measurement, improving the indicator framework after a thorough review with all stakeholders etc. This is a vital forum to discuss the SDGs related issues with all the stakeholders and UN Agencies at a unified platform.

MoSPI has constituted six theme based Sectoral Committees on SDGs consisting of members from relevant data source Ministries, UN Agencies/Development Partners, Research Institutions etc. mainly to work together for evolving methodology for SDGs global indicators in Indian context and identifying data gaps in monitoring of SDGs. The deliberations held in such committees have been very useful in improvising the SDG monitoring framework. The theme of these six sectoral committees are under:

- i. Poverty, Agriculture and Food Security
- ii. Labour & Employment and Education
- iii. Health and Gender related issues
- iv. Environment and Climate Change
- v. Good Governance and Capacity Building
- vi. Big Data, AI, Block Chain and Machine Learning for SDGs

A nationwide Multiple Indicator Survey (MIS), as a part of 78th Round of National Sample Survey (NSS) to bridge data gaps on national as well as global SDG indicators, is being carried out during January 2020 to March 2021. MIS is being conducted for the first time by the MoSPI for providing estimates relating to some important indicators of SDGs from a single survey.

In addition, a few surveys of MoSPI like Periodic Labour Force Survey (PLFS), Time Use Survey (TUS), Situational Assessment Survey of Agricultural Households etc. have been aligned with SDGs as per its data requirement mainly to bridge the data gaps.

Publicity and awareness on SDGs

The Agenda 2030 intends incorporating every aspects of society, taking everyone and leaving no one behind. In order to understand the important role of all stakeholders and stressing the need of localizing the SDGs, awareness programs assume added significance. MoSPI has taken several steps for enhancing awareness on SDGs. In this endeavor, MoSPI has developed a documentary film on SDGs in Hindi and has got it dubbed in English and 15 other regional languages namely Assamese, Bengali, Gujarati, Kannad, Kashmiri, Konkani, Malayalam, Manipuri, Marathi, Nepali, Oriya, Punjabi, Tamil, Telugu, Urdu. These documentary films have been very helpful in creating awareness on SDGs at sub-national level. These documentary are in public domain and accessible to all at the given link (<https://mospi.gov.in/web/mospi/sustainable-development-goals-sdg>).

To further publicize the goals and targets, MoSPI declared SDGs as the theme for National Statistics Day for the year 2019, which is celebrated on 29th June every year to mark the birth anniversary of Late Professor Prasanta Chandra Mahalanobis and in recognition of his valuable contribution in the field of Economic Planning and Statistics. The central theme of Annual Conference of Central and State Statistical Organizations (COCSSO), 2019 was SDGs. The theme for the Statistics Day for the year 2020 is 'Sustainable Development Goal 3 (Ensure healthy and promote well-being for all at all ages) & Sustainable Development Goal 5 (Achieve gender equality and empower all women and girls)'.

National Indicator Framework - A Comparison

Sustainable Development Goals	Number of indicators in NIF 1.0	Number of indicators in NIF 2.1	Number of indicators in NIF 3.0
SDG 1: No Poverty	19	21	22
SDG 2: Zero Hunger	19	19	18
SDG 3: Good Health and Well-Being	41	42	41
SDG 4: Quality Education	20	19	20
SDG 5: Gender Equality	29	29	29
SDG 6: Clean Water and Sanitation	19	16	16
SDG 7: Affordable and Clean Energy	5	5	5
SDG 8: Decent Work and Economic Growth	40	32	33
SDG 9: Industry, Innovation and Infrastructure	18	16	16
SDG 10: Reduced Inequalities	7	9	11
SDG 11: Sustainable Cities and Communities	16	15	15
SDG 12: Responsible Consumption and Production	17	15	15
SDG 13: Climate Action	4	5	6
SDG 14: Life Below Water	13	11	11
SDG 15: Life on Land	21	16	16
SDG 16: Peace, Justice and Strong Institutions	18	19	21
SDG 17: Partnership for the Goals	0	13	13
Total Number of Indicators	306	302	308

Localization of SDGs

Any statement on the SDGs at the national level is incomplete without the associated annotation on the status prevailing in the States. MoSPI is providing adequate technical support to the States, in development of comprehensive and inclusive SDG Monitoring Framework. The Ministry has developed and circulated Guidelines for development of State Indicator Framework (SIF) to facilitate and assist States/UTs for development of a State Level Monitoring Framework in respective State/UTs. The guidelines provide step by step guidance for development of a State Level Monitoring Framework including institutional arrangements to track the progress on the SDGs by building on the existing National Indicator Framework. MoSPI conducts various Training/Workshop/Seminars on SDGs with State/UTs for developing indicators in the SIF, enhancing capacity development, creating awareness on SDGs etc.

Publications on SDGs

To measure the progress of SDGs at national level during 2015-2030, base year 2015-16 values on different indicators were very crucial as reference points to measure performance and progress in subsequent years. MoSPI, therefore, released the baseline report on NIF of SDGs, namely, "Sustainable Development Goals – National Indicator Framework Baseline Report 2015-16" on the National Statistics Day 2019 i.e., on 29th June 2019. The base year data related to 2015-16 or the year close to it for which data was available.

In continuation to Baseline Report, the "Sustainable Development Goals – National Indicator Framework Progress Report 2020 (version 2.0), the first formal progress report of India on SGD-NIF (covering all 17 SDGs) with the time series data from 2015-16 (or the baseline) to the 2018-19 (or latest available) was released on 31st March 2020. The report was further updated with latest data in the next version of the Progress Report namely, SDG-NIF Progress Report (version 2.1) which was released on 29th June 2020.

Continuing the practice of yearly updating and reporting, the Sustainable Development Goals – National Indicator Framework Progress Report 2021 (version 3.0) has been prepared after taking inputs from all the data source Ministries/Departments. The report is culmination of a series of interaction with data source Ministries/Departments together with UN organizations for adopting more global indicators along with some existing national indicators into global indicators in modifying a few national indicators. As a result, 29 indicators have been added and 23 indicators have been deleted making the total indicators

308 in the NIF 3.0. This Report may be helpful in monitoring the progress made by the country towards achieving SDGs till date. This report contains four parts – Executive Summary, Data Snapshot, Metadata and Data Tables in addition to a brief overview. The 'Overview' covers the background of SDG-NIF in the country along with the role and steps taken by MoSPI for facilitating the monitoring of SDGs at national level, 'Executive Summary' includes goal wise summary highlights/progress made during the period under reference, whereas, 'Data-Snapshot' presents the data summary of the indicators. 'Metadata' contains information on each indicator describing goal, target, reference year, unit of measurement, latest availability, link/source(s) of data availability etc. and the 'Data Tables' have been given in MS excel format containing the time series data on the indicators, wherever available.

The MoSPI has released the following major reports on SDGs which are in the public domain and may be accessed from the website of the MoSPI (www.mospi.gov.in):

Report	Release Date

India SDG Dashboard

The India SDG Dashboard is a unified data repository on SDG Indicators and has the provision of providing data at disaggregated level. The Dashboard was developed with the help of UNRCO India and launched on the 29th June 2019. The content and visualization of India SDG Dashboard was updated as per latest SDGs NIF Progress Report 2020 (Version 2.1) and the updated version of the Dashboard has been deployed on MoSPI Website on 29th June 2020. The Dashboard is updated on the basis of latest data published in the SDG Progress Reports. The dashboard can be accessed at the Ministry's website (www.mospi.gov.in) through the link: <http://www.sdgindia2030.mospi.gov.in/dashboard/>

Impact of COVID-19 on SDGs

The World Health Organization officially declared the outbreak of COVID-19 a public health emergency of international concern on 30th January 2020. The COVID-19 pandemic has overshadowed developmental activities across the world and global political, financial and technical resources have been mobilized world over to contain the pandemic. The UNSC has also identified 74 unique indicators that are likely to reflect the Goals highly impacted by the global pandemic (https://unstats.un.org/unsd/statcom/52ndsession/documents/BG-3a-COVID-19_and_the_global_SDG_indicators-E.pdf).

Annexes of the Report

The development of SDG indicators is a continuing process and the Ministry in consultation with other stakeholders is in the process of examining the remaining SDG targets against which, at present, the national indicators are under development. The list of such targets is at Annex - I.

The relevance of indicator to SDG targets has been the main criteria in the development of the indicators in the National Indicator Framework. Several indicators were found relevant to more than one targets and accordingly have been repeated under such targets. A list of such repeated indicators is at Annex - II.

The Global Indicator Framework on SDGs is to be complemented by indicators at the regional and national levels, which are to be developed by respective countries. The national indicators have been identified keeping the national priorities, relevancy and data availability in view. There is no strict one to one mapping between the indicators of GIF and NIF at every place. The list of national indicators which have full or partial consonance with global indicators is at Annex – III.

Executive Summary

Executive Summary

The “Sustainable Development Goals - National Indicator Framework Progress Report, 2021 (version 3.0)” highlights the progress made so far in the journey of SDGs. The Report also shows the data-based evidence of India’s progress towards achieving the SDGs and associated targets. It will also help policy makers in identifying thrust areas where interventions need to be focused. The report shows that, while significant progress has been made in some areas, challenges remain in some other areas too.

SDG 1

No Poverty

Poverty is a multidimensional phenomenon. It not only indicates the lack of income or access to resources but it also manifests in the form of hunger & malnutrition, diminished opportunities for education, social discrimination and the inability to participate in decision-making processes. Eradicating poverty in all its forms remains one of the formidable challenges before the mankind. One should not forget that the extreme deprivation is not just about wellbeing and opportunity, it is a question of survival also.

Government of India has launched a multi-pronged strategy to eradicate poverty in all its form. Due to the multidimensional nature of poverty, the Government is implementing a number of welfare schemes in the areas of nutrition, health, education, housing, drinking water, sanitation, skill development, social protection etc. The sustained economic growth has been instrumental in reducing the poverty over the years. In this context, it is pertinent to note that India has resolved to become the 5 trillion-dollar economy by 2025.

At the global level, this Goal has 7 targets to measure the progress of nation in ending poverty in all its forms everywhere. A total of 22 indicators have been identified at national level to measure and monitor the progress of these targets.

End poverty in
all its forms everywhere

SDG 2

Zero Hunger

The central theme of SDG 2 is 'Zero Hunger' which aims to end all forms of hunger and malnutrition by 2030 and making sure that all people, especially those in vulnerable situations, have sufficient nutritious food. It also aims to double agricultural productivity by 2030 and generate decent incomes, while supporting people-centered rural development and protecting the environment. The measures such as promoting sustainable agriculture, supporting small-scale farmers and creating equal access to land, technology and markets is fundamental to eradication of hunger and poverty. It also requires international cooperation to ensure investment in infrastructure and technology to improve agricultural productivity. It also emphasizes the need for all countries to work together to ensure enough investment is undertaken in related infrastructure by incorporating and adopting new technologies to improve agricultural productivity.

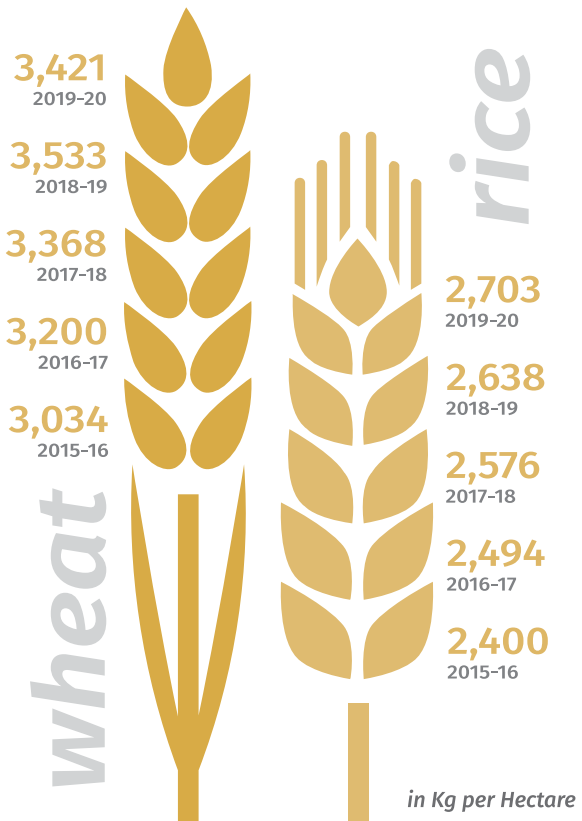

A number of initiatives have been taken by the Government to ensure food for all and has launched one of the largest food security programs in the world owing to the National Food Security Act, 2013. The stress on sustainable agriculture may be observed from the fact that one of the missions under the National Action Plan on Climate Change (NAPCC) is National Mission on Sustainable Agriculture (NMSA). The net area under the organic farming is increasing over the years. India has made a significant progress in the area of food security despite of having several challenges.

This Goal has 8 targets to measure the availability of food, improvement in nutrition and promotion of sustainable agriculture. A total of 18 indicators have been identified to measure and monitor the progress of these targets at national level.

End hunger, achieve food security and improved nutrition and promote sustainable agriculture

SDG 3

Good Health and Well-Being

The good health and well being address all major health priorities, including communicable, non-communicable and environmental diseases; reproductive, maternal and child health; universal health coverage; and access to safe, effective, quality and affordable medicines and vaccines. SDG 3 focuses on reducing child mortality, improving maternal health and tackling HIV/AIDS, tuberculosis, malaria and other diseases, impacts the overall well-being of an individual, burdens family and public resources and weakens societies. SDG 3 aims to address the various emerging health issues of the ever-changing world.

The Government Policies on health sector aim to provide universal health services at affordable prices. In this direction, the National Health Policy, the world's largest health protection programme - *Ayushman Bharat Yojana*, *Pradhan Mantri Bhartiya Janaushadhi Pariyojana* among others, have been instrumental in achieving significant progress in this area. Government interventions have led to reduction in maternal and neonatal mortality as well as under-five mortality. The pandemic of COVID-19 posed an unprecedented challenge before the health system of the country. Government health policies and infrastructure have shown remarkable resilience in exemplary handling of the pandemic. In fighting with COVID-19, the technology driven initiatives like Aarogya Setu app has been very helpful in contact tracing, syndromic mapping and self-assessment. Government focused attention on health research successfully invented India's indigenous COVID-19 vaccine.

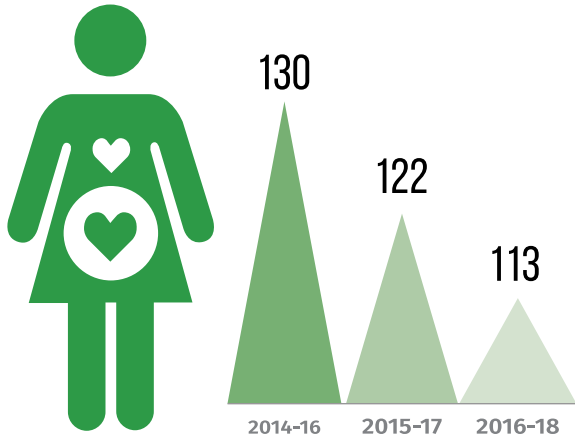

The Goal has 13 targets to measure the healthy lives and promote well-being for all. A total of 41 indicators have been identified at national level to measure and monitor the progress of these targets.

Ensure healthy lives and promote well-being for all at all ages

SDG 4

Quality Education

Affording the opportunity of quality education is basic to improve people's lives and their sustainable development. SDG 4 aims to ensure the completion of primary and secondary education by all boys and girls, and guarantee opportunities for equal access to quality technical and vocational education for everyone. It also aims to provide equal access to affordable vocational training, to eliminate gender and wealth disparities, and achieve universal access to a quality higher education.

India has made significant progress in improving school infrastructure, increasing enrollment of students and improving the level of gender parity. The Right to Education (RTE) Act makes education a fundamental right of every child between the ages of 6 and 14 years and ensures free and compulsory education. The coverage of education is constantly increasing across the country. A lot of emphasis has also been given to the Skill development and vocational education.

This goal has 10 targets to measure the inclusive and equitable quality education and promote lifelong learning opportunities. A total of 20 indicators have been identified at national level to monitor the progress of these targets.

SDG 5

Gender Equality

Ending all forms of discrimination against women and girls is not only a basic human right but also is crucial for sustainable future of societies. Providing women and girls with equal access to education, health care, decent work, and representation in political and economic decision-making processes will achieve sustainable economies and will benefit societies and humanity at large. SDG 5 aims to ensure end to all forms of discrimination against women and girls everywhere. It is vital to give women equal rights on land and property, sexual and reproductive health, and to technology and the internet. Today there are more women in public offices than ever before which will help to achieve greater gender equality.

Government has initiated several social protection and financial inclusion programs focusing on women. Such type of initiatives has ensured the increased women participation. The *Beti Bachao Beti Padhao* created awareness and improved the efficiency of welfare services intended for girls. The *Pradhan Mantri Matru Vandana Yojana* has been instrumental in providing the social protection through maternity benefits to women.

This Goal has 9 targets to monitor gender equality and ensure empowerment of women and girls. A total of 29 indicators have been identified at national level to monitor the progress of these targets.

Achieve gender equality and empower all women and girls

SDG 6

Clean Water and Sanitation

Clean water and sanitation protects people from disease and enables them to be economically more productive. Water scarcity, poor water quality and inadequate water hygiene negatively impacts food security, livelihood choices and educational opportunities of low-income families across the world. SDG 6 ensures availability and sustainable management of water and sanitation for all and reflects its increased attention in the global political arena. The 2030 Agenda recognizes that social development and economic prosperity depends on the sustainable management of freshwater resources and ecosystems.

Despite having a huge demand, with limited water resources, India has committed to provide the population safe and adequate drinking water. *Jal Jeevan Mission* has played a significant role in ensuring adequate water and sanitation. In addition, all districts in India have achieved the target of Open Defecation Free (ODF) under the *Swachh Bharat Mission*.

This Goal has 8 targets to ensure the availability and sustainable management of water and sanitation for all. A sum of 16 indicators have been identified at national level to measure and monitor the progress of these targets.

Ensure availability and sustainable management of water and sanitation for all

SDG 7

Affordable and Clean Energy

The contribution of energy is critical in fueling the engine of growth and its role can't be undermined in the development of societies. It is in the center of nearly every major challenge and opportunity of the world which are either related to starting a business or increasing food production or incomes. Sustainable energy is an opportunity that can transform lives, economies and the planet. SDG 7 aims to improve energy efficiency, increase use of renewable sources and promotion of sustainable and modern energy for all.

Pradhan Mantri Sahaj Bijli Har Ghar Yojana - Saubhagya was launched to provide electricity to all households. The scheme has ensured access to power with a special focus on renewable energy to lower the carbon emissions and reduce air pollution. *Pradhan Mantri Ujjwala Yojana* has successfully taken cooking gas to rural households to meet the energy requirements and contribute towards improvement to women's health and reduced CO₂ emission.

There are 5 targets under this Goal to ensure access to affordable, reliable, sustainable and modern energy for all. A total of 5 indicators have been identified at national level to measure and monitor the progress of these targets.

SDG 8

Decent Work and Economic Growth

SDG 8 aims to encourage sustained economic growth by achieving higher levels of productivity and through technological innovation. Promoting policies that encourage entrepreneurship and job creation are key to this Goal, as are effective measures to eradicate forced labour, slavery and human trafficking. The goal is to achieve full and productive employment, and decent work, reduce informal employment and the gender pay gap and promote safe and secure working environments for all women and men by 2030.

The Government Initiative, Startup India, aims to help Indian entrepreneur and Micro Units Development and Refinance Agency (MUDRA) ensures loans at low rates proving helpful in providing credit to MSMEs. Several structural reforms have been taken for sustainable economic growth and productive employment. The number of patents granted has been regularly increasing.

There are 12 targets under this Goal to ensure decent work for all and economic growth of the societies. A total of 33 indicators have been identified at national level to measure and monitor the progress of the goal.

Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all

SDG 9

Industry, Innovation and Infrastructure

The aim of SDG 9 is to develop quality, reliable, sustainable and resilient infrastructure, support economic development and human well-being, facilitate sustainable and resilient infrastructure development with a focus on affordable and equitable access for all and to promote inclusive and sustainable industrialization among many targets. Investment in infrastructure sectors including transport, irrigation, energy and more, is vital to ensure sustainable development of many countries.

Progression in business regulatory environment has ensured India's improved position in Ease of Doing Business rankings. The upgraded infrastructure and new initiative like Dedicated Freight Corridor, Dedicated Industrial Corridor etc. have been instrumental in the sustainable industrialization. The measures taken towards innovations led significant progress of the country in the Global Innovation index.

This Goal has 8 targets to measure its progress. A total of 16 indicators have been identified at national level to measure and monitor the progress of these targets.

SUSTAINABLE DEVELOPMENT GOALS

SDG 10

Reduced Inequalities

The inequalities in income and wealth are severe and have been widening globally. SDG 10 aims to reduce income inequality based on age, gender, disability, religion and economic or other status within the country, as well as among countries. Inequality is not only a barrier to progress but also deprives people from opportunities and ultimately leads to the conditions of extreme poverty.

Government is committed to reduce economic inequality through various policies and programs. In this direction, numerous initiatives have been taken. *Pradhan Mantri Jan Dhan Yojana, Pradhan Mantri Kisan Samman Nidhi* are some such interventions.

The Goal has 10 targets to reduce the inequality mainly by regulating and monitoring the financial markets and institutions, encouraging development assistance and foreign direct investment to regions where required. A total of 11 indicators have been identified at national level to measure and monitor the progress of these targets.

Reduce inequality within and among countries

SDG 11

Sustainable Cities and Communities

Urbanization has resulted into creation of new jobs & opportunities and reduction in poverty. The sustainable development of cities plays a vital role in development of the nations as these offer opportunities for people to prosper economically and socially. Urban spaces can overcome challenges of rapid growth by improving resource use and focusing on reducing pollution and poverty including provisions to provide access to basic services, energy, housing and simultaneously reducing emissions of greenhouse gases.

Rapid urbanization has posed several challenges on infrastructure, for example, pressure of resources like water, energy, transport etc. Atal Mission for Rejuvenation and Urban Transformation (AMRUT) is focused to establish infrastructure that could ensure adequate robust sewage networks and water supply for urban transformation. The Government launched *Pradhan Mantri Awas Yojana* (PMAY) to provide affordable housing to all. National Smart Cities Mission, the urban renewal and retrofitting program has been launched to develop smart cities across the country. The Municipal solid waste management is one of the major environmental problems of Indian cities. Government has taken several initiatives which has ensured significant progress in the waste management in Urban areas.

SDG 11 has 10 targets to make cities and human settlements inclusive, safe, resilient and sustainable. A total of 15 indicators have been identified at national level to measure and monitor the progress of targets.

Make cities and human settlements inclusive, safe, resilient and sustainable

SDG 12

Responsible Consumption and Production

SDG 12 aims to ensure Responsible consumption and production patterns. Responsible consumption and production has been defined as “the use of services and related products which respond to basic needs and bring a better quality of life, while minimising the use of natural resources and toxic materials as well as the emission of waste and pollutants over the life cycle of the service or product so as not to jeopardise the needs of future generations” (Oslo Symposium 1994). Goal 12 on Responsible consumption and production is about promoting efficient use of natural resource, energy efficiency and sustainable infrastructure. It involves engaging consumers through awareness-raising and education on sustainable consumption and reducing waste.

India is a part of international initiatives and agreements on sustainable consumption and production including the 10 Years Framework of Programmes on sustainable consumption and production (10YFP) process. Government has given special consideration on renewable energy, organic agriculture, bio fertilizers, reduced emission etc. in order to ensure responsible consumption and production.

There are 11 targets in Goal 12 to measure the responsible consumption and production patterns. A total of 15 indicators have been identified at national level to measure and monitor the progress of these targets.

Ensure sustainable consumption and production patterns

SDG 13

Climate Action

SDG 13 aims to take urgent action to combat climate change and its impacts. The world is experiencing rising sea levels, extreme weather conditions and increasing concentrations of greenhouse gases which is threatening lives of all, specially populations placed in the coastal areas. With rising greenhouse gas emissions, ambitious plans and accelerated action are needed on mitigation and adaptation of climate change impacts including access to finance and strengthened capacities. Goal 13 talks about building this resilience and adaptive capacity to climate related hazards and integration of such measures into national policies. It focuses not only on early warning but also on impact reduction. It emphasizes the role of partnerships and commitment among nations for the same.

India's National Action Plan for Climate Change (NAPCC), with 8 sub-missions is a programme to mitigate and adapt to the adverse impact of climate change. The plan aims at fulfilling India's developmental objectives with focus on reducing emission intensity of its economy. Government strives to make disaster resilient societies and these efforts by Government have considerably reduced the casualties from disastrous events over the years. India achieved its pre 2020 goal of reduction in emission intensity and implementing programs for the post 2020 goals.

There are 5 targets in Goal 13 to measure the changing impacts of climate related hazards. A total of 6 indicators have been identified at national level to measure and monitor the progress of these targets.

Take urgent action to combat climate change and its impacts

SDG 14

Life Below Water

Rivers, lakes, seas and oceans cover more than 70 per cent of the surface of earth and plays a key role in supporting life. Oceans and seas support the most diverse ecosystems, contribute and regulate the climate, provide natural resources including food, materials, substances, and energy and also act as carbon sinks. SDG 14 seeks to address some of the challenges faced by the life under water - threats of marine and nutrient pollution, resource depletion and climate change, degradation and loss of biodiversity, ocean acidification, all of which are caused primarily by human actions. The Goal advocates corrective human measures including effectively regulating harvesting and overfishing, protecting marine and coastal ecosystems, increasing scientific knowledge to improve ocean health and providing access for small-scale artisanal fishers to marine resources and markets.

Several initiatives have been undertaken to protect the marine and coastal ecosystems, mangrove and coral reefs. The maximum sustainable yield in Fishing registered growth over the year.

There are 10 targets in Goal 14 to measure the health and services of water related ecosystems. A total of 11 indicators have been identified at national level to measure and monitor the progress of these targets and data is available for 9 indicators.

Conserve and sustainably use the oceans, seas and marine resources for sustainable development

SDG 15

Life on Land

To protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss have always been at the centre of considerations while policy formulation relating to the environment. Terrestrial ecosystems including forests and wetlands provide goods such as timber, raw materials for construction and energy and food for all. Besides, a series of ecosystem services including maintenance of soil quality, provision of habitat for biodiversity, maintenance of water quality, as well as regulation of water flow and erosion control, are provided by land ecosystems.

Goal 15 highlights how these systems contribute to reducing risks of natural disasters such as floods and landslides, maintain productivity of agricultural systems while also regulating climate. It also highlights that concerted action is needed to protect, restore and promote terrestrial ecosystems.

There are 12 targets in Goal 15 to measure the changing health and status of terrestrial ecosystems. A total of 16 indicators have been identified at national level to measure and monitor the progress of these targets.

Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss

SDG 16

Peace, Justice and Strong Institutions

SDG 16 seeks to promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels. Violence and armed conflict are the most significant and destructive challenge to the development, growth, and wellbeing of societies. The global sustainable development agenda for 2030 promotes transparent and effective local governance and judicial systems, reducing crime and sexual and gender based violence, tackling homicide and trafficking cases and also end Children's rights violations. It seeks to address the challenges of violence at all levels – individual, relationship, community and societal.

The spirit of democracy, justice, liberty and equality has been deeply embedded in the Indian constitution. Acts like The Right to Information Act, *Lok Pal* and *Lok Ayukta Act*, Whistle Blowers Protection Act etc., further reinforced it. More than 90% citizens have been covered under the unique identity system Aadhar. The political participation of vulnerable groups has been ensured in the constitutional framework of the country.

There are 12 targets in Goal 16 to ensure peaceful and just societies. A total of 21 indicators have been identified at national level to measure and monitor the progress of these targets and baseline data is available for all indicators.

Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels

SDG 17

Partnerships for the Goals

The SDG 17 is critical to the achievement of all SDGs. The country is dedicated to strengthen the means of implementation and revitalizing the Global Partnership for Sustainable Development as provisioned under SDG 17. The partnership among the different stakeholders like Government, societies etc. is essential for achieving the sustainable development.

India has introduced several policy improvements and process simplification over the years. In the endeavor to achieve SDGs, measuring the progress towards SDGs is important both at national and sub-national levels. While MoSPI has developed National Indicator Framework (NIF), States/UTs are encouraged to develop State and District Indicator Framework. MoSPI has issued guidelines for developing of State Indicator Framework (SIF) and a number of State/UTs have developed SIF.

Goal 17 has 19 targets to strengthen the means of implementation and revitalize the Global Partnership. A total of 13 national indicators have been identified at national level to track the progress of the Goal and data is available for 10 indicators.

Strengthen the means of implementation and revitalize the global partnership for sustainable development

		2019-20	4.91
		2020-21	4.72
		2021-22	4.40

Goal 2: End hunger, achieve food security and improved nutrition and promote sustainable agriculture				
SL	NATIONAL INDICATOR	VALUE OF THE INDICATOR		
Target 2.1: By 2030, end hunger and ensure access by all people, in particular the poor and people in vulnerable situations, including infants, to safe, nutritious and sufficient food all year round				
1	2.1.1: Percentage of children aged under 5 years who are underweight, 2015-16 <i>Source: Ministry of Health and Family Welfare (National Family Health Survey) / Periodicity: 3 Years</i>	35.70		
2	2.1.2: Proportion of beneficiaries covered under National Food Security Act 2013 <i>Source: Ministry of Consumer Affairs, Food and Public Distribution / Periodicity: Annual</i>	Year	Value	
		2015-16	95.18	
		2016-17	99.01	
		2017-18	99.24	
		2018-19	97.62	
		2019-20	99.51	
2020-21	97.57			
Target 2.2: By 2030, end all forms of malnutrition, including achieving, by 2025, the internationally agreed targets on stunting and wasting in children under 5 years of age, and address the nutritional needs of adolescent girls, pregnant and lactating women and older persons				
1	2.2.1: Percentage of children under age 5 years who are stunted 2015-16 <i>Source: Ministry of Health and Family Welfare (National Family Health Survey) / Periodicity: 3 Years</i>	38.40		
2	2.2.2: Percentage of children under age 5 years who are wasted 2015-16 <i>Source: Ministry of Health and Family Welfare (National Family Health Survey) / Periodicity: 3 Years</i>	21.0		
3	2.2.3: Percentage of women whose Body Mass Index (BMI) is below normal, 2015-16 <i>Source: Ministry of Health and Family Welfare (National Family Health Survey) / Periodicity: 3 Years</i>	22.90		
4	2.2.4: Percentage of pregnant women age 15-49 years who are anaemic (<11.0g/dl), 2015-16 <i>Source: Ministry of Health and Family Welfare (National Family Health Survey) / Periodicity: 3 Years</i>	50.40		
5	2.2.5: Percentage of Children age 6-59 months who are anaemic (<11.0g/dl) 2015-16 <i>Source: Ministry of Health and Family Welfare (National Family Health Survey) / Periodicity: 3 Years</i>	58.50		
Target 2.3: By 2030, double the agricultural productivity and incomes of small scale food producers, in particular women, indigenous peoples, family farmers, pastoralists and fishers, including through secure and equal access to land, other productive resources and inputs, knowledge, financial services, markets and opportunities for value addition and non-farm employment				
1	2.3.1: Agriculture productivity of wheat and rice, (in kg per hectare) <i>Source: AS Division, DAC&FW, Ministry of Agriculture and Farmers' Welfare / Periodicity: Annual</i>	Year	Wheat	Rice
		2015-16	3,034	2,400
		2016-17	3,200	2,494

		2018-19	3,533	2,638
		2019-20	3,421	2,703
2	2.3.2: Gross Value Added in agriculture per worker, (in Rs.) <i>Source: National Accounts Division, NSO, MoSPI / Periodicity: Annual</i>	Year	Value	
		2015-16	61,427	
		2016-17	65,603	
		2017-18	69,936	
		2018-19	71,727	
		2019-20	74,822	
3	2.3.3: Ratio of institutional credit to agriculture to the agriculture output <i>Source: (a) Numerator: Ministry of Agriculture and Farmers' Welfare (b) Denominator: National Accounts Division, NSO, MoSPI / Periodicity: Annual</i>	Year	Value	
		2015-16	0.77	
		2016-17	0.54	
		2017-18	0.57	

Target 2.4: By 2030, ensure sustainable food production systems and implement resilient agricultural practices that increase productivity and production, that help maintain ecosystems, that strengthen capacity for adaptation to climate change, extreme weather, drought, flooding and other disasters and that progressively improve land and soil quality				
1	2.4.1: Proportion of Net Sown Area to Cultivable land <i>Source: SDDS, DAC&FW, Ministry of Agriculture and Farmers' Welfare / Periodicity: Annual</i>	Year	Value	
		2015-16	76.82	
		2016-17	76.97	
2	2.4.2: Percentage of farmers issued Soil Health Card <i>Source: INM, DAC&FW, Ministry of Agriculture and Farmers' Welfare / Periodicity: Annual</i>	Year	Value	
		2015-17	100	
		2017-19	94.21	
3	2.4.3: Percentage of net area under organic farming <i>Source: INM, DAC&FW, Ministry of Agriculture and Farmers' Welfare (MoA&FW) / Periodicity: Annual</i>	Year	Value	
		2015-16	1.07	
		2016-17	1.09	
		2017-18	1.31	
		2018-19	1.46	
		2019-20	2.75	
Target 2.5: By 2020, maintain the genetic diversity of seeds, cultivated plants and farmed and domesticated animals and their related wild species, including through soundly managed and diversified seed and plant banks at the national, regional and international levels, and promote access to fair and equitable sharing of benefits arising from the utilization of genetic resources and associated traditional knowledge, as internationally agreed				
1	2.5.1: Number of (a) plant and (b) animal genetic resources for food and agriculture secured in either medium- or long-term conservation facilities (in number) <i>Source: Ministry of Agriculture and Farmers' Welfare, DARE, (a) National Bureau of Plant Genetic Resources, (ICAR-NBPGR) and (b) National Bureau of Animal Genetic Resources, (ICAR-NBAGR) / Periodicity: Annual</i>	Year	Plant	Animal
		2015	4,32,799	6,000
		2016	4,44,607	9,912
		2017	4,49,702	24,852
		2018	4,54,941	19,421
		2019	4,59,703	20,100
		2020	4,64,597	19,305
2	2.5.3: Conservation of fish genetic resource, (in number) <i>Source: Ministry of Agriculture and Farmers' Welfare, DARE, National Bureau of Fish Genetic Resources, (ICAR-NBFGR) / Periodicity: Annual</i>	Year	Value	
		2015-16	925	
		2016-17	1549	
		2017-18	2443	
		2018-19	1725	
		2019-20	1986	
		2020-21	1604	
Target 2.a: Increase investment, including through enhanced international cooperation, in rural infrastructure, agricultural research and extension services, technology development and plant and livestock gene banks in order to enhance agricultural productive capacity in developing countries, in particular least developed countries				
1	2.a.1: The agriculture orientation index for government expenditures <i>Source: National Accounts Division, NSO, MoSPI / Periodicity: Annual</i>	Year	Value	
		2016-17	0.399	
		2017-18	0.444	
		2018-19	0.497	
2	2.a.2: Percentage share of expenditure in Intellectual Property Product (R&D) in agriculture to GVA in agriculture <i>Source: National Accounts Division, NSO, MoSPI / Periodicity: Annual</i>	Year	Value	
		2015-16	0.044	
		2016-17	0.051	
		2017-18	0.035	
		2018-19	0.037	
Target 2.b: Correct and prevent trade restrictions and distortions in world agricultural markets, including through the parallel elimination of all forms of agricultural export subsidies and all export measures with equivalent effect, in accordance with the mandate of the Doha Development Round				
	National indicator is under development			
Target 2.c: Adopt measures to ensure the proper functioning of food commodity markets and their derivatives and facilitate timely access to market information, including on food reserves, in order to help limit extreme food price volatility				
1	2.c.1: Percentage of agriculture mandis enrolled in e-market <i>Source: Agri Marketing, DAC&FW, Ministry of Agriculture and Farmers' Welfare (MoA&FW) / Periodicity: Annual</i>	Year	Value	
		2016-17	6.49	
		2017-18	3.10	

Goal 3: Ensure healthy lives and promote well-being for all at all ages			
SL	NATIONAL INDICATOR	VALUE OF THE INDICATOR	
Target 3.1: By 2030, reduce the global maternal mortality ratio to less than 70 per 1,00,000 live births			
1	3.1.1: Maternal Mortality Ratio, (per 1,00,000 live births) <i>Source: Office of the Registrar General & Census Commissioner, India, Ministry of Home Affairs / Periodicity: Annual</i>	Year	Value
		2014-16	130
		2015-17	122

3	6.6.3: Biological assessment information of surface water bodies <i>Source: Ministry of Jal Shakti / Periodicity: Annual</i>	Under compilation	
Target 6.a: By 2030, expand international cooperation and capacity-building support to developing countries in water- and sanitation-related activities and programmes, including water harvesting, desalination, water efficiency, wastewater treatment, recycling and reuse technologies			
National Indicator is under development			
Target 6.b: Support and strengthen the participation of local communities in improving water and sanitation management			
1	6.b.1: Proportion of villages with Village Water & Sanitation Committee [VWSC] <i>Source: DWS, Ministry of Jal Shakti / Periodicity: Annual</i>	Under compilation	

Goal 7: Ensure access to affordable, reliable, sustainable and modern energy for all			
SL	NATIONAL INDICATOR	VALUE OF THE INDICATOR	
Target 7.1: By 2030, ensure universal access to affordable, reliable and modern energy services			
1	7.1.1: Percentage of households electrified, 2019-20 (similar to 1.4.3) <i>Source: Ministry of Power / Periodicity: Annual</i>	99.77	
2	7.1.2: Percentage of household using clean cooking fuel <i>Source: Ministry of Petroleum and Natural Gas / Periodicity: Annual</i>	Year	Value
		2015-16	62.83
		2016-17	74.13
		2017-18	82.45
		2018-19	97.95
		2019-20	102.11
2020-21	99.97		
Target 7.2: By 2030, increase substantially the share of renewable energy in the global energy mix			
1	7.2.1: Renewable energy share in the total installed electricity generation <i>Source: Ministry of New and Renewable Energy / Periodicity: Annual</i>	Year	Value
		2015-16	13.4
		2016-17	15.5
		2017-18	17.7
		2018-19	19.2
Target 7.3: By 2030, double the global rate of improvement in energy efficiency			
1	7.3.1: Energy intensity measured in terms of primary energy and GDP, (in mega joules per rupee) <i>Source: Ministry of Coal, Ministry of Petroleum and Natural Gas and Central Electricity Authority / Periodicity: Annual</i>	Year	Value
		2015-16	0.2072
		2016-17	0.1910
		2017-18	0.1814
		2018-19	0.1719
Target 7.a: By 2030, enhance international cooperation to facilitate access to clean energy research and technology, including renewable energy, energy efficiency and advanced and cleaner fossil-fuel technology, and promote investment in energy infrastructure and clean energy technology			
National Indicator is under development			
Target 7.b: By 2030, expand infrastructure and upgrade technology for supplying modern and sustainable energy services for all in developing countries, in particular least developed countries, small island developing States and landlocked developing countries, in accordance with their respective programmes of support			
1	7.b.1: Installed renewable energy generating capacity in the country (in watts per capita) (Similar to 12.a.1) <i>Source: Ministry of New and Renewable Energy / Periodicity: Annual</i>	Year	Value
		2015	63.68
		2016	69.51
		2017	78.73
		2018	87.60
		2019	93.30

Goal 8: Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all			
SL	NATIONAL INDICATOR	VALUE OF THE INDICATOR	
Target 8.1: Sustain per capita economic growth in accordance with national circumstances and, in particular, at least 7 per cent GDP growth per annum in the least developed countries			
1	8.1.1: Annual growth rate of GDP (adjusted to price changes) per capita <i>Source: National Accounts Division, NSO, MoSPI / Periodicity: Annual</i>	Year	Value
		2015-16	6.6
		2016-17	6.9
		2017-18	5.6
		2018-19	5.5
		2019-20	3.0
Target 8.2: Achieve higher levels of economic productivity through diversification, technological upgrading and innovation, including through a focus on high-value added and labour-intensive sectors			
1	8.2.1: Annual growth rate of GDP per employed person, 2018-19 <i>Source: NAD, NSO, MoSPI / Periodicity: Annual</i>	3.35	
2	8.2.2: Total number of patents issued (granted), (similar to Indicator 8.3.2 and 9.5.3) <i>Source: Department for Promotion of Industry and Internal Trade (DPIIT), Ministry of Commerce and Industry / Periodicity: Annual</i>	Year	Value
		2015-16	6,326

		2020-21	0.20

Goal 13: Take urgent action to combat climate change and its impacts			
SL	NATIONAL INDICATOR	VALUE OF THE INDICATOR	
Target 13.1: Strengthen resilience and adaptive capacity to climate-related hazards and natural disasters in all countries			
1	13.1.1: Number of deaths, missing persons and directly affected persons attributed to disasters per 100,000 population (similar to Indicator 1.5.1 and 11.5.1) <i>Source: Disaster Management Division, Ministry of Home Affairs / Periodicity: Annual</i>	Year	Value
		2015	1,4743.14
		2016	1,3706.39
		2017	1,3381.24
2	13.1.2: Whether the country has adopted and implemented national disaster risk reduction strategies in line with the Sendai Framework for Disaster Risk Reduction 2015–2030, (similar to Indicator 1.5.3 and 11.b.1) <i>Source: Disaster Management Division, Ministry of Home Affairs / Periodicity: Annual</i>	Year	Value
		2015	0.25
		2018	0.93
3	13.1.3: Proportion of local governments that adopt and implement local disaster risk reduction strategies in line with national disaster risk reduction strategies, (similar to Indicator 1.5.4 and 11.b.2) <i>Source: Disaster Management Division, Ministry of Home Affairs / Periodicity: Annual</i>	Year	Value
		2015	0.901
		2018	0.932
Target 13.2: Integrate climate change measures into national policies, strategies and planning.			
1	13.2.1: Pre-2020 action: Achievement of pre-2020 goals as per country priority (percentage reduction in emission intensity of GDP, over 2005 level) <i>Source: Ministry of Environment Forest and Climate Change / Periodicity: 2 Years</i>	21	
2	13.2.2: Achievement of Nationally Determined Contribution (NDC) Goals in post 2020 period <i>Source: Ministry of Environment Forest and Climate Change / Periodicity: Annual</i>	Under compilation	
Target 13.3: Improve education, awareness-raising and human and institutional capacity on climate change mitigation, adaptation, impact reduction and early warning			
1	13.3.1: Extent to which (i) global citizenship education and (ii) education for sustainable development are mainstreamed in (a) national education policies; (b) curricula; (c) teacher education; and (d) student assessment (Similar to Indicators 4.7.1 and 12.8.1), 2020 <i>Source: Department of School Education and Literacy, Ministry of Education / Periodicity: Annual</i>	Area	Value
		Policy	1.00
		Curricular	0.92
		Teacher Education	0.95
		Student Assessment	1.00
Target 13.a: Implement the commitment undertaken by developed-country parties to the United Nations Framework Convention on Climate Change to a goal of mobilizing jointly USD 100 billion annually by 2020 from all sources to address the needs of developing countries in the context of meaningful mitigation actions and transparency on implementation and fully operationalize the Green Climate Fund through its capitalization as soon as possible			
	The target is not relevant in the national context		
Target 13.b: Promote mechanisms for raising capacity for effective climate change-related planning and management in least developed countries and small island developing States, including focusing on women, youth and local and marginalized communities			
	The target is not relevant in the national context		

Target 14.5: By 2020, conserve at least 10 per cent of coastal and marine areas, consistent with national and international law and based on the best available scientific information				
1	14.5.1: Coverage of protected areas in relation to marine areas <i>Source: Ministry of Environment Forest and Climate Change / Periodicity: Annual</i>	Under Compilation		
2	14.5.2: Percentage change in area under mangroves, (similar to indicator 14.2.1) <i>Source: Ministry of Environment Forest and Climate Change / Periodicity: 2 years</i>	Year	Value	
		2015 over 2013	2.43	
		2017 over 2015	3.82	
		2019 over 2017	1.10	
Target 14.6: By 2020, prohibit certain forms of fisheries subsidies which contribute to overcapacity and overfishing, eliminate subsidies that contribute to illegal, unreported and unregulated fishing and refrain from introducing new such subsidies, recognizing that appropriate and effective special and differential treatment for developing and least developed countries should be an integral part of the World Trade Organization fisheries subsidies negotiation				
National Indicator is under development				
Target 14.7: By 2030, increase the economic benefits to small island developing States and least developed countries from the sustainable use of marine resources, including through sustainable management of fisheries, aquaculture and tourism				
National Indicator is under development				
Target 14.a: Increase scientific knowledge, develop research capacity and transfer marine technology, taking into account the Intergovernmental Oceanographic Commission Criteria and Guidelines on the Transfer of Marine Technology, in order to improve ocean health and to enhance the contribution of marine biodiversity to the development of developing countries, in particular small island developing States and least developed countries				
1	14.a.1: Allocation of budget resources (Budget Estimates) for Ocean Services, Modelling, Applications, Resources and Technology (OSMART) scheme, (in Rs. crore) <i>Source: Ministry of Earth Sciences / Periodicity: Annual</i>	Year	Value	
		2019-20	445	
		2020-21	567	
Target 14.b: Provide access for small-scale artisanal fishers to marine resources and markets				
1	14.b.1: Assistance to the traditional/artisanal fishers for procurement of FRP boats and other associated fishing implements, (in Number & in Rs. lakh) <i>Source: Department of Fisheries, Ministry of Animal Husbandry, Dairying & Fisheries / Periodicity: Annual</i>	Year	Boats	Project Cost
		2016-17	259	1,098.25
		2017-18	285	1,012.5
		2018-19	560	1,930
Target 14.c: Enhance the conservation and sustainable use of oceans and their resources by implementing international law as reflected in the United Nations Convention on the Law of the Sea, which provides the legal framework for the conservation and sustainable use of oceans and their resources, as recalled in paragraph 158 of "The future we want"				
1	14.c.1: Compliance of international laws <i>Source: Ministry of Earth Sciences / Periodicity: Annual</i>	Year	Value	
		2019 to 2020	Yes	

Target 15.5: Take urgent and significant action to reduce the degradation of natural habitats, halt the loss of biodiversity and, by 2020, protect and prevent the extinction of threatened species			
1	15.5.1: Red List Index <i>Source: Ministry of Environment Forest and Climate Change / Periodicity: Annual</i>	Under compilation	
Target 15.6: Promote fair and equitable sharing of the benefits arising from the utilization of genetic resources and promote appropriate access to such resources, as internationally agreed			
1	15.6.1: Number of Access and Benefit Sharing (ABS) agreements signed <i>Source: National Biodiversity Authority, Ministry of Environment Forest and Climate Change / Periodicity: Annual</i>	Year	Value
		2015-16	92
		2016-17	182
		2017-18	316
		2018-19	290
		2019-20	327

SGD 1 Metadata: National Indicator 1.1.1	
Goal	1: End poverty in all its forms everywhere
Target	1.1: By 2030, eradicate extreme poverty for all people everywhere, currently measured as people living on less than USD 1.25 a day
Indicator	1.1.1: Poverty Gap Ratio
Data Source Ministry	NITI Aayog
Department/Division	-
Description of Indicator	The Poverty Gap Ratio (PGR) is defined as the gap by which mean consumption of the poor below poverty line falls short of the poverty line. It indicates the depth of poverty; the more the PGR, the worse is the condition of the poor. Data is collected under MDG report.
Computation	$PGR = \frac{1}{N} \sum_{i=1}^q \frac{z - y_i}{z}$ <p>Where, z = national poverty line q = total population below poverty line y_i = consumption expenditure of ith individual</p>
Unit of Measurement	Percent
Periodicity	5 Years
Level of Disaggregation	State/UT
Type of Disaggregation	Urbanization
Mapping with Global Indicator	-
References	Report is available on the website: http://niti.gov.in/

SGD 1 Metadata: National Indicator 1.2.1	
Goal	1: End poverty in all its forms everywhere
Target	1.2: By 2030, reduce at least by half the proportion of men, women and children of all ages living in poverty in all its dimensions according to national definitions
Indicator	1.2.1: Proportion of population living below the national poverty line
Data Source Ministry	NITI Aayog
Department/Division	-
Description of Indicator	The rural poverty rate is the percentage of the rural population living below the rural national poverty line. Similarly, urban poverty rate is the percentage of the urban population living below the urban national poverty line. The levels of poverty are estimated on the basis of consumer expenditure surveys conducted by the National Statistical Office (NSO), Ministry of Statistics and Programme Implementation (MoSPI), which is conducted on quinquennial basis. The poverty line is as per the recommendation of Tendulkar Committee Report. As per Tendulkar Committee methodology, the poverty line has been expressed in terms of Monthly Per Capita Expenditure (MPCE) based on Mixed Reference Peri-od. Data is collected under State Statistics.
Computation	Numerator: Total population (rural/urban) living below the national (rural/urban) poverty line Denominator: Total population (rural/urban) during the reference period Multiplier: 100
Unit of Measurement	Percent
Periodicity	5 Years
Level of Disaggregation	State/UT
Type of Disaggregation	Urbanization

SGD 1 Metadata: National Indicator 1.3.1	
Goal	1: End poverty in all its forms everywhere
Target	1.3: Implement nationally appropriate social protection systems and measures for all, including floors, and by 2030 achieve substantial coverage of the poor and the vulnerable
Indicator	1.3.1: Percentage of households with any usual member covered by a health scheme or health insurance
Data Source Ministry	Ministry of Health and Family Welfare
Department/Division	-
Description of Indicator	The indicator is defined as the ratio of number of households in a geographic location in which at least one usual member is covered by a health scheme or health insurance at a given period of time to the number of households in the geo-graphic location during same period. Data has been collected on the basis of National Health Family Survey (NFHS).
Computation	Numerator: Number of households in which at least one usual member is covered by a health scheme or health insurance during survey period Denominator: Total estimated number of households during same period Multiplier: 100
Unit of Measurement	Percent
Periodicity	3 years
Level of Disaggregation	State/UT

SGD 1 Metadata: National Indicator 1.3.2	
Goal	1: End Poverty in all its form everywhere
Target	1.3: Implement nationally extra space appropriate social protection systems and measures for all, including floors, and by 2030 achieve substantial coverage of the poor and the vulnerable
Indicator	1.3.2: Number of beneficiaries under Integrated Child Development Scheme - ICDS
Data Source Ministry	Ministry of Women and Child Development
Department/Division	-
Description of Indicator	The indicator is defined as number of registered beneficiaries under ICDS (now renamed as Anganwadi Services Scheme-ASS). The ASS is a centrally sponsored scheme which provides food, pre-school education and primary healthcare to children less than 6 years of age and their mothers.
Computation	Numerator: Number of registered beneficiaries getting benefit under Anganwadi Services Scheme scheme or health insurance during survey period Denominator: Nil Multiplier: Nil
Unit of Measurement	Number
Periodicity	Annual
Level of Disaggregation	State/UT

SGD 1 Metadata: National Indicator 1.3.3	
Goal	1: End Poverty in all its form everywhere
Target	1.3: Implement nationally appropriate social protection systems and measures for all, including floors, and by 2030 achieve substantial coverage of the poor and the vulnerable
Indicator	1.3.3: Persons provided employment as a percentage of persons who demanded employment under Mahatma Gandhi National Rural Employment Guarantee Act (MGNREGA)
Data Source Ministry	Ministry of Rural Development
Department/Division	Department of Rural Development
Description of Indicator	The indicator refers to the number of persons who were provided employment under MGNREGA in proportion to the persons who demanded employment under the scheme. The Mahatma Gandhi National Rural Employment Guarantee Act (MGNREGA) was enacted on August 25, 2005. The MGNREGA provides a legal guarantee for 100 days of employment in every financial year to adult members of any rural household willing to do public work-related unskilled manual work at the statutory minimum wage.
Computation	Numerator: Number of persons provided employment under MGNREGA during the reference year Denominator: Number of persons who enrolled under MGNREGA during the reference year Multiplier: 100
Unit of Measurement	Percent
Periodicity	Annual

Goal	1: End Poverty in all its form everywhere
Target	1.3: Implement nationally appropriate social protection systems and measures for all, including floors, and by 2030 achieve substantial coverage of the poor and the vulnerable
Indicator	1.3.5: Proportion of the population (out of total eligible population) receiving social protection benefits under Pradhan Mantri Matritva Vandana Yojana (PMMVY)
Data Source Ministry	Ministry of Women and Child Development
Department/Division	
Description of Indicator	The indicator refers to number of beneficiaries getting benefit under Pradhan Mantri Matritva Vandana Yojana (PMMVY) expressed as percentage of total beneficiaries enrolled. The Maternity Benefit Programme 'Pradhan Mantri Matritva Vandana Yojana' (PMMVY) is implemented in all the districts of the country since 1.01.2017. Under PMMVY, a cash incentive of Rs. 5000/- is provided directly to the Bank / Post Office Account of Pregnant Women and Lactating Mothers (PW&LM) for first living child of the family subject to fulfilling specific conditions relating to Mater-nal and Child Health.
Computation	Numerator: Total number of beneficiaries paid under PMMVY during the reference year Denominator: Total number of beneficiaries enrolled under PMMVY during the reference year Multiplier: 100
Unit of Measurement	Percent
Periodicity	Annual

SGD 1 Metadata: National Indicator 1.4.1	
Goal	1: End Poverty in all its form everywhere
Target	1.4: By 2030, ensure that all men and women, in particular the poor and the vulnerable, have equal rights to economic resources, as well as access to basic services, ownership and control over land and other forms of property, inheritance, natural resources, appropriate new technology and financial services, including microfinance
Indicator	1.4.1: Percentage of Population getting safe and adequate drinking water within premises through Pipe Water Supply (PWS) (similar to 6.1.1)
Data Source Ministry	Rural: Ministry of Jal Shakti
Department/Division	Rural: Department of Drinking Water and Sanitation
Description of Indicator	Rural: The indicator is percentage of fully covered rural population having access to safe and adequate drinking water [at least 40 lpcd] within their premises through pipe water supply.
Computation	Rural: Numerator: Fully Covered Rural Population having pipe water supply as on 31st March of reference year Denominator: Mid-year total rural population of the reference year Multiplier: 100
Unit of Measurement	Percent
Periodicity	Annual for Rural
Level of Disaggregation	State/UT
Type of Disaggregation	-
Mapping with Global Indicator	Partial Match with GIF 1.4.1

SGD 1 Metadata: National Indicator 1.4.3	
Goal	1: End Poverty in all its form everywhere
Target	1.4: By 2030, ensure that all men and women, in particular the poor and the vulnerable, have equal rights to economic resources, as well as access to basic services, ownership and control over land and other forms of property, inheritance, natural resources, appropriate new technology and financial services, including microfinance
Indicator	1.4.3: Percentage of households electrified (similar to 7.1.1)
Data Source Ministry	Ministry of Power
Department/Division	Central Electricity Authority
Description of Indicator	The indicator refers to number of households that have been electrified under the 'Saubhagya' scheme under CEA as a percentage of total number of eligible households.
Computation	Numerator: Number of households electrified as per 'Saubhagya' scheme Denominator: Number of eligible households Multiplier: 100
Unit of Measurement	Percent
Periodicity	Annual
Level of Disaggregation	State/UT
Type of Disaggregation	-

SGD 1 Metadata: National Indicator 1.4.4	
Goal	1: End Poverty in all its form everywhere
Target	1.4: By 2030, ensure that all men and women, in particular the poor and the vulnerable, have equal rights to economic resources, as well as access to basic services, ownership and control over land and other forms of property, inheritance, natural resources, appropriate new technology and financial services, including microfinance
Indicator	1.4.4: Proportion of homeless population to total population
Data Source Ministry	Ministry of Home Affairs
Department/Division	Office of the Registrar General & Census Commissioner, India
Description of Indicator	Houseless Households: Households who do not live in buildings or census houses but live in the open on roadside, pavements, in Hume pipes, under flyovers and staircases, or in the open in places of worship, mandaps, railway platforms, etc. are treated as Houseless households.
Computation	Numerator: Total houseless population Denominator: Total population Multiplier: 100
Unit of Measurement	Percent
Periodicity	10 years
Level of Disaggregation	State/UT
Type of Disaggregation	Urbanization
Mapping with Global Indicator	-

SGD 1 Metadata: National Indicator 1.4.5	
Goal	1: End Poverty in all its form everywhere
Target	1.4: By 2030, ensure that all men and women, in particular the poor and the vulnerable, have equal rights to economic resources, as well as access to basic services, ownership and control over land and other forms of property, inheritance, natural resources, appropriate new technology and financial services, including microfinance
Indicator	1.4.5: Number of accounts (include deposit and credit accounts) of scheduled commercial banks per 1,000 population (similar to Indicator 8.10.2)
Data Source Ministry	Numerator: Reserve Bank of India Denominator: Ministry of Home Affairs
Department/Division	Numerator: Reserve Bank of India Denominator: Office of the Registrar General, India
Description of Indicator	The number of accounts (which include deposit and credit accounts) of scheduled commercial banks as on 31st March of the reference financial year is available with RBI.
Computation	Numerator: Number of accounts (include deposit and credit accounts) of scheduled commercial banks during the reference period Denominator: Projected mid-year population during the reference period Multiplier: 1,000
Unit of Measurement	Per 1,000 population
Periodicity	Annual
Level of Disaggregation	State/UT

SGD 1 Metadata: National Indicator 1.4.6	
Goal	1: End Poverty in all its form everywhere
Target	1.4: By 2030, ensure that all men and women, in particular the poor and the vulnerable, have equal rights to economic resources, as well as access to basic services, ownership and control over land and other forms of property, inheritance, natural resources, appropriate new technology and financial services, including microfinance
Indicator	1.4.6: Number of telephone subscriptions as percentage of total population
Data Source Ministry	Ministry of Communications
Department/Division	Department of Telecommunications
Description of Indicator	Indicator is defined as number of telephone subscriptions (both wireless and wire-line) as a percentage of total population.
Computation	Numerator: Number of telephone subscriptions (both wireless and wire-line) during the reference year Denominator: Projected mid-year population during reference year Multiplier: 100
Unit of Measurement	Percent
Periodicity	Annual
Level of Disaggregation	Service Area

SGD 1 Metadata: National Indicator 1.4.7	
Goal	1: End Poverty in all its form everywhere
Target	1.4: By 2030, ensure that all men and women, in particular the poor and the vulnerable, have equal rights to economic resources, as well as access to basic services, ownership and control over land and other forms of property, inheritance, natural resources, appropriate new technology and financial services, including microfinance
Indicator	1.4.7: Proportion of households having access to toilet facility (Urban and Rural) (similar to 6.2.1)
Data Source Ministry	Rural: Ministry of Jal Shakti
Department/Division	Rural: Department of Drinking Water and Sanitation
Description of Indicator	Rural: The indicator is defined as the percentage of households with toilet facility. Data for rural area is available, as supplied by Department of Drinking Water and Sanitation.
Computation	Rural: Numerator: Number of households with toilets as per Baseline survey 2012-13 + Toilets reported to be constructed by State/UTs from 2013-14 to reference year Denominator: Total households as per Baseline survey 2012-13 Multiplier: 100
Unit of Measurement	Percent
Periodicity	Rural: Annual
Level of Disaggregation	State/UT
Type of Disaggregation	Urbanization

SGD 1 Metadata: National Indicator 1.5.1	
Goal	1: End poverty in all its forms everywhere
Target	1.5: By 2030, build the resilience of the poor and those in vulnerable situations and reduce their exposure and vulnerability to climate-related extreme events and other economic, social and environmental shocks and disasters
Indicator	1.5.1: Number of deaths, missing persons and directly affected persons attributed to disasters per 100,000 population (similar to 11.5.1 and 13.1.1)
Data Source Ministry	Ministry of Home Affairs
Department/Division	Disaster Management Division (DMD)
Description of Indicator	This indicator measures the number of people who died, went missing or were directly affected by disasters per 100,000 population.
Computation	Numerator: A2+A3+B1 Denominator: Population Multiplier: 100,000 Where, A2: Number of deaths attributed to disasters; A3: Number of missing persons attributed to disasters; and B1: Number of directly affected people attributed to disasters
Unit of Measurement	Number
Periodicity	Annual

SGD 1 Metadata: National Indicator 1.5.3	
Goal	1: End poverty in all its forms everywhere
Target	1.5: By 2030, build the resilience of the poor and those in vulnerable situations and reduce their exposure and vulnerability to climate-related extreme events and other economic, social and environmental shocks and disasters
Indicator	1.5.3: Whether the country has adopted and implemented national disaster risk reduction strategies in line with the Sendai Framework for Disaster Risk Reduction 2015-2030, (similar to Indicator 11.b.1 and 13.1.2)
Data Source Ministry	Ministry of Home Affairs
Department/Division	Disaster Management Division (DMD)
Description of Indicator	National and local disaster risk reduction strategies should be based on, and aligned with, the guiding principles, scope, outcomes, and strategic priorities of the Sendai Framework, and in particular Paragraph 27 (b) which identifies that strategies should be adopted and implemented.

SGD 1 Metadata: National Indicator 1.a.2	
Goal	1: End Poverty in all its form everywhere
Target	1.a: Ensure significant mobilization of resources from a variety of sources, including through enhanced development cooperation, in order to provide adequate and predictable means for developing countries, in particular least developed countries, to implement programmes and policies to end poverty in all its dimensions
Indicator	1.a.2: Proportion of total government spending on essential services (education, health and social protection)
Data Source Ministry	Ministry of Statistics and Programme Implementation
Department/Division	National Accounts Division
Description of Indicator	The indicator is defined as percentage of government spending on essentials services, which include current expenditure, capital expenditure, loan & advances and net investment in stock out of total government expenditures during reference year.
Computation	Numerator: Government expenditures on essential services during reference year Denominator: Government total expenditures during reference year Multiplier: 100
Unit of Measurement	Percent
Periodicity	Annual

SDG 2 Metadata: National Indicator 2.1.1	
Goal	2: End hunger, achieve food security and improved nutrition and promote sustainable agriculture
Target	2.1: By 2030, end hunger and ensure access by all people, in particular the poor and people in vulnerable situations, including infants, to safe, nutritious and sufficient food all year round
Indicator	2.1.1: Percentage of children aged under 5 years who are underweight
Data Source Ministry	Ministry of Health and Family Welfare
Department/Division	-
Description of Indicator	This indicator is defined as the percentage of children under 5 years of age (i.e. 0 - 59 months) whose weight-for-age is below minus 2 times standard deviations of the WHO Child Growth Standards median.
Computation	Numerator: Children aged 0-59 months who are underweight Denominator: Number of children in age group 0-59months Multiplier: 100
Unit of measurement	Percent
Periodicity	3 years
Level of Disaggregation	State/UT

SDG 2 Metadata: National Indicator 2.2.1	
Goal	2: End hunger, achieve food security and improved nutrition and promote sustainable agriculture
Target	2.2: By 2030, end all forms of malnutrition, including achieving, by 2025, the internationally agreed targets on stunting and wasting in children under 5 years of age, and address the nutritional needs of adolescent girls, pregnant and lactating women and older persons
Indicator	2.2.1: Percentage of children under age 5 years who are stunted
Data Source Ministry	Ministry of Health and Family Welfare
Department/Division	
Description of Indicator	This indicator is defined as percentage of children aged 0-59 months who are stunted (short for age i.e. children whose height-for-age is below minus 2 times standard deviation from the WHO Child Growth Standards median).The indicator was computed using NFHS-4 data by the International Institute for Population Sciences (IIPS).
Computation	Numerator: Stunted children aged 0-59months Denominator: Total number of children age 0-59 months whose height is measured Multiplier: 100
Unit of measurement	Percent
Periodicity	3 years
Level of Disaggregation	State/UT
Type of Disaggregation	-

SDG 2 Metadata: National Indicator 2.2.3	
Goal	2: End hunger, achieve food security and improved nutrition and promote sustainable agriculture
Target	2.2: By 2030, end all forms of malnutrition, including achieving, by 2025, the internationally agreed targets on stunting and wasting in children under 5 years of age, and address the nutritional needs of adolescent girls, pregnant and lactating women and older persons
Indicator	2.2.3: Percentage of women whose Body Mass Index (BMI) is below normal, 2015-16
Data Source Ministry	Ministry of Health and Family Welfare
Department/Division	
Description of Indicator	The Body Mass Index (BMI) is defined as the body mass divided by the square of the body height and is universally expressed in units of kg/sq. meter. The indicator was computed using NFHS-4 data by the International Institute for Population Sciences (IIPS).
Computation	Numerator: Number of women age 15-49 years with BMI <18.5kg/sq. meter Denominator: Total number of women age 15-49 years whose height and weight are measured Multiplier: 100
Unit of measurement	Percent
Periodicity	3 years

SDG 2: Metadata: National Indicator 2.2.4	
Goal	2: End hunger, achieve food security and improved nutrition and promote sustainable agriculture
Target	2.2: By 2030, end all forms of malnutrition, including achieving, by 2025, the internationally agreed targets on stunting and wasting in children under 5 years of age, and address the nutritional needs of adolescent girls, pregnant and lactating women and older persons
Indicator	2.2.4: Percentage of pregnant women age 15-49 years who are anaemic (Hb<11.0 g/dl), 2015-16
Data Source Ministry	Ministry of Health and Family Welfare
Department/Division	
Description of Indicator	This indicator is defined as percentage of pregnant women age 15-49 years who are anaemic (Hb<11.0 g/dl). The indicator was computed using NFHS-4 data by the International Institute for Population Sciences (IIPS). Note: g/dl refer as gram per deciliter
Computation	Numerator: Number of pregnant women aged 15-49 years who are anaemic Denominator: Number of pregnant women aged 15-49 years whose Hb level is measured Multiplier: 100
Unit of measurement	Percent
Periodicity	3 years
Level of Disaggregation	State/UT

SDG 2: Metadata: National Indicator 2.4.2	
Goal	2: End hunger, achieve food security and improved nutrition and promote sustainable agriculture
Target	2.4: By 2030, ensure sustainable food production systems and implement resilient agricultural practices that increase productivity and production, that help maintain ecosystems, that strengthen capacity for adaptation to climate change, extreme weather, drought, flooding and other disasters and that progressively improve land and soil quality
Indicator	2.4.2: Percentage of farmers issued Soil Health Card
Data Source Ministry	Ministry of Agriculture and Farmers' Welfare
Department/Division	INM, DAC&FW
Description of Indicator	The indicator is percentage of farmers issued with soil health cards during the reference year. Soil Health Card is field specific detailed report of soil fertility and other important soil parameters that affect crop productivity. Besides soil health, it also provides an advisory on soil test based use of fertilizers and amendments.
Computation	Numerator: Number of Soil Health Cards issued to farmers during the year Denominator: Number of target farmers to be issued Soil Health Card during the year Multiplier: 100
Unit of measurement	Percent
Periodicity	Annual

SDG 2: Metadata: National Indicator 2.5.1	
Goal	2. End hunger, achieve food security and improved nutrition and promote sustainable agriculture
Target	2.5 By 2020, maintain the genetic diversity of seeds, cultivated plants and farmed and domesticated animals and their related wild species, including through soundly managed and diversified seed and plant banks at the national, regional and international levels, and promote access to and fair and equitable sharing of benefits arising from the utilization of genetic resources and associated traditional knowledge, as internationally agreed
Indicator	2.5.1: Number of (a) plant and (b) animal genetic resources for food and agriculture secured in either medium- or long-term conservation facilities
Data Source Ministry	Ministry of Agriculture and Farmers' Welfare
Department/Division	Indian Council of Agricultural Research
Description of Indicator	The conservation of plant and animal genetic resources for food and agriculture (GRFA) in medium or long term conservation facilities (ex situ, in gene banks) represents the most trusted means of conserving genetic resources worldwide. Plant and animal GRFA conserved in these facilities can be easily used in breeding programmes as well, even directly on-farm. The two components of the indicator, plant and animal GRFA, are separately counted.
Computation	Plant component: Number of accessions conserved in the base collection (18°C) at National Gene bank (Seeds) + Number of Accessions Conserved In Vitro Gene bank (Tissue Cultures) + Number of accessions at Cryogen bank (-196°C) Animal component: Cryopreservation of semen at National Gene Bank + Cryopreservation of somatic cell at National Gene Bank
Unit of measurement	Number

SDG 2: Metadata: National Indicator 2.a.1	
Goal	2: End hunger, achieve food security and improved nutrition and promote sustainable agriculture
Target	2.a: Increase investment, including through enhanced international cooperation, in rural infrastructure, agricultural research and extension services, technology development and plant and livestock gene banks in order to enhance agricultural productive capacity in developing countries, in particular least developed countries
Indicator	2.a.1: The agriculture orientation index for government expenditures
Data Source Ministry	Ministry of Statistics & Programme Implementation
Department/Division	National Accounts Division
Description of Indicator	The Agriculture Orientation Index (AOI) for Government Expenditures is defined as the Agriculture share of Government Expenditure, divided by the Agriculture value added share of GDP. Data is collected under Publication National Accounts Statistics. Statement 1.6: Gross Value Added by economic activity at current and constant prices Statement 1.6A: Percentage Share of agriculture GVA at current and constant prices Statement 4.2: Expenditure of General Government classified by function, COFOG
Computation	Numerator: Agriculture Share of Government Expenditures Denominator: Agriculture Value Added Share of GDP Multiplier: Nil Where, Agriculture Share of Government Expenditures = Central Government Expenditure on Agriculture / Total Central Government Expenditure * 100 Agriculture refers to COFOG category 042 (agriculture, forestry, fishing and hunting); and Agriculture Value Added Share of GDP = Agriculture Value Added / GDP * 100

Mapping with Global Indicator	Exact match with GIF 2.a.1
References	National Accounts Statistics is available on the website http://www.mospi.gov.in

SDG 2 Metadata: National Indicator 2.a.2	
Goal	2: End hunger, achieve food security and improved nutrition and promote sustainable agriculture
Target	2.a: Increase investment, including through enhanced international cooperation, in rural infrastructure, agricultural research and extension services, technology development and plant and livestock gene banks in order to enhance agricultural productive capacity in developing countries, in particular least developed countries
Indicator	2.a.2: Percentage share of expenditure in Intellectual Property Product (R&D) in agriculture to GVA in agriculture
Data Source Ministry	Ministry of Statistics and Programme Implementation
Department/Division	National Accounts Division
Description of Indicator	The indicator measures extent of expenditure in intellectual property products which is related to research and development in agriculture sector.
Computation	Numerator: Total Expenditure on IPP in Agriculture, Forestry and Fishing during reference year Denominator: Gross Value Added in agriculture, Forestry and Fishing during reference year Multiplier: 100
Unit of measurement	Percent
Periodicity	Annual
Level of Disaggregation	-

SDG 2: Metadata: National Indicator 2.c.1	
Goal	2: End hunger, achieve food security and improved nutrition and promote sustainable agriculture
Target	2.c: Adopt measures to ensure the proper functioning of food commodity markets and their derivatives and facilitate timely access to market information, including on food reserves, in order to help limit extreme food price volatility
Indicator	2.c.1: Percentage of Agriculture Mandis enrolled in e-market
Data Source Ministry	Ministry of Agriculture and Farmers' Welfare
Department/Division	Agri Marketing, DAC&FW
Description of Indicator	e-NAM: Electronic National Agriculture Market is an online trading platform for agriculture commodities.
Computation	Numerator: Total number of e-NAM Mandis Denominator: Total number of Mandis Multiplier: 100
Unit of measurement	Percent
Periodicity	Annual
Level of Disaggregation	State/UT
Type of Disaggregation	-
Mapping with Global Indicator	-
References	NA

SDG 3 Metadata: National Indicator 3.1.1	
Goal	3: Ensure healthy lives and promote well-being for all at all ages
Target	3.1: By 2030, reduce the global maternal mortality ratio to less than 70 per 1,00,000 live births
Indicator	3.1.1: Maternal Mortality Ratio (MMR), (per 1,00,000 live births)
Data Source Ministry	Ministry of Home Affairs
Department/Division	Office of the Registrar General, India
Description of Indicator	Maternal Mortality Ratio (MMR) is derived as the proportion of maternal deaths per 1,00,000 live births reported under the Sample Registration System (SRS).
Computation	Numerator: Maternal death during three reference year Denominator: Live births under SRS during three reference year Multiplier: 1,00,000
Unit of measurement	Per 1,00,000 live births
Periodicity	Annual
Level of Disaggregation	State/UT
Type of Disaggregation	-
Mapping with Global Indicator	Exact match with GIF 3.1.1
References	Data is available on the website http://www.censusindia.gov.in

SDG 3 Metadata: National Indicator 3.1.2	
Goal	3: Ensure healthy lives and promote well-being for all at all ages
Target	3.1: By 2030, reduce the global maternal mortality ratio to less than 70 per 1,00,000 live births
Indicator	3.1.2: Percentage of births attended by skilled health personnel (period 5 years)
Data Source Ministry	Ministry of Health and Family Welfare
Department/Division	
Description of Indicator	Percentage of women aged 15-49 years with a live birth attended by skilled health personnel in delivery during last five years. The indicator was computed using NFHS-4 data by the International Institute for Population Sciences (IIPS).
Computation	Numerator: Women aged 15-49 years with a live birth attended by skilled health personnel in delivery during last five years Denominator: Women aged 15-49 years with a live birth during the same period Multiplier: 100
Unit of measurement	Percent
Periodicity	3 years
Level of Disaggregation	State/UT
Type of Disaggregation	-
Mapping with Global Indicator	Exact match with GIF 3.1.2

SDG 3 Metadata: National Indicator 3.1.4	
Goal	3: Ensure healthy lives and promote well-being for all at all ages
Target	3.1: By 2030, reduce the global maternal mortality ratio to less than 70 per 1,00,000 live births
Indicator	3.1.4: Percentage of women aged 15-49 years with a live birth, for last birth, who received antenatal care, four times or more(period for 5 years / 1 year)
Data Source Ministry	Ministry of Health and Family Welfare
Department/Division	
Description of Indicator	It gives the percentage of women aged 15-49 years with a live birth in a last five years who received antenatal care four or more times for their most recent livebirth. The indicator was computed using NFHS-4 data by the International Institute for Population Sciences (IIPS).
Computation	Numerator: Women aged 15-49 years with a live birth in a last five years who received antenatal care four or more times for their most recent livebirth Denominator: Women aged 15-49 years with a live birth in the same period Multiplier: 100
Unit of measurement	Percent
Periodicity	3 years

SDG 3 Metadata: National Indicator 3.2.1	
Goal	3: Ensure healthy lives and promote well-being for all at all ages
Target	3.2: By 2030, end preventable deaths of newborns and children under 5 years of age, with all countries aiming to reduce neonatal mortality to at least as low as 12 per 1,000 live births and under-5 mortality to at least as low as 25 per 1,000 live births.
Indicator	3.2.1: Under-five Mortality Rate
Data Source Ministry	Ministry of Home Affairs
Department/Division	Office of the Registrar General, India
Description of Indicator	Under-5 Mortality rate which is the probability that a child born in a specific year or time period will die before reaching the age of 5, subject to current age specific mortality rates. It is expressed as a rate per 1,000 live births. Data is collected under SRS Report.
Computation	Numerator: Estimated Infant deaths (< 1 year) and deaths among children of age (1-4 years) during the given year Denominator: Estimated Live births (< 1 year) and population in the age group (1-4 years) during the given year Multiplier: 1,000
Unit of measurement	Per 1,000 live births
Periodicity	Annual
Level of Disaggregation	State/UT
Type of Disaggregation	Urbanization; Sex
Mapping with Global Indicator	Exact match with GIF 3.2.1
References	SRS Report is available on the website http://www.censusindia.gov.in

SDG 3 Metadata: National Indicator 3.2.2	
Goal	3: Ensure healthy lives and promote well-being for all at all ages
Target	3.2: By 2030, end preventable deaths of newborns and children under 5 years of age, with all countries aiming to reduce neonatal mortality to at least as low as 12 per 1,000 live births and under-5 mortality to at least as low as 25 per 1,000 live births.
Indicator	3.2.2: Neonatal Mortality Rate
Data Source Ministry	Ministry of Home Affairs
Department/Division	Office of the Registrar General, India
Description of Indicator	Neonatal Mortality Rate is defined as the number of infant deaths of age less than 29 days (neonatal deaths) per 1,000 live births in a given year. Data is collected under Sample Registration System (SRS).
Computation	Numerator: Infant deaths of age less than 29 days (neonatal deaths) during given year Denominator: Live births during given year Multiplier: 1,000
Unit of measurement	Per 1,000 live births
Periodicity	Annual
Level of Disaggregation	State/UT
Type of Disaggregation	Urbanization
Mapping with Global Indicator	Exact match with GIF 3.2.2
References	SRS Report is available on the website http://www.censusindia.gov.in

SDG 3 Metadata: National Indicator 3.3.1	
Goal	3: Ensure healthy lives and promote well-being for all at all ages
Target	3.3: By 2030, end the epidemics of AIDS, tuberculosis, malaria and neglected tropical diseases and combat hepatitis, waterborne diseases and other communicable diseases
Indicator	3.3.1: Number of new HIV infections per 1,000 uninfected population
Data Source Ministry	Ministry of Health and Family Welfare
Department/Division	National AIDS Control Organization
Description of Indicator	It gives the number of new HIV infections in a given reference period per 1,000 uninfected population.
Computation	Numerator: New HIV infections in reference period Denominator: Uninfected population in reference period Multiplier: 1,000
Unit of measurement	Per 1,000 uninfected population
Periodicity	2 years
Level of Disaggregation	State/UT
Type of Disaggregation	Sex
Mapping with Global Indicator	Exact match with GIF 3.3.1
References	Data available on the website http://naco.gov.in

SDG 3 Metadata: National Indicator 3.3.2	
Goal	3: Ensure healthy lives and promote well-being for all at all ages
Target	3.3: By 2030, end the epidemics of AIDS, tuberculosis, malaria and neglected tropical diseases and combat hepatitis, waterborne diseases and other communicable diseases
Indicator	3.3.2: Tuberculosis incidence per 1,00,000 population
Data Source Ministry	Ministry of Health and Family Welfare
Department/Division	RNTCP Division
Description of Indicator	Estimated number of new and relapse TB cases arising in a given year, expressed as a rate per 1,00,000 population.
Computation	Numerator: New TB patients in a population during certain time period Denominator: Persons in population during certain time period Multiplier: 1,00,000
Unit of measurement	Per 1,00,000 population
Periodicity	Annual
Level of Disaggregation	-
Type of Disaggregation	-
Mapping with Global Indicator	Exact match with GIF 3.3.2

SDG 3 Metadata: National Indicator 3.3.3	
Goal	3: Ensure healthy lives and promote well-being for all at all ages
Target	3.3: By 2030, end the epidemics of AIDS, tuberculosis, malaria and neglected tropical diseases and combat hepatitis, waterborne diseases and other communicable diseases
Indicator	3.3.3: Malaria incidence per 1,000 population
Data Source Ministry	Ministry of Health and Family Welfare
Department/Division	NVBDCP Division, Directorate of National Vector Borne Disease Control Programme (DGHS)
Description of Indicator	Number of confirmed malaria cases in the given reference period per 1,000 population
Computation	Numerator: Number of confirmed malaria cases Denominator: Mid-year population Multiplier: 1,000
Unit of measurement	Per 1,000 population
Periodicity	Annual
Level of Disaggregation	-
Type of Disaggregation	-
Mapping with Global Indicator	Exact match with GIF 3.3.3

SDG 3 Metadata: National Indicator 3.3.5	
Goal	3: Ensure healthy lives and promote well-being for all at all ages
Target	3.3: By 2030, end the epidemics of AIDS, tuberculosis, malaria and neglected tropical diseases and combat hepatitis, waterborne diseases and other communicable diseases
Indicator	3.3.5: Dengue: Case Fatality Ratio (CFR)
Data Source Ministry	Ministry of Health and Family Welfare
Department/Division	NVBDCP Division, Directorate of National Vector Borne Disease Control Programme (DGHS)
Description of Indicator	Dengue Case Fatality Rate (CFR) refers to number of deaths due to dengue per 100 dengue cases reported.
Computation	Numerator: Number of deaths due to dengue reported during reference Denominator: Number of total Dengue cases reported during reference year Multiplier: 100
Unit of measurement	Percent
Periodicity	Annual

SDG 3 Metadata: National Indicator 3.3.6	
Goal	3: Ensure healthy lives and promote well-being for all at all ages
Target	3.3: By 2030, end the epidemics of AIDS, tuberculosis, malaria and neglected tropical diseases and combat hepatitis, waterborne diseases and other communicable diseases
Indicator	3.3.6: The proportion of grade-2 cases amongst new cases of Leprosy, (in Rate per million population)
Data Source Ministry	Ministry of Health and Family Welfare
Department/Division	
Description of Indicator	Number of New Cases with Grade II disability cases due to leprosy reported per 10,00,000 population during the reference year. There are two types of leprosy. The first category is paucibacillary, in which five or fewer lesions with no bacteria are detected in the skin sample. The second category (Grade II) is multibacillary, in which there are more than five lesions, bacteria is detected in the skin smear, or both. Data is collected under Annual Report.
Computation	Numerator: Grade 2 case of leprosy during reference year Denominator: New case of leprosy reported during reference year Multiplier: 10,00,000
Unit of measurement	Per million population
Periodicity	Annual
Level of Disaggregation	State/UT
Type of Disaggregation	-
Mapping with Global Indicator	-
References	Annual Report is available on the website www.nlep.nic.in

SDG 3 Metadata: National Indicator 3.3.7	
Goal	3: Ensure healthy lives and promote well-being for all at all ages
Target	3.3: By 2030, end the epidemics of AIDS, tuberculosis, malaria and neglected tropical diseases and combat hepatitis, waterborne diseases and other communicable diseases
Indicator	3.3.7: Number of blocks reporting < 1 Kala Azar case per 10,000 population out of the total endemic blocks
Data Source Ministry	Ministry of Health and Family Welfare
Department/Division	NVBDCP Division/Directorate of National Vector Borne Disease Control Programme (DGHS)
Description of Indicator	Number of blocks reporting < 1 Kala Azar case in a given year out of the total endemic blocks. It is expressed as a percentage per 10,000 population.
Computation	Numerator: Number of blocks reporting < 1 Kala Azar case out of the total endemic blocks during reference year Denominator: Total endemic blocks Multiplier: 10,000
Unit of measurement	Per 10,000 population
Periodicity	Annual

SDG 3 Metadata: National Indicator 3.3.8	
Goal	3: Ensure healthy lives and promote well-being for all at all ages
Target	3.3: By 2030, end the epidemics of AIDS, tuberculosis, malaria and neglected tropical diseases and combat hepatitis, waterborne diseases and other communicable diseases
Indicator	3.3.8: Number of districts reporting < 1% Microfilaria rate (MF) out of total endemic districts
Data Source Ministry	Ministry of Health and Family Welfare
Department/Division	NVBDCP Division
Description of Indicator	Lymphatic Filariasis is a neglected tropical disease that occurs when filarial parasites are transmitted to humans through mosquitoes. Infection is usually acquired in childhood causing hidden damage to the lymphatic system which can lead to the abnormal enlargement of body parts. The disease is a major public health problem in India.
Computation	Numerator: Number of districts reporting < 1% Microfilaria rate (MF) out of total endemic districts during reference year Denominator: Total endemic districts Multiplier: 100
Unit of measurement	Percent
Periodicity	Annual

SDG 3 Metadata: National Indicator 3.4.2	
Goal	3: Ensure healthy lives and promote well-being for all at all ages
Target	3.4: By 2030, reduce by one third premature mortality from non-communicable diseases through prevention and treatment and promote mental health and well-being
Indicator	3.4.2: Suicide mortality rate (per 1,00,000 population)
Data Source Ministry	Numerator: Ministry of Home Affairs Denominator: Ministry of Home Affairs
Department/Division	Numerator: National Crime Record Bureau Denominator: 2015-16 - Office of Registrar General, India & 2017-19 - Ministry of Health & Family Welfare
Description of Indicator	Suicides reported during reference year per 1,00,000 population. Data is collected under the Publication 'Accidental Deaths and Suicides in India'.
Computation	Numerator: Suicides reported during reference year Denominator: Mid-Year Population of reference year Multiplier: 1,00,000
Unit of measurement	Per 1,00,000 population
Periodicity	Annual
Level of Disaggregation	State/UT
Type of Disaggregation	-
Mapping with Global Indicator	Exact match with GIF 3.4.2

SDG 3 Metadata: National Indicator 3.5.1	
Goal	3: Ensure healthy lives and promote well-being for all at all ages
Target	3.5: Strengthen the prevention and treatment of substance abuse, including narcotic drug abuse and harmful use of alcohol
Indicator	3.5.1: Percentage of population (men (15-49 years) and women (15 - 49 years)) who drink alcohol about once a week out of total population (men (15-49 years) and women (15 - 49 years)) who drink alcohol
Data Source Ministry	Ministry of Health and Family Welfare
Department/Division	
Description of Indicator	The indicator is defined as percentage of persons (men (aged 15-49 years) and women (aged 15-49 years)) who consume alcohol about once a week to the total population (men (aged 15-49 years) and women (aged 15-49 years)) who drink alcohol. The indicator was computed using NFHS-4 data by the International Institute for Population Sciences (IIPS).
Computation	Numerator: Number of persons (men (aged 15-49 years) and women (aged 15-49 years)) who consume alcohol about once a week Denominator: Total population (men (aged 15-49 years) and women (aged 15-49 years)) who drink alcohol Multiplier: 100
Unit of measurement	Percent

SDG 3 Metadata: National Indicator 3.6.1	
Goal	3: Ensure healthy lives and promote well-being for all at all ages
Target	3.6: By 2020, halve the number of global deaths and injuries from road traffic accidents
Indicator	3.6.1: People killed/injured in road accidents (similar to 11.2.2)
Data Source Ministry	Numerator: Ministry of Home Affairs Denominator: Ministry of Home Affairs
Department/Division	Numerator: National Crime Record Bureau Denominator: 2015-16 - Office of Registrar General, India & 2017-19 - Ministry of Health & Family Welfare
Description of Indicator	The indicator gives the total number of people killed (injured) due to road traffic accidents during reference year per population of reference year. Data is collected under the Publication 'Accidental Deaths and Suicides in India'.
Computation	Numerator: People killed (injured) due to road traffic accidents during reference year Denominator: Mid-year population of reference year Multiplier: 1,00,000
Unit of measurement	Per 1,00,000 population
Periodicity	Annual
Level of Disaggregation	State/UT
Type of Disaggregation	-
Mapping with Global Indicator	Exact match with GIF 3.6.1

SDG 3 Metadata: National Indicator 3.7.1	
Goal	3: Ensure healthy lives and promote well-being for all at all ages
Target	3.7: By 2030, ensure universal access to sexual and reproductive health-care services, including for family planning, information and education, and the integration of reproductive health into national strategies and programmes
Indicator	3.7.1: Percentage of currently married women aged 15-49 years who have their need for family planning satisfied with modern methods
Data Source Ministry	Ministry of Health and Family Welfare
Department/Division	
Description of Indicator	This indicator is calculated as percentage of currently married women aged 15-49 years who have their need for family planning satisfied with modern methods. The indicator was computed using NFHS-4 data by the International Institute for Population Sciences (IIPS).
Computation	Numerator: Currently married women aged 15-49 years who have their need for family planning satisfied with modern methods Denominator: Currently married women aged 15-49 years Multiplier: 100
Unit of measurement	Percent
Periodicity	3 years
Level of Disaggregation	-
Type of Disaggregation	-

SDG 3 Metadata: National Indicator 3.8.4	
Goal	3: Ensure healthy lives and promote well-being for all at all ages
Target	3.8: Achieve universal health coverage, including financial risk protection, access to quality essential health-care services and access to safe, effective, quality and affordable essential medicines and vaccines for all
Indicator	3.8.4: Prevalence of hypertension among men and women age 15- 49 years, 2015- 16 (in percentage)
Data Source Ministry	Ministry of Health and Family Welfare
Department/Division	
Description of Indicator	The indicator is defined as the percentage of men and women in age group 15-49 years having hypertension taking medicine to lower the blood pressure. A man is classified as having hypertension if he has SBP levels ≥ 140 mmHg or DBP ≥ 90 mmHg at time of survey, or he is currently taking antihypertension medication to control blood pressure. Similarly, a woman is classified as having hypertension if she has SBP levels ≥ 140 mmHg or DBP ≥ 90 mmHg at the time of the survey, or she is currently taking antihypertension medication to control blood pressure.
Computation	Numerator: Person (men/women aged 15-49 years) having hypertension on medication during the reference year Denominator: Total Person (men/women aged 15-49) during the survey period Multiplier: 100
Unit of measurement	Percent
Periodicity	3 years
Level of Disaggregation	State/UT
Type of Disaggregation	Gender
Mapping with Global Indicator	-

SDG 3 Metadata: National Indicator 3.8.5	
Goal	3: Ensure healthy lives and promote well-being for all at all ages
Target	3.8: Achieve universal health coverage, including financial risk protection, access to quality essential health-care services and access to safe, effective, quality and affordable essential medicines and vaccines for all
Indicator	3.8.5: Percentage of population in age group 15- 49 who reported sought treatment out of total population in that age group having diabetes, 2015-16
Data Source Ministry	Ministry of Health and Family Welfare
Department/Division	
Description of Indicator	The indicator is defined as percentage of diabetic population who reported sought treatment. The indicator was computed using NFHS-4 data by the International Institute for Population Sciences (IIPS).
Computation	Numerator: Diabetic population who reported sought treatment Denominator: Total population who reported diabetes Multiplier: 100
Unit of measurement	Percent
Periodicity	3 years

SDG 3 Metadata: National Indicator 3.8.6	
Goal	3: Ensure healthy lives and promote well-being for all at all ages
Target	3.8: Achieve universal health coverage, including financial risk protection, access to quality essential health-care services and access to safe, effective, quality and affordable essential medicines and vaccines for all
Indicator	3.8.6: Percentage of women age 15-49 who have ever undergone Cervix examinations
Data Source Ministry	Ministry of Health and Family Welfare
Department/Division	
Description of Indicator	The indicator is defined as percentage of women age 15-49 who have ever undergone Cervix examinations. The indicator was computed using NFHS-4 data by the International Institute for Population Sciences (IIPS).
Computation	Numerator: Women age 15-49 who have ever undergone Cervix examinations Denominator: Number of women age 15-49 years surveyed Multiplier: 100
Unit of measurement	Percent
Periodicity	3 years
Level of Disaggregation	State/UT
Type of Disaggregation	-

SDG 3 Metadata: National Indicator 3.8.7	
Goal	3: Ensure healthy lives and promote well-being for all at all ages
Target	3.8: Achieve universal health coverage, including financial risk protection, access to quality essential health-care services and access to safe, effective, quality and affordable essential medicines and vaccines for all
Indicator	3.8.7: Percentage of TB cases successfully treated (cured plus treatment completed) among TB cases notified to the national health authorities during a specified period
Data Source Ministry	Ministry of Health and Family Welfare
Department/Division	RNTCP Division (Revised National Tuberculosis Control Programme, NIKSHAY)
Description of Indicator	The indicator is defined as the percentage of the new and relapse TB cases detected in a given year and success fully treated. Data is collected under RNTCP Annual publication "TB Annual Report".
Computation	Numerator: New and relapse TB cases detected in a given year and successfully treated Denominator: Microbiologically confirmed new (including relapse) TB cases Multiplier: 100
Unit of measurement	Percent
Periodicity	2 Years

SDG 3 Metadata: National Indicator 3.8.8	
Goal	3: Ensure healthy lives and promote well-being for all at all ages
Target	3.8: Achieve universal health coverage, including financial risk protection, access to quality essential health-care services and access to safe, effective, quality and affordable essential medicines and vaccines for all
Indicator	3.8.8: Total physicians, nurses and midwives per 10,000 population (similar to Indicator 3.c.1)
Data Source Ministry	Ministry of Health and Family Welfare
Department/Division	Public Heath Division
Description of Indicator	The indicator is defined as total number of Physicians, nurses and midwives reported during reference year per 10,000 population. It is calculated with base population of 135 Cr. The indicator is computed according to active workforce data which is approximately calculated to be 80 percent of the workforce.
Computation	Numerator: Total number of physicians, nurses and midwives reported during reference year Denominator: Mid-year population during reference year Multiplier: 10,000
Unit of measurement	Per 10,000 population
Periodicity	Annual

SDG 3 Metadata: National Indicator 3.a.1	
Goal	3: Ensure healthy lives and promote well-being for all at all ages
Target	3.a: Strengthen the implementation of the World Health Organization Framework Convention on Tobacco Control in all countries, as appropriate
Indicator	3.a.1: Percentage of women aged 15-49 years and men aged 15-49 years with use of any kind of tobacco (smoking and smokeless)
Data Source Ministry	Ministry of Health and Family Welfare
Department/Division	
Description of Indicator	The indicator is defined as percentage of men and women aged 15-49 years who are currently using tobacco. The indicator was computed using GATS.
Computation	Numerator: Men and women aged 15-49 years who are currently using tobacco Denominator: Men and women aged 15-49 years Multiplier: 100
Unit of measurement	Percent
Periodicity	5 years
Level of Disaggregation	State/UT
Type of Disaggregation	Gender
Mapping with Global Indicator	Partial mapping with GIF 3.a.1

SDG 3 Metadata: National Indicator 3.b.1	
Goal	3: Ensure healthy lives and promote well-being for all at all ages
Target	3.b: Support the research and development of vaccines and medicines for the communicable and non-communicable diseases that primarily affect developing countries, provide access to affordable essential medicines and vaccines, in accordance with the Doha Declaration on the TRIPS Agreement and Public Health, which affirms the right of developing countries to use to the full the provisions in the Agreement on Trade Related Aspects of Intellectual Property Rights regarding flexibilities to protect public health, and, in particular, provide access to medicines for all
Indicator	3.b.1: Proportion of the target population covered by all vaccines included in their national programme
Data Source Ministry	Ministry of Health and Family Welfare
Department/Division	
Description of Indicator	Indicator is defined as percentage of children aged 12-23 months who received all the basic vaccinations. To have received all vaccinations, a child must receive at least: a) one dose of BCG vaccine which protects against Tuberculosis b) three doses of DPT vaccine, which protects against diphtheria, pertussis (whooping cough) and tetanus c) three doses of polio vaccine d) one dose of measles vaccine
Computation	Numerator: Children aged 12-23 months who received all basic vaccinations Denominator: Children aged 12-23 months Multiplier: 100
Unit of measurement	Percent
Periodicity	3 years
Level of Disaggregation	-

SDG 3 Metadata: National Indicator 3.d.1	
Goal	3: Ensure healthy lives and promote well-being for all at all ages
Target	3.d: Strengthen the capacity of all countries, in particular developing countries, for early warning, risk reduction and management of national and global health risks
Indicator	3.d.1: International Health Regulations (IHR) capacity and health emergency preparedness
Data Source Ministry	Ministry of Health and Family Welfare
Department/Division	
Description of Indicator	<p>Percentage of attributes of 13 core capacities that have been attained at a specific point in time. The 13 core capacities are:</p> <ol style="list-style-type: none"> 1) Legislation and financing 2) IHR Coordination and National Focal Point Functions 3) Zoonotic events and the Human-Animal Health Interface 4) Food safety 5) Laboratory 6) Surveillance 7) Human resources 8) National Health Emergency Framework 9) Health Service Provision 10) Risk communication 11) Points of entry 12) Chemical events 13) Radiation emergencies <p>Further, these 13 core capacities consist of 24 indicators. Each indicator is based on five cumulative levels for annual reporting. For each indicator, the reporting State Party is asked to select which of the five levels best describes the State Party's current status.</p>
Computation	<p>Numerator: Number of attributes of 13 core capacities that have been attained at a specific point in time</p> <p>Denominator: Total number of attributes of 13 core capacities</p> <p>Multiplier: 100</p>

SDG 4 Metadata: National Indicator 4.1.1	
Goal	4: Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all
Target	4.1: By 2030, ensure that all girls and boys complete free, equitable and quality primary and secondary education leading to relevant and effective learning outcomes.
Indicator	4.1.1: Percentage of students in grade 3, 5, 8 and 10 achieving at least a minimum proficiency level in terms of nationally defined learning outcomes to be attained by pupils at the end of each of above grades
Data Source Ministry	Ministry of Education
Department/Division	Department of School Education & Literacy
Description of Indicator	Percentage of students in Grade 3,5 and 8 who scored above 30% in Language and Mathematics and % of students in Grade 10 who scored above 35% (in terms of correct answer) in Modern Indian Language and Mathematics, in National Achievement Survey (NAS) conducted by HRD.
Computation	Numerator: Number of students with the desired score secured in NAS in the relevant subject at a given Grade Denominator: Number of students tested under NAS at a given Grade Multiplier: 100
Unit of measurement	Percent
Periodicity	Annual
Level of Disaggregation	State/UT
Type of Disaggregation	Education Level

SDG 4 Metadata: National Indicator 4.1.5	
Goal	4: Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all
Target	4.1: By 2030, ensure that all girls and boys complete free, equitable and quality primary and secondary education leading to relevant and effective learning outcomes.
Indicator	4.1.5: Adjusted Net Enrolment Rate(ANER) in primary, upper primary and secondary education
Data Source Ministry	Ministry of Education
Department/Division	Department of School Education & Literacy
Description of Indicator	For a given level of education, Adjusted Net Enrolment Rate(ANER) gives the number of students belonging to the official age group (for that level) enrolled at that level or one level above, expressed as a percentage of the corresponding population.
Computation	Numerator: i. For Primary: Number of 6-10 years' pupil enrolled in Primary/Upper Primary ii. For Upper Primary: Number of 11-13 years' pupil enrolled in Upper Primary/Secondary iii. For Secondary: Number of 14-15 years' pupil enrolled in Secondary/Higher Secondary Denominator: Population of the corresponding (i.e. 6-10/11-13/14-15 years) age group Multiplier: 100

SDG 4 Metadata: National Indicator 4.7.1	
Goal	4: Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all
Target	4.7: By 2030, ensure that all learners acquire the knowledge and skills needed to promote sustainable development, including, among others, through education for sustainable development and sustainable lifestyles, human rights, gender equality, promotion of a culture of peace and non-violence, global citizenship and appreciation of cultural diversity and of culture's contribution to sustainable development
Indicator	4.7.1: Extent to which (i) global citizenship education and (ii) education for sustainable development are mainstreamed in (a) national education policies; (b) curricula; (c) teacher education; and (d) student assessment (similar to 12.8.1 and 13.3.1)
Data Source Ministry	Ministry of Education
Department/Division	
Description of Indicator	The indicator measures the extent to which countries mainstream Global Citizenship Education (GCED) and Education for Sustainable Development (ESD) in their education systems. For each of the four components of the indicator (policies, curricula, teacher education, and student assessment), a number of criteria are measured, which are then combined to give a single score between zero and one for each component. Only information for primary and secondary education will be used for calculation of indicator.
Computation	Nil
Unit of measurement	Number
Periodicity	Annual

SDG 5 Metadata: National Indicator 5.1.1	
Goal	5: Achieve gender equality and empower all women and girls
Target	5.1: End all forms of discrimination against all women and girls everywhere
Indicator	5.1.1: Whether or not legal framework are in place to promote, enforce and monitor equality and non-discrimination on the basis of sex.
Data Source Ministry	Ministry of Women and Child Development
Department/Division	
Description of Indicator	<p>The indicator is based on an assessment of legal frameworks that promote, enforce and monitor gender equality using a questionnaire comprising 45 Yes/No questions under four areas of law drawn from the international legal and policy framework on gender equality, in particular CEDAW and the Beijing Platform for Action.</p> <p>The assessment is carried out using a questionnaire comprising 45 Yes/No questions under four areas of law:</p> <ul style="list-style-type: none"> i) Overarching legal frameworks and public life ii) Violence against women iii) Employment and economic benefits iv) Marriage and family
Computation	<p>Numerator: $q_1 + \dots + q_{m_i}$ Denominator: m_i Multiplier: Nil</p> <p>Where, A_i refers the area of law i m_i refers to the total number of questions under the area of law $q_1 + \dots + q_{m_i}$ refers to the sum of the coded questions under the area of law $q_i = "1"$ if the answer is "Yes" and $q_i = "0"$ if the answer is "No"</p> <p>Results of the four areas are reported as percentages as a dashboard: 1, A2, 3, 4. The score for each area (a number between 0 and 100) therefore represents the percentage of achievement in the area of ensuring equal legal framework for all, with 100 being best practice met on all questions in the area.</p>

SDG 6 Metadata: National Indicator 6.3.2	
Goal	6. Ensure availability and sustainable management of water and sanitation for all
Target	6.3: By 2030, improve water quality by reducing pollution, eliminating dumping and minimizing release of hazardous chemicals and materials, halving the proportion of untreated wastewater and substantially increasing recycling and safe reuse globally
Indicator	6.3.2: Proportion of water bodies with good ambient water quality
Data Source Ministry	Ministry of Environment, Forest and Climate Change
Department/Division	Central Pollution Control Board
Description of Indicator	Overall water quality is estimated based on an index, which incorporates data on five core parameters (Faecal Coliform, Faecal Streptococci, pH, Dissolved Oxygen, Biochemical Oxygen Demand (3 day, 27°C)), which inform on major water quality impairments present in aquatic bodies. The data generated every month by SPCBs/PCCs under NWMP Project: a) Number of analytical results of five core parameters b) Parameter-wise number of observations complying to the criteria
Computation	Numerator: Total complying observations Denominator: Total number of observations Multiplier: 100 National yearly score = (Summation of River wise yearly score)/15
Unit of measurement	Number
Periodicity	Annual
Level of Disaggregation	-
Type of Disaggregation	-
Mapping with Global Indicator	Exact match with GIF 6.3.2

SDG 6 Metadata: National Indicator 6.4.1	
Goal	6: Ensure availability and sustainable management of water and sanitation for all
Target	6.4: By 2030, substantially increase water-use efficiency across all sectors and ensure sustainable withdrawals and supply of freshwater to address water scarcity and substantially reduce the number of people suffering from water scarcity
Indicator	6.4.1: Percentage ground water withdrawal against availability
Data Source Ministry	Ministry of Jal Shakti
Department/Division	Central Ground Water Board
Description of Indicator	The indicator is defined as the percentage of utilization of ground water resources (in Billion Cubic Meter) for irrigation, domestic and industrial uses out of the total available Ground Water (in Billion Cubic Meter)
Computation	Numerator: Utilization of ground water resources (in Billion Cubic Meter) for irrigation, domestic and industrial use Denominator: Availability of Ground Water (in Billion Cubic Meter) Multiplier: 100
Unit of measurement	Percent
Periodicity	Annual
Level of Disaggregation	State/UT

SDG 6 Metadata: National Indicator 6.4.2	
Goal	6: Ensure availability and sustainable management of water and sanitation for all
Target	6.4: By 2030, substantially increase water-use efficiency across all sectors and ensure sustainable withdrawals and supply of freshwater to address water scarcity and substantially reduce the number of people suffering from water scarcity
Indicator	6.4.2: Per capita storage of water, (in m ³ /person)
Data Source Ministry	Ministry of Jal Shakti
Department/Division	Central Water Commission
Description of Indicator	The indicator is defined as per capita estimated storage of water (in BCM). Data is collected under Publication: Water and Related Statistics.
Computation	Numerator: Estimated storage of water (in BCM) Denominator: Total Population (in Billion) Multiplier: Nil
Unit of measurement	m ³ /person
Periodicity	Annual

SDG 6 Metadata: National Indicator 6.6.1	
Goal	6: Ensure availability and sustainable management of water and sanitation for all
Target	6.6: By 2020, protect and restore water-related ecosystems, including mountains, forests, wetlands, rivers, aquifers and lakes
Indicator	6.6.1: Percentage of blocks/mandals/taluka over-exploited, (in percentage)
Data Source Ministry	Ministry of Jal Shakti
Department/Division	Central Ground Water Board
Description of Indicator	The indicator is defined number of blocks/mandals/taluka in which ground water is over- exploited as on March 2011 expressed as percentage of total units assessed during the same period.
Computation	Numerator: Number of blocks/mandals/taluka over-exploited Denominator: Number of Units Assessed Multiplier: 100
Unit of measurement	Percent
Periodicity	Annual
Level of Disaggregation	State/UT

SDG 7 Metadata: National Indicator 7.1.2	
Goal	7: Ensure access to affordable, reliable, sustainable and modern Energy for all
Target	7.1: By 2030, ensure universal access to affordable, reliable and modern Energy Services
Indicator	7.1.2: Percentage of households using clean cooking fuel
Data Source Ministry	Ministry of Petroleum and Natural Gas
Department/Division	
Description of Indicator	Percentage coverage of household using (including sources) clean cooking fuel.
Computation	Numerator: Number of households with connection of LPG and PNG Denominator: Total number of households Multiplier: 100
Unit of measurement	Percent
Periodicity	Annual

SDG 7 Metadata: National Indicator 7.2.1	
Goal	7: Ensure access to affordable, reliable, sustainable and modern Energy for all
Target	7.2: By 2030, increase substantially the share of renewable energy in the global energy mix
Indicator	7.2.1: Renewable energy share in the total installed electricity generation
Data Source Ministry	Ministry of New and Renewable Energy
Department/Division	
Description of Indicator	The indicator is defined as percentage share of electricity generated from renewable source (MW) in total installed electricity generation capacity (MW).
Computation	Numerator: Electricity generated from renewable source (MW) Denominator: Total installed electricity generation capacity (MW) Multiplier: 100
Unit of measurement	Percent
Periodicity	Annual

SDG 7 Metadata: National Indicator 7.3.1	
Goal	7: Ensure access to affordable, reliable, sustainable and modern Energy for all
Target	7.3: By 2030, double the global rate of improvement in energy efficiency
Indicator	7.3.1: Energy intensity measured in terms of primary energy and GDP, (in mega joules per rupee)
Data Source Ministry	Ministry of Coal, Ministry of Petroleum and Natural Gas and Central Electricity Authority
Department/Division	
Description of Indicator	The indicator is defined as the ratio of total primary energy during the reference year to the Gross Domestic Product during the reference year
Computation	Numerator: Total Primary Energy during the reference year Denominator: Gross Domestic Product during the reference year Multiplier: Nil
Unit of measurement	Mega Joules/Rupees
Periodicity	Annual

SDG 7 Metadata: National Indicator 7.b.1	
Goal	7: Ensure access to affordable, reliable, sustainable and modern Energy for all
Target	7.b: By 2030, expand infrastructure and upgrade technology for supplying modern and sustainable energy services for all in developing countries, in particular least developed countries, small island developing States and landlocked developing countries, in accordance with their respective programmes of support.
Indicator	7.b.1: Installed renewable energy generating capacity in the country(in watts per capita) (similar to 12.a.1)
Data Source Ministry	Ministry of New and Renewable Energy
Department/Division	
Description of Indicator	The indicator refers to total energy generating capacity per capita using installed sources of renewable energy. Data is collected under Publication 'Energy Statistics'.
Computation	Numerator: Installed electricity generation capacity in renewable energy Denominator: Mid-Year Projected Population Multiplier: Nil
Unit of measurement	Watts per capita
Periodicity	Annual

SDG 8 Metadata: National Indicator 8.1.1	
Goal	8: Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all
Target	8.1: Sustain per capita economic growth in accordance with national circumstances and, in particular, at least 7 per cent gross domestic product growth per annum in the least developed countries
Indicator	8.1.1: Annual growth rate of GDP (adjusted to price changes) per capita
Data Source Ministry	Ministry of Statistics and Programme Implementation
Department/Division	National Accounts Division
Description of Indicator	The Indicator is defined as Percentage change in Annual growth rate of real GDP per capita.
Computation	Numerator: Real GDP per capita of current year - Real GDP per capita of previous year Denominator: Real GDP per capita of previous year Multiplier: 100
Unit of measurement	Percent
Periodicity	Annual

SDG 8 Metadata: National Indicator 8.2.1	
Goal	8: Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all
Target	8.2: Achieve higher levels of economic productivity through diversification, technological upgrading and innovation, including through a focus on high-value added and labour-intensive sectors
Indicator	8.2.1: Annual growth rate of real GDP per employed person
Data Source Ministry	Ministry of Statistics and Programme Implementation
Department/Division	National Accounts Division
Description of Indicator	The annual growth rate of real GDP per employed person conveys the annual percentage change in real Gross Domestic Product per employed person. The total number of employed persons for the year 't' has been estimated using the following formula: Total employed persons for the year 't' = WPR for the year 't' x Projected population for year 't' The WPR has been obtained from the annual PLFS conducted by NSSO. The projected population has been published by the Office of the Registrar General & Census Commissioner, India (Office of Registrar General, India). Real GDP per employed persons for the year 't' = GDP at constant price for the year 't' ÷ Total number of employed persons for the year 't'.
Computation	Numerator: Real GDP per employed persons for year 't' - Real GDP per employed persons for year 't-1' Denominator: Real GDP per employed persons for year 't-1' Multiplier: 100
Unit of measurement	Percent
Periodicity	Annual
Level of Disaggregation	National
Type of Disaggregation	NA

SDG 8 Metadata: National Indicator 8.2.4	
Goal	8: Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all
Target	8.2: Achieve higher levels of economic productivity through diversification, technological upgrading and innovation, including through a focus on high-value added and labour intensive sectors
Indicator	8.2.4: Annual growth in agriculture sector
Data Source Ministry	Ministry of Statistics and Programme Implementation
Department/Division	National Accounts Division
Description of Indicator	Indicator is defined as percentage: Change in Annual growth in agriculture sector.
Computation	Numerator: Gross Value Added (at constant prices) of agriculture sector for the reference year - Gross Value Added (at constant prices) of agriculture sector for the year previous to the reference year Denominator: Gross Value Added (at constant prices) of agriculture sector for the year previous to the reference year Multiplier: 100
Unit of measurement	Percent

SDG 8 Metadata: National Indicator 8.3.1	
Goal	8: Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all
Target	8.3: Promote development -oriented policies that support productive activities, decent job creation, entrepreneurship, creativity and innovation, and encourage the formalization and growth of micro- small - and medium-sized enterprises, including through access to financial services
Indicator	8.3.1: Percentage of workers in informal sector among total workers engaged in non- agriculture sector
Data Source Ministry	Ministry of Statistics and Programme Implementation
Department/Division	
Description of Indicator	The indicator refers to percentage of workers in usual status (ps+ss) in informal sector among total workers in usual status (ps+ss) engaged in non-agriculture sector. Data is collected under PLFS.
Computation	Numerator: Number of workers in proprietary and partnership enterprises engaged in non-agriculture sector in usual status (ps+ss) Denominator: Number of workers engaged in non-agriculture sector in usual status (ps+ss) Multiplier: 100
Unit of measurement	Percent
Periodicity	Annual

SDG 8 Metadata: National Indicator 8.3.3	
Goal	8: Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all
Target	8.3: Promote development-oriented policies that support productive activities, decent job creation, entrepreneurship, creativity and innovation, and encourage the formalization and growth of micro-small - and medium-sized enterprises, including through access to financial services
Indicator	8.3.3: Outstanding Credit to MSME
Data Source Ministry	Ministry of Micro, Small and Medium Enterprises
Department/Division	-
Description of Indicator	The indicator refers as total loans outstanding to micro, small and medium enterprises availed through Scheduled Commercial Banks (excluding RRBs). It will indicate overall credit flow to the sector as also enable to assess the formalization of such enterprises.
Computation	Total outstanding credit (loan) to MSMEs during the reference year (as on 31 st March)
Unit of measurement	Rs. Crore
Periodicity	Annual
Level of Disaggregation	State/UT
Type of Disaggregation	-
Mapping with Global Indicator	-

SDG 8 Metadata: National Indicator 8.4.1	
Goal	8: Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all
Target	8.4: Improve progressively, through 2030, global resource efficiency in consumption and production and Endeavour to decouple economic growth from environmental degradation, in accordance with the 10Year Framework of Programmes on Sustainable Consumption and Production, with developed countries taking the lead
Indicator	8.4.1: Proportion of waste recycled vs. waste generated
Data Source Ministry	Ministry of Environment Forest and Climate Change
Department/Division	Central Pollution Control Board
Description of Indicator	This indicator Indicates the percentage of hazardous waste recyclable. 1) Hazardous waste is waste that is dangerous or may become dangerous to the environment or people’s health. 2) Municipal waste is defined at national level as wastes consisting of everyday items. These wastes come from household, institutions and commercial establishments. 3) E-waste or electronic waste is created when an electronic product is discarded after the end of its useful life. Electronic waste or e-waste may be defined as discarded computers, office electronic equipment, entertainment device electronics, mobile phones, television sets, and refrigerators. This includes used electronics which are destined for reuse, resale, salvage, and repairable electronics) and secondary scraps (copper, steel, plastic, etc.).
Computation	Numerator: Quantity of hazardous waste recyclable Denominator: Quantity of hazardous waste generated Multiplier: 100
Unit of measurement	Percent
Periodicity	Annual

SDG 8 Metadata: National Indicator 8.4.2	
Goal	8: Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all
Target	8.4: Improve progressively, through 2030, global resource efficiency in consumption and production and Endeavour to decouple economic growth from environmental degradation, in accordance with the 10 Year Framework of Programmes on Sustainable Consumption and Production, with developed countries taking the lead
Indicator	8.4.2: Per capita fossil fuel consumption, (in Kg.)
Data Source Ministry	Ministry of Petroleum and Natural Gas
Department/Division	-
Description of Indicator	This indicator is defined as total fossil fuel consumption to the total population of India. Only petroleum products have been considered for fossil fuel consumption. Also, total consumption includes private sales by oil companies and excludes direct private imports.
Computation	Numerator: Total fossil fuel consumption during reference year Denominator: Mid-year population during reference year Multiplier: Nil
Unit of measurement	Kg
Periodicity	Annual
Level of Disaggregation	State/UT

SDG 8 Metadata: National Indicator 8.5.1	
Goal	8: Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all
Target	8.5: By 2030, achieve full and productive employment and decent work for all women and men, including for young people and persons with disabilities, and equal pay for work of equal value
Indicator	8.5.1: Average hourly earnings of employees, by sex, age, occupation
Data Source Ministry	Ministry of Statistics and Programme Implementation
Department/Division	
Description of Indicator	Earnings are a key aspect of quality of employment and living conditions. Information on hourly earnings disaggregated by various classifications (sex, age, occupation) provides some indication of the extent to which pay equality is respected or achieved. Average Earning Per Hour (AEPH) = Total earnings during the week / Total hours worked during the week. Data is collected under PLFS Report.
Computation	Numerator: Total earnings during the week Denominator: Total hours worked during the week Multiplier: Nil

Target	8.5: By 2030, achieve full and productive employment and decent work for all women and men, including for young people and persons with disabilities, and equal pay for work of equal value
Indicator	8.5.2: Unemployment rate
Data Source Ministry	Ministry of Statistics and Programme Implementation
Department/Division	
Description of Indicator	Unemployment Rate is defined as the number of persons unemployed per 100 persons in the labour force (which includes both the employed and unemployed). It is the percentage of unemployed persons among total persons in the labour force in the usual status (ps+ss) (which includes principal status (ps) and subsidiary status (ss))
Computation	Numerator: Number of unemployed persons in usual status (ps+ss) Denominator: Number of persons in the labour force in usual status (ps+ss) Multiplier: 100
Unit of measurement	Per 100 cases
Periodicity	Annual
Level of Disaggregation	State/UT
Type of Disaggregation	-

SDG 8 Metadata: National Indicator 8.8.2	
Goal	8: Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all
Target	8.8: Protect labour rights and promote safe and secure working environments for all workers, including migrant workers, in particular women migrants, and those in precarious employment
Indicator	8.8.2: Percentage of migrant workers, (in percentage)
Data Source Ministry	Ministry of Home Affairs
Department/Division	Office of the Registrar General, India
Description of Indicator	The indicator is a percentage of migrants who are engaged in any economic activities to total migrants. The data is derived through the Population Census refers to migrant workers expressed as percentage of total workers. Migrant workers are those Persons who moved with change of residence from one village/ town to another for any reason and are engaged in any economic activity. Migrant workers = main migrant workers + ma Office of Registrar General, Indian al migrant workers Ma Office of Registrar General, Indian al workers = (Persons worked for less than 3 months) + (Persons workers for 3 to 6 months)
Computation	Numerator: Number of migrant workers in the reference year Denominator: Number of migrants in the reference year Multiplier: 100
Unit of measurement	Percent
Periodicity	10 Years
Level of Disaggregation	State/UT
Type of Disaggregation	Gender
Mapping with Global Indicator	
References	Data is available on the website : http://www.censusindia.gov.in

SDG 8 Metadata: National Indicator 8.8.3	
Goal	8: Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all
Target	8.8: Protect labour rights and promote safe and secure working environments for all workers, including migrant workers, in particular women migrants, and those in precarious employment
Indicator	8.8.3: Number of accidents in factories
Data Source Ministry	Ministry of Labour and Employment
Department/Division	-
Description of Indicator	The data refers to number injuries resulted in fatal and non-fatal in factories. The number of injuries is given by the number of persons receiving injuries as a result of an accident. The data presented relate only to factories submitting returns.
Computation	Number of persons injured (fatal and non-fatal) in accidents in factories during the reference year
Unit of measurement	Number
Periodicity	Annual
Level of Disaggregation	State/UT
Type of Disaggregation	-
Mapping with Global Indicator	-
References	Data is available on the website https://data.gov.in/resources/state-wise-industrial-injuries-factories-2007-2013

SDG 8 Metadata: National Indicator 8.9.1	
Goal	8: Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all
Target	8.9: By 2030, devise and implement policies to promote sustainable tourism that creates jobs and promotes local culture and products
Indicator	8.9.1: Direct contribution of Tourism to total GDP and in growth rate (in percentage)
Data Source Ministry	Ministry of Tourism
Department/Division	-
Description of Indicator	Direct contribution of Tourism to total GDP and in growth rate in percentage.
Computation	<p>Direct contribution of Tourism to total GDP is calculated as: Numerator: Direct contribution of Tourism in reference year Denominator: Total GDP in reference year Multiplier: 100</p> <p>Also, Direct contribution of Tourism in growth rate is calculated as: Numerator: Change in Tourism Direct GDP during current reference year over previous reference year Denominator: Tourism direct gross domestic product during the previous reference year Multiplier: 100</p>
Unit of measurement	Percent
Periodicity	Annual
Level of Disaggregation	State/UT
Type of Disaggregation	-
Mapping with Global Indicator	Exact match with GIF 8.9.1
References	Data is available on the website http://tourism.gov.in

SDG 8 Metadata: National Indicator 8.9.2	
Goal	8: Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all
Target	8.9: By 2030, devise and implement policies to promote sustainable tourism that creates jobs and promotes local culture and products
Indicator	8.9.2: Percentage change in number of visits by tourists (domestic and foreign) over previous years
Data Source Ministry	Ministry of Tourism
Department/Division	-
Description of Indicator	Percentage changes in number of visits to different States/UTs by the domestic and foreign visitors (Source for definition: UNWTO).
Computation	<p>Numerator: Difference between number of tourists (domestic +Foreign) in reference year and previous reference year Denominator: Tourist visited in previous reference year Multiplier: 100</p>
Unit of measurement	Percent
Periodicity	Annual
Level of Disaggregation	State/UT
Type of Disaggregation	-
Mapping with Global Indicator	-
References	Data is available on the website http://tourism.gov.in

SDG 8 Metadata: National Indicator 8.10.3	
Goal	8: Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all
Target	8.10: Strengthen the capacity of domestic financial institutions to encourage and expand access to banking, insurance and financial services for all
Indicator	8.10.3: Number of banking outlets 1,00,000 population
Data Source Ministry	Reserve Bank of India
Department/Division	-
Description of Indicator	The indicator denotes number of banking outlets (functioning Branches of Commercial Banks) per every 1,00,000 population as on 31st March of the reference financial year.
Computation	Numerator: Banking outlets in reference year Denominator: Mid-year population of reference year Multiplier: 1,00,000
Unit of measurement	Per 1,00,000 population
Periodicity	Annual
Level of Disaggregation	State/UT
Type of Disaggregation	-
Mapping with Global Indicator	Exact match with GIF 8.10.1 (a)
References	Database on Indian Economy (DBIE), RBI (https://dbie.rbi.org.in)

SDG 8 Metadata: National Indicator 8.10.4	
Goal	8: Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all
Target	8.10: Strengthen the capacity of domestic financial institutions to encourage and expand access to banking, insurance and financial services for all
Indicator	8.10.4: Automated Teller Machines (ATMs) per 1,00,000 population
Data Source Ministry	Numerator: Reserve Bank of India Denominator: Ministry of Home Affairs
Department/Division	-
Description of Indicator	The indicator is defined as the number of Automated Teller Machines (ATMs) per 1,00,000 population
Computation	Numerator: Number of ATMs of scheduled commercial banks as on 31 st March of the reference financial year Denominator: Mid-year population of reference year Multiplier: 1,00,000
Unit of measurement	Per 1,00,000 population
Periodicity	Annual
Level of Disaggregation	State/UT
Type of Disaggregation	-
Mapping with Global Indicator	Exact match with GIF 8.10.1 (b)
References	NA

SDG 8 Metadata: National Indicator 8.b.1	
Goal	8: Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all
Target	8.b: By 2020, develop and operationalize a global strategy for youth employment and implement the Global Jobs Pact of the International Labour Organization
Indicator	8.b.1: Existence of a developed and operationalized national strategy for youth employment, as a distinct strategy or as part of a national employment strategy
Data Source Ministry	Ministry of Labour and Employment
Department/Division	
Description of Indicator	The indicator describes whether the country has developed and adopted a national strategy for youth employment or in the process of developing/adopting it.
Computation	Nil
Unit of measurement	
Periodicity	Annual
Level of Disaggregation	-
Type of Disaggregation	-
Mapping with Global Indicator	Exact match with GIF 8.b.1
References	

SDG 8 Metadata: National Indicator 8.b.2	
Goal	8: Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all
Target	8.b: By 2020, develop and operationalize a global strategy for youth employment and implement the Global Jobs Pact of the International Labour Organization
Indicator	8.b.2: Number of person days created under Mahatma Gandhi National Rural Employment Guarantee Act (MGNREGA), (in Lakhs)
Data Source Ministry	Ministry of Rural Development
Department/Division	-
Description of Indicator	The indicator refers to number of person days employed under MGNREGA.
Computation	Number of person days' employment provided under MGNREGA during the reference year
Unit of measurement	Number
Periodicity	Annual
Level of Disaggregation	State/UT
Type of Disaggregation	-
Mapping with Global Indicator	-
References	Data is available on the website http://mnregaweb4.nic.in

SDG 9 Metadata: National Indicator 9.1.2	
Goal	9: Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation
Target	9.1: Develop quality, reliable, sustainable and resilient infrastructure, including regional and trans-border infrastructure, to support economic development and human well-being, with a focus on affordable and equitable access for all
Indicator	9.1.2: Passenger and freight volumes, by mode of transport
Data Source Ministry	Ministry of Railway Ministry of Road Transport and Highways Ministry of Civil Aviation
Department/Division	
Description of Indicator	This indicator consisting of three components of mode of transport i.e. Railways, Air and Road as these are three basic elements of transport system and contribute largely to Indian transport system: 1) Passenger movement and freight volumes by Railways 2) Passenger movement and freight volumes by Roads 3) Passenger movement and freight volumes by Scheduled Indian Airlines
Computation	-
Unit of measurement	Road Transport (Passengers - Billion Passenger Km / Freight - Billion Tonnes Km) Scheduled Indian Airlines (Passenger - Million / Cargos - Million Tonnes) Indian Railways (Passenger - Million / Freight - Million Tonnes)
Periodicity	Annual
Level of Disaggregation	-
Type of Disaggregation	
Mapping with Global Indicator	Partial match with GIF 9.1.2
References	Data is available on the websites https://data.gov.in/catalog/freight-and-passenger-movement-road-transport-and-railways ; www.indianrailways.gov.in ; http://www.dgca.nic.in ; http://morth.nic.in

SDG 9 Metadata: National Indicator 9.1.3	
Goal	9: Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation
Target	9.1: Develop quality, reliable, sustainable and resilient infrastructure, including regional and trans-border infrastructure, to support economic development and human well-being, with a focus on affordable and equitable access for all
Indicator	9.1.3: Gross Capital Formation by industry of use
Data Source Ministry	Ministry of Statistics and Programme Implementation
Department/Division	National Accounts Division
Description of Indicator	It is the net additions to fixed assets in the economy, Change in Stocks of Inventories (CIS) and valuables during the accounting period. GCF is estimated using production approach (Commodity flow method) and expenditure approach and $GCF = GFCF + CIS + Valuables$.
Computation	Gross Capital Formation (GCF) by industry excluding valuables for the reference year
Unit of measurement	Rs. Crore
Periodicity	Annual
Level of Disaggregation	-
Type of Disaggregation	-
Mapping with Global Indicator	No match
References	Data is available on the website http://www.mospi.nic.in

SDG 9 Metadata: National Indicator 9.2.1	
Goal	9: Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation
Target	9.2: Promote inclusive and sustainable industrialization and, by 2030, significantly raise industry's share of employment and gross domestic product, in line with national circumstances, and double its share in least developed countries
Indicator	9.2.1: Percentage Share of GVA in Manufacturing to Total GVA
Data Source Ministry	Ministry of Statistics and Programme Implementation
Department/Division	National Accounts Division
Description of Indicator	The indicator is defined as the manufacturing Gross Value as percentage of Total Value Added (GVA) at current prices. Gross Value Added is defined as output less intermediate consumption. Gross value added is arrived by aggregating sector-wise value added. Sector-wise GVA is estimated using production/income/expenditure approach depending upon the availability of related data.
Computation	Numerator: GVA at Basic Price in Manufacturing during reference year Denominator: GVA at basic prices during reference year Multiplier: 100
Unit of measurement	Percent
Periodicity	Annual
Level of Disaggregation	-
Type of Disaggregation	-
Mapping with Global Indicator	No match
References	Data is available on the website http://www.mospi.nic.in

SDG 9 Metadata: National Indicator 9.2.2	
Goal	9: Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation
Target	9.2: Promote inclusive and sustainable industrialisation and, by 2030, significantly raise industry's share of employment and gross domestic product, in line with national circumstances, and double its share in least developed countries
Indicator	9.2.2: Manufacturing employment as a proportion of total employment
Data Source Ministry	Ministry of Statistics and Programme Implementation
Department/Division	
Description of Indicator	The indicator is defined as a percentage of number of workers in usual status (ps+ss) engaged in manufacturing sector out of the total number of workers in usual status (ps+ss), during the reference year.
Computation	Numerator: Number of workers in usual status (ps+ss) engaged in manufacturing sector during the reference year Denominator: Number of workers in usual status (ps+ss) during the reference year Multiplier: 100
Unit of measurement	Percent
Periodicity	Annual
Level of Disaggregation	State/UT
Type of Disaggregation	
Mapping with Global Indicator	Exact match with GIF 9.2.2
References	PLFS Report is available on the website www.mospi.nic.in

SDG 9 Metadata: National Indicator 9.3.1	
Goal	9: Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation
Target	9.3: Increase the access of small-scale industrial and other enterprises, in particular in developing countries, to financial services, including affordable credit, and their integration into value chains and markets
Indicator	9.3.1: Share of household sector in total industry value added, (in percentage)
Data Source Ministry	Ministry of Statistics and Programme Implementation
Department/Division	
Description of Indicator	Gross Value Added is defined as output less intermediate consumption. Gross value added is arrived by aggregating sector-wise value added. Sector-wise GVA is estimated using production/income/expenditure approach depending upon the availability of related data.
Computation	Numerator: GVA by Household during reference year Denominator: Total GVA during reference year Multiplier: 100
Unit of measurement	Percent
Periodicity	Annual
Level of Disaggregation	-
Type of Disaggregation	-
Mapping with Global Indicator	No match
References	Data is available on the website www.mospi.nic.in

SDG 9 Metadata: National Indicator 9.3.2	
Goal	9: Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation
Target	9.3: Increase the access of small-scale industrial and other enterprises, in particular in developing countries, to financial services, including affordable credit, and their integration into value chains and markets
Indicator	9.3.2: Percentage of credit flow MSME (as a percentage of Total Adjusted Net Bank Credit), (in percentage)
Data Source Ministry	Ministry of Micro, Small and Medium Enterprises
Department/Division	
Description of Indicator	The indicator is defined as Total Outstanding Credit given by Banks to Micro, Small Medium Enterprises as a percentage of total Adjusted Net Bank Credit during reference year.
Computation	Numerator: Total Outstanding Credit given by Banks to Micro, Small Medium Enterprises during reference year Denominator: Total Credit given by Banks (Adjusted Net Bank Credit) during reference year Multiplier: 100
Unit of measurement	Percent
Periodicity	Annual
Level of Disaggregation	-
Type of Disaggregation	-
Mapping with Global Indicator	No match

SDG 9 Metadata: National Indicator 9.4.1	
Goal	9: Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation
Target	9.4: By 2030, upgrade infrastructure and retrofit industries to make them sustainable, with increased resource-use efficiency and greater adoption of clean and environmentally sound technologies and industrial processes, with all countries taking action in accordance with their respective capabilities.
Indicator	9.4.1: Total CO ₂ emissions of power sector per unit of GDP(in Tonne/Rupees Crore)
Data Source Ministry	Ministry of Power
Department/Division	Central Electricity Authority
Description of Indicator	The indicator refers to the amount of CO ₂ emissions generated by the power sector per unit of GDP.
Computation	Numerator: Total CO ₂ emission of power sector Denominator: GDP at current price Multiplier: Nil
Unit of measurement	Tonne/Rs. Crore
Periodicity	Annual
Level of Disaggregation	-
Type of Disaggregation	
Mapping with Global Indicator	No match
References	Data is available on the website http://www.cea.nic.in

SDG 9 Metadata: National Indicator 9.4.2	
Goal	9: Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation
Target	9.4: By 2030, upgrade infrastructure and retrofit industries to make them sustainable, with increased resource-use efficiency and greater adoption of clean and environmentally sound technologies and industrial processes, with all countries taking action in accordance with their respective capabilities
Indicator	9.4.2: Energy use intensity of manufacturing value added, (Tonne of Oil Equivalent /000' rupees)
Data Source Ministry	Ministry of Statistics and Programme Implementation
Department/Division	Economic Statistics Division
Description of Indicator	The indicator is Energy Use Intensity in manufacturing sector
Computation	Numerator: Total Primary Energy used in manufacturing sector during reference year Denominator: Economic output of the manufacturing sector in terms of GVA during reference year Multiplier: 100
Unit of measurement	Tonne of Oil Equivalent/000' Rs.
Periodicity	Annual
Level of Disaggregation	-
Type of Disaggregation	-
Mapping with Global Indicator	No match

SDG 9 Metadata: National Indicator 9.5.1	
Goal	9: Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation
Target	9.5: Enhance scientific research, upgrade the technological capabilities of industrial sectors in all countries, in particular developing countries, including, by 2030, encouraging innovation and substantially increasing the number of research and development workers per 1 million people and public and private research and development spending
Indicator	9.5.1: Percentage share of government spending on IPP (Research and Development) to total GDP
Data Source Ministry	Ministry of Statistics and Programme Implementation
Department/Division	National Accounts Division
Description of Indicator	Percentage share of government spending on intellectual properties product (IPP), which is considered as research and development at current price out of GDP at current price during the reference year.
Computation	Numerator: Total expenditures on intellectual properties products during reference year Denominator: Gross Domestic Product, during the reference year Multiplier: Nil
Unit of measurement	Percent
Periodicity	Annual
Level of Disaggregation	-
Type of Disaggregation	-
Mapping with Global Indicator	Partial match with GIF 9.5.1
References	Data is available on the website http://www.mospi.gov.in

SDG 9 Metadata: National Indicator 9.5.2	
Goal	9: Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation
Target	9.5: Enhance scientific research, upgrade the technological capabilities of industrial sectors in all countries, in particular developing countries, including, by 2030, encouraging innovation and substantially increasing the number of research and development workers per 1 million people and public and private research and development spending
Indicator	9.5.2: Researchers (in full time equivalent) per million population
Data Source Ministry	Ministry of Science and Technology
Department/Division	
Description of Indicator	This indicator is expressed in terms of researcher engaged in Research and Development (R&D) activities per million population and activities comprise institutional sector, higher education sector and industrial (public and private sector). Data includes: Major Scientific Agencies, Central Government Ministry/Department, State Government, Higher Education, Public and Private. Sector Industries and SIRO's.
Computation	Numerator: Number of researchers (in numbers) Denominator: Population during reference period (in millions) Multiplier: Nil
Unit of measurement	Per million population
Periodicity	Biennial
Level of Disaggregation	-
Type of Disaggregation	-
Mapping with Global Indicator	Partial match with GIF 9.5.2

SDG 9 Metadata: National Indicator 9.b.1	
Goal	9: Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation
Target	9.b: Support domestic technology development, research and innovation in developing countries, including by ensuring a conducive policy environment for, inter alia, industrial diversification and value addition to commodities
Indicator	9.b.1: Share of IPP in total Gross Fixed Capital Formation, (in percentage)
Data Source Ministry	Ministry of Statistics and Programme Implementation
Department/Division	National Accounts Division
Description of Indicator	Numerator is the net additions to fixed assets in the form of IPP in the economy during the accounting period. IPP asset of GFCF is estimated using expenditure approach.
Computation	Numerator: Estimate of Intellectual Property Products in GFCF during reference year Denominator: Estimate of GFCF during reference year Multiplier: 100
Unit of measurement	Percent
Periodicity	Annual
Level of Disaggregation	-
Type of Disaggregation	-

SDG 9 Metadata: National Indicator 9.c.1	
Goal	9: Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation
Target	9.c: Significantly increase access to information and communications technology and strive to provide universal and affordable access to the Internet in least developed countries by 2021
Indicator	9.c.1: Number of Internet Subscription as percentage of total population
Data Source Ministry	Ministry of Communications
Department/Division	Department of Telecommunications
Description of Indicator	The indicator is defined as the number of internet subscriptions during reference year as percentage of total population.
Computation	Numerator: Total internet subscriptions during reference year Denominator: Mid-year population during reference year Multiplier: 100
Unit of measurement	Percent
Periodicity	Annual
Level of Disaggregation	Service area
Type of Disaggregation	-

References	Data is available on the website https://www.trai.gov.in

SDG 10 Metadata: National Indicator 10.1.1	
Goal	10: Reduce inequality within and among countries
Target	10.1: By 2030, progressively achieve and sustain income growth of the bottom 40 per cent of the population at a rate higher than the national average
Indicator	10.1.1: Growth rates of household expenditure per capita among the bottom 40 per cent of the population and the total population
Data Source Ministry	Ministry of Statistics and Programme Implementation
Department/Division	
Description of Indicator	The indicator measures growth rate of household expenditure per capita among the bottom 40 per cent of the population in the current year with respect to previous year.
Computation	Numerator: Change in per capita household expenditure (in constant price) of the concerned group of population (bottom 40% of the population or the total population, as the case may be) in the current period from the previous year Denominator: Per capita household expenditure of the concerned group of population (bottom 40% of the population or the total population, as the case may be) in the previous period Multiplier: 100
Unit of measurement	Percent
Periodicity	5 years
Level of Disaggregation	State/UT
Type of Disaggregation	Urbanization
Mapping with Global Indicator	Exact match with GIF 10.1.1
References	NSS Report is available on the website www.mospi.nic.in

SDG 10 Metadata: National Indicator 10.1.2	
Goal	10: Reduce inequality within and among countries
Target	10.1: By 2030, progressively achieve and sustain income growth of the bottom 40 per cent of the population at a rate higher than the national average
Indicator	10.1.2: Gini Coefficient of Household Expenditure
Data Source Ministry	Ministry of Statistics and Programme Implementation
Department/Division	
Description of Indicator	The indicator measures the inequality in consumption expenditure. The coefficient ranges from zero to one, with zero representing perfect equality and one showing perfect inequality. Gini coefficient measures the deviation of distribution of income (or consumption) among the individuals within a country from a perfectly equal distribution
Computation	The Gini coefficient is the ratio of the area that lies between the line of equality and the Lorenz curve
Unit of measurement	Ratio
Periodicity	5 years
Level of Disaggregation	State/UT
Type of Disaggregation	Urbanization
Mapping with Global Indicator	-
References	NSS Report is available on the website www.mospi.nic.in

SDG 10 Metadata: National Indicator 10.2.1	
Goal	10: Reduce inequality within and among countries
Target	10.2: By 2030, empower and promote the social, economic and political inclusion of all, irrespective of age, sex, disability, race, ethnicity, origin, religion or economic or other status
Indicator	10.2.1: Percentage of people living below 50 per cent of median per capita household expenditure
Data Source Ministry	Ministry of Statistics and Programme Implementation
Department/Division	
Description of Indicator	Percentage of people living below 50 per cent of median MPCE. The household consumption expenditures are collected with different reference periods for different items with last 7 days' for some food items, last 30 days' consumption for some other food items and some non-food items, and last 365 days' for some very infrequently consumed items. However, all such expenditures are translated in monthly expenditures.
Computation	Numerator: Estimated number of persons with MPCE less than or equal to Median MPCE in each sector (i.e., Rural or Urban) Denominator: Estimated number of all persons in each sector Multiplier: 100
Unit of measurement	Percent
Periodicity	5 years
Level of Disaggregation	State/UT
Type of Disaggregation	Urbanization
Mapping with Global Indicator	Partial match with GIF 10.2.1

SDG 10 Metadata: National Indicator 10.2.3	
Goal	10: Reduce inequality within and among countries
Target	10.2: By 2030, empower and promote the social, economic and political inclusion of all, irrespective of age, sex, disability, race, ethnicity, origin, religion or economic or other status
Indicator	10.2.3: Proportion of SC/ST persons in Elected bodies (similar to 16.7.2)
Data Source Ministry	Election Commission of India
Department/Division	-
Description of Indicator	Proportion of seats held by persons belonging to SCs and STs in Lok Sabha. Scheduled Castes and Scheduled Tribes as defined under clause (24) and clause (25) of article 366 of the Indian Constitution respectively.
Computation	Numerator: Number of persons belonging to SCs and STs representative in Lok Sabha Denominator: Total representatives in Lok Sabha Multiplier (if any): 100
Unit of measurement	Percent
Periodicity	5 Years

SDG 10 Metadata: National Indicator 10.4.1	
Goal	10: Reduce inequality within and among countries
Target	10.4: Adopt policies, especially fiscal, wage and social protection policies, and progressively achieve greater equality.
Indicator	10.4.1: Labour Share of GDP
Data Source Ministry	Ministry of statistics and Programme Implementation
Department/Division	National Accounts Division, NSO
Description of Indicator	Labour share of Gross Domestic Product (GDP) is the total compensation of employees given as a percent of GDP, which is a measure of total output. It provides information about the relative share of output which is paid as compensation to employees as compared with the share paid to capital in the production process for a given reference period.
Computation	Numerator: Compensation of employees Denominator: GDP at current price Multiplier: 100
Unit of measurement	Percent
Periodicity	Annual
Level of Disaggregation	-
Type of Disaggregation	-
Mapping with Global Indicator	Exact match with GIF 10.4.1

SDG 10 Metadata: National Indicator 10.6.1	
Goal	10: Reduce inequality within and among countries
Target	10.6: Ensure enhanced representation and voice for developing countries in decision-making in global international economic and financial institutions in order to deliver more effective, credible, accountable and legitimate institutions
Indicator	10.6.1: whether the country is a member and has voting rights in international organizations (similar to 16.8.1)
Data Source Ministry	Ministry of External Affairs
Department/Division	
Description of Indicator	The indicator is calculated independently for eleven different international institutions: The United Nations General Assembly, the United Nations Security Council, the United Nations Economic and Social Council, the International Monetary Fund, the International Bank for Reconstruction and Development, the International Finance Corporation, the African Development Bank, the Asian Development Bank, the Inter-American Development Bank, the World Trade Organization, and the Financial Stability Board.
Computation	Number of membership (voting rights) in eleven different international institutions.
Unit of measurement	Ratio
Periodicity	Annual
Level of Disaggregation	-
Type of Disaggregation	-
Mapping with Global Indicator	Exact match with GIF 10.6.1

SDG 10 Metadata: National Indicator 10.7.1	
Goal	10:Reduce inequality within and among countries
Target	10.7: Facilitate orderly, safe, regular and responsible migration and mobility of people, including through the implementation of planned and well-managed migration policies
Indicator	10.7.1: Recruitment cost borne by employee as a proportion of yearly income earned in country of destination
Data Source Ministry	Ministry of External Affairs
Department/Division	Overseas Employments & Protectorate General of Emigrants (OE & PG) Division
Description of Indicator	The indicator is defined as the proportion of recruitment costs borne by employee in the monthly employment earnings.
Computation	RCI = Proportion of recruitment costs in the monthly employment earnings Calculation: RCI = Mean of (Ck/(Ek)) Where, Ck = is the recruitment costs paid by individual migrant worker k Ek = is the monthly earnings of the same migrant worker k
Unit of measurement	Number
Periodicity	Annual

SDG 10 Metadata: National Indicator 10.c.1	
Goal	10: Reduce inequality within and among countries
Target	10.c: By 2030, reduce to less than 3 per cent the transaction costs of migrant remittances and eliminate remittance corridors with costs higher than 5 per cent.
Indicator	10.c.1: Remittance costs as a proportion of the amount remitted
Data Source Ministry	Reserve Bank of India
Department/Division	-
Description of Indicator	Data for remittance is provided in the category of two types of transfer Mode through Direct Transfer to Bank Account/Electronic Wire and through SWIFT. Cost of sending USD 200 to public sector bank and cost of receiving USD 200 Public Sector Banks are provided in term of Range by RBI.
Computation	Numerator: Total remittance cost through Direct Transfer to Bank Account/Electronic Wire and through SWIFT transfer mode Denominator: Total amount remitted Multiplier: 100
Unit of measurement	Percent
Periodicity	Annual

SDG 11 Metadata: National Indicator 11.3.1	
Goal	11: Make cities and human settlements inclusive, safe, resilient and sustainable
Target	11.3: By 2030, enhance inclusive and sustainable urbanization and capacity for participatory, integrated and sustainable human settlement planning and management in all countries
Indicator	11.3.1: Proportion of Cities with Master Plan (similar to 11.a.1)
Data Source Ministry	Ministry of Housing and Urban Affairs
Department/Division	-
Description of Indicator	<p>The indicator gives the proportion of cities with Master plan during reference year. If in the opinion of the State Government any regulated area requires to be developed according to a Master Plan, it may cause such plan to be prepared either through the Controlling Authority or through such other agency as the State Government may think fit.</p> <p>The Master Plan shall be comprehensive plan showing therein the existing and proposed location and general layout of:</p> <ol style="list-style-type: none"> 1) Arterial streets and transportation lines 2) Residential sections 3) Business areas 4) Industrial areas 5) Educational institutions 6) Public Parks, play grounds and other recreational facilities 7) Public and semi-public buildings 8) Other land-uses which are necessary
Computation	<p>Numerator: Number of cities with Master plan during reference year Denominator: Total number of cities during the reference year Multiplier: 100</p>

SDG 11 Metadata: National Indicator 11.4.1	
Goal	11: Make cities and human settlements inclusive, safe, resilient and sustainable
Target	11.4: Strengthen efforts to protect and safeguard the world's cultural and natural heritage
Indicator	11.4.1: Total per capita expenditure on the preservation, protection and conservation of all cultural and natural heritage
Data Source Ministry	Ministry of Culture
Department/Division	-
Description of Indicator	Total funding from central government in the preservation, protection and conservation of cultural and/or natural heritage for a given year per capita.
Computation	<p>Numerator: Expenditure for conservation, preservation and environmental development of monuments Denominator: Projected population for the reference period Multiplier: Nil</p>
Unit of measurement	Per capita
Periodicity	Annual
Level of Disaggregation	State/UT
Type of Disaggregation	Cultural Heritage

SDG 12 Metadata: National Indicator 12.3.1	
Goal	12: Ensure sustainable consumption and production patterns
Target	12.3: By 2030, halve per capita global food waste at the retail and consumer levels and reduce food losses along production and supply chains, including post-harvest losses
Indicator	12.3.1: Per capita food availability
Data Source Ministry	Ministry of Agriculture and Farmers' Welfare
Department/Division	FE, DAC&FW
Description of Indicator	Net availability of food grains = (Production of rice, wheat, other cereals and all pulses in '000 tons) – (seed, feed and wastage) - exports + imports + change in stocks (+/-)
Computation	<p>Numerator: Net availability of food grains (in kg.) during the reference year Denominator: Mid-year population during the reference year Multiplier: Nil</p> <p>Where, Net availability of food grains = (Production of rice, wheat, other cereals and all pulses in '000 tons) – (seed, feed and wastage) - exports + imports + change in stocks (+/-)</p>

SDG 12 Metadata: National Indicator 12.3.2	
Goal	12: Ensure sustainable consumption and production patterns
Target	12.3: By 2030, halve per capita global food waste at the retail and consumer levels and reduce food losses along production and supply chains, including post-harvest losses
Indicator	12.3.2: Post harvest storage and distribution losses of Central/States Pool stocks of wheat and rice
Data Source Ministry	Ministry of Consumer Affairs, Food and Public Distribution
Department/Division	-
Description of Indicator	Indicator refers to percentage losses of Central Pool stocks of wheat and rice calculated in term of value of losses. Losses are calculated in terms of storage and transit losses. Net availability of food grains = (Production of rice, wheat, other cereals and all pulses in '000 tons) – (seed, feed and wastage) - exports + imports + change in stocks (+/-)
Computation	<p>For Storage Losses: Numerator: Total quantity lost in storage (Wheat and Rice) Denominator: Total quantity received in storage (Wheat and Rice) Multiplier: 100</p> <p>For Transit Losses: Numerator: Total quantity lost in transit (Wheat and Rice) Denominator: Total quantity moved during transit (Wheat and Rice) Multiplier: 100</p>

SDG 12 Metadata: National Indicator 12.4.1	
Goal	12: Ensure sustainable consumption and production patterns
Target	12.4: By 2020, achieve the environmentally sound management of chemicals and all wastes throughout their life cycle, in accordance with agreed international frameworks, and significantly reduce their release to air, water and soil in order to minimize their adverse impacts on human health and the environment
Indicator	12.4.1: Whether the country has ratified international Multilateral Environmental Agreements on hazardous waste and other chemicals
Data Source Ministry	Ministry of Environment, Forest and Climate Change
Department/Division	-
Description of Indicator	The indicator refers to whether the country has ratified, accepted, approved or accessed, to the following Multilateral Environmental Agreements (MEAs): 1) The Basel Convention on the Control of Transboundary Movements of Hazardous Wastes and their Disposal (Basel Convention) 2) The Rotterdam Convention on the prior informed consent procedure for certain hazardous chemicals and pesticides in international trade (Rotterdam Convention) 3) The Stockholm Convention on Persistent Organic Pollutants (Stockholm Convention) 4) The Montreal Protocol on Substances that Deplete the Ozone Layer (Montreal Protocol) 5) Minamata Convention on Mercury (Minamata Convention)

SDG 12 Metadata: National Indicator 12.4.2	
Goal	12: Ensure sustainable consumption and production patterns
Target	12.4: By 2020, achieve the environmentally sound management of chemicals and all wastes throughout their life cycle, in accordance with agreed international frameworks, and significantly reduce their release to air, water and soil in order to minimize their adverse impacts on human health and the environment
Indicator	12.4.2: (a) Hazardous waste generated per capita; and (b) proportion of hazardous waste treated, by type of treatment
Data Source Ministry	Ministry of Environment, Forest and Climate Change
Department/Division	Central pollution Control Board
Description of Indicator	Hazardous waste is waste that is dangerous or may become dangerous to the environment or people's health. Municipal waste is defined at national level as wastes consisting of everyday items. These wastes come from household, institutions and commercial establishments.
Computation	Hazardous waste generated per capita: Numerator: Total hazardous waste generated in MT during the reference year Denominator: Mid-year population during the reference year Multiplier: Nil Proportion of hazardous waste treated, by type of treatment: Numerator: Total hazardous waste recycled/utilized in MT during the reference year Denominator: Mid-year population during the reference year Multiplier: Nil
Unit of measurement	Hazardous waste generated per capita: MT per person Proportion of hazardous waste treated, by type of treatment: Ratio

SDG 12 Metadata: National Indicator 12.c.1	
Goal	12: Ensure sustainable consumption and production patterns
Target	12.c: Rationalize inefficient fossil-fuel subsidies that encourage wasteful consumption by removing market distortions, in accordance with national circumstances, including by restructuring taxation and phasing out those harmful subsidies, where they exist, to reflect their environmental impacts, taking fully into account the specific needs and conditions of developing countries and minimizing the possible adverse impacts on their development in a manner that protects the poor and the affected communities
Indicator	12.c.1: Amount of fossil fuel subsidy per unit of GDP
Data Source Ministry	Numerator: Ministry of Finance Denominator: Ministry of Statistics & Programme Implementation
Department/Division	
Description of Indicator	The indicator refers to percentage share of expenditures made on subsidies of petroleum (include LPGs and Kerosene) with respect to GDP at current price.
Computation	Numerator: Expenditure on petroleum subsidies Denominator: Gross Domestic Product at current price Multiplier: 100
Unit of measurement	Percent
Periodicity	Annual

SDG 14 Metadata: National Indicator 14.1.1	
Goal	14: Conserve and sustainably use the oceans, seas and marine resources for sustainable development.
Target	14.1: By 2025, prevent and significantly reduce marine pollution of all kinds, in particular from land-based activities, including marine debris and nutrient pollution.
Indicator	14.1.1: Coastal Water Quality Index (CWQI)
Data Source Ministry	Ministry of Earth Sciences
Department/Division	-
Description of Indicator	<p>The CWQI which is calculated for each monitoring location can be used to assess the health of the coastal waters. Based on the CWQI, the monitoring locations can be categorized as Poor, Fair, Good etc. Range for coastal water quality is as follows:</p> <ol style="list-style-type: none"> 1) 0-20 – Very Poor 2) 21-40 – Poor 3) 41-60 – Moderate 4) 61-80 – Good 5) 81-100 – Very Good <p>Field data on essential environmental parameters were collected along coastal States of India by the respective participating centers under Seawater Quality Monitoring (SWQM) programme of Ministry of Earth Sciences</p>
Computation	$WQI = \frac{\sum_{i=1}^n w_i q_i}{\sum_{i=1}^n w_i}$ <p>where n is the number of variables or parameters, w_i is the relative weight of the ith parameter and q_i is the water quality rating of the ith parameter.</p>

SDG 14 Metadata: National Indicator 14.2.1	
Goal	14: Conserve and sustainably use the oceans, seas and marine resources for sustainable development.
Target	14.2: By 2020, sustainably manage and protect marine and coastal ecosystems to avoid significant adverse impacts, including by strengthening their resilience, and take action for their restoration in order to achieve healthy and productive oceans
Indicator	14.2.1: Percentage change in area under mangroves (similar to Indicator 14.5.2)
Data Source Ministry	Ministry of Environment Forest and Climate Change
Department/Division	Forest Survey of India
Description of Indicator	<p>Mangrove cover is defined as 'Area covered under mangrove vegetation as interpreted from remote sensing data. It is included in the forest cover'.</p> <p>Forest cover is defined as 'All Lands, more than 1 hectare in area, with a tree canopy density of more than 10% irrespective of ownership and legal status. Such land may not necessarily be a recorded forest area. It also includes orchards, bamboo and palm'.</p> <p>Mangrove cover assessment is carried out biennially and changes thereon with respect to the previous assessment are calculated for each district, States and Country.</p> <p>Forest cover assessment is a biennial wall to wall mapping exercise based on Remote sensing using LISS III (23.5 mtr Resolution) sensor data from IRS P6, supported by intensive ground verification and field data from National Forest Inventory. Area covered under mangrove vegetation is also included in the forest cover.</p> <p>Mangrove shows conspicuous tone and textures on the satellite images, which has been used in the mapping of mangrove cover of the country.</p> <p>Changes in forest cover under mangrove w.r.t to previous assessments are calculated for district, State and country level. Based on the analysis of changes observed w.r.t previous assessment, a change matrix is generated indicating the change in the extent of mangrove cover.</p>
Computation	<p>Numerator: Area under Mangrove cover in the period (t) - Area under Mangrove cover in period (t-2)</p> <p>Denominator: Area under Mangrove cover in period (t-2)</p> <p>Multiplier: 100</p>

SDG 14 Metadata: National Indicator 14.3.1	
Goal	14: Conserve and sustainably use the oceans, seas and marine resources for sustainable development.
Target	14.3: Minimize and address the impacts of ocean acidification, including through enhanced scientific cooperation at all levels
Indicator	14.3.1: Average marine acidity (pH) measured at agreed site of representative sampling stations
Data Source Ministry	Ministry of Earth Sciences
Department/Division	-
Description of Indicator	<p>Ministry of Earth Sciences, through Centre for Marine Living Resources and Ecology (CMLRE) and National Centre for Coastal Research (NCCR) is monitoring the estuarine, coastal and open ocean pH to ascertain the status of Ocean Acidification being influenced by anthropogenic activities and climate change conditions. NCCR through its "Seawater Quality Monitoring (SWQM/COMAPS)" programme is monitoring pH of the estuaries and coastal seas of India since 1990s. CMLRE and NCCR are jointly monitoring coastal and oceanic pH of the eastern Arabian Sea including on its shelf. Decrease in pH over a long-term period indicates the Ocean Acidification.</p> <p>Note: As such there is no average value for pH for coastal waters. However, the average global oceanic pH is around 8.</p>

SDG 15 Metadata: National Indicator 15.1.3	
Goal	15: Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss
Target	15.1: By 2020, ensure the conservation, restoration and sustainable use of terrestrial and inland freshwater ecosystems and their services, in particular forests, wetlands, mountains and dry lands, in line with obligations under international agreements
Indicator	15.1.3: Area of Ramsar sites as a percentage to the total wetland area
Data Source Ministry	Ministry of Environment, Forest and Climate Change
Department/Division	-
Description of Indicator	Wetlands are vital for our water and food security. As "kidneys of landscape, wetlands receive flows of water and waste from upstream sources. They help stabilize water supplies, cleanse polluted waters, protect shorelines, and recharge groundwater aquifers. The Convention on Wetlands, called the Ramsar Convention, is an intergovernmental treaty that provides the framework for national action and international cooperation for the conservation and wise use of wetlands and their resources. The Convention was adopted in 1971 at the Iranian City of Ramsar. Contracting Parties to the Convention commit to designating wetlands into the List of Wetlands of International Importance, and wise use of all wetlands in their territory.

SDG 15 Metadata: National Indicator 15.2.1	
Goal	15: Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss
Target	15.2: By 2020, promote the implementation of sustainable management of all types of forests, halt deforestation, restore degraded forests and substantially increase afforestation and reforestation globally
Indicator	15.2.1: Percentage change in Forest cover
Data Source Ministry	Ministry of Environment, Forest and Climate Change
Department/Division	Forest Survey of India
Description of Indicator	The 'Forest Area' or 'Recorded Forest Area (RFA)' refers to all the geographic areas recorded as 'Forests' in government records. RFA mainly consists of Reserved Forests (RF) and Protected Forests (PF), which have been notified under the provisions of Indian Forest Act, 1927 or its counterpart State Acts. Besides RFs and PFs, the RFA may also include all such areas, which have been recorded as forests in the revenue records or have been constituted so under any State Act or Local Laws. The data for this indicator is collected by Forest Survey of India. Note: 't' refers to reference time period
Computation	Numerator: Recorded Forest Area in period t - Recorded Forest Area in period (t-2) Denominator: Recorded Forest Area in period (t-2) Multiplier: 100

Goal	15: Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss
Target	15.2: By 2020, promote the implementation of sustainable management of all types of forests, halt deforestation, restore degraded forests and substantially increase Afforestation and reforestation globally
Indicator	15.2.2: Total area covered under different Afforestation schemes
Data Source Ministry	Ministry of Statistics and Programme Implementation
Department/Division	-
Description of Indicator	The indicator indicates area i.e. total land (in hectares), both public as well as forest land, cover under different Afforestation schemes. MoSPI compiles and publishes year wise data on the total area covered under plantation which is being provided by all States and UTs on annual basis.
Computation	Total land (public as well as forest land) cover under different Afforestation schemes
Unit of measurement	Hectare
Periodicity	Annual
Level of Disaggregation	State/UT
Type of Disaggregation	-
Mapping with Global Indicator	-
References	Data is available on the website : http://mospi.nic.in

SDG 15 Metadata: National Indicator 15.2.3	
Goal	15: Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss
Target	15.2: By 2020, promote the implementation of sustainable management of all types of forests, halt deforestation, restore degraded forests and substantially increase Afforestation and reforestation globally
Indicator	15.2.3: Tree cover as percentage of total geographical area
Data Source Ministry	Ministry of Environment Forest and Climate Change
Department/Division	Forest Survey of India
Description of Indicator	Tree cover is defined as all tree patches of size less than 1 ha occurring outside the recorded forest area. The tree cover includes trees in all formations including scattered trees.
Computation	Numerator: Total Tree Cover Denominator: Total Geographic Area Multiplier: 100
Unit of measurement	Percent
Periodicity	2 Years
Level of Disaggregation	State/UT
Type of Disaggregation	-
Mapping with Global Indicator	-
References	Data is available on the website http://fsi.nic.in

SDG 15 Metadata: National Indicator 15.3.1	
Goal	15: Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss
Target	15.3: By 2030, combat desertification, restore degraded land and soil, including land affected by desertification, drought and floods, and strive to achieve a land degradation neutral world
Indicator	15.3.1: Proportion of land that is degraded over total land area
Data Source Ministry	-
Department/Division	National Remote Sensing Centre (NRSC), Department of Space
Description of Indicator	-
Computation	Numerator: Total land area degraded during the reference year Denominator: Total geographical area during the reference year Multiplier: 100
Unit of measurement	Percent
Periodicity	5 years
Level of Disaggregation	-
Type of Disaggregation	-
Mapping with Global Indicator	Exact match with GIF 15.3.1

SDG 15 Metadata: National Indicator 15.4.1	
Goal	15: Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss
Target	15.4: By 2030, ensure the conservation of mountain ecosystems including their biodiversity, in order to enhance their capacity to provide benefits that are essential for sustainable development
Indicator	15.4.1: Percentage change in forest cover in hill districts
Data Source Ministry	Ministry of Environment Forest and Climate Change
Department/Division	Forest Survey of India
Description of Indicator	<p>Forest cover is defined as 'All Lands, more than 1 hectare in area, with a tree canopy density of more than 10% irrespective of ownership and legal status. Such land may not necessarily be a recorded forest area. It also includes orchards, bamboo and palm'.</p> <p>Mountain areas include hill districts wherein more than 50% of its geographical area under 'hill talukas' based on criteria adopted by the planning commission for hill area and Western Ghats development programmes. About 127 hill districts have been taken into consideration for forest cover analysis in India State of Forest Report 2017.</p> <p>Forest cover assessment in 127 hill districts is carried out biennially and changes thereon with respect to the previous assessment are calculated for each district, States and Country.</p> <p>Forest cover assessment is a biennial wall to wall mapping exercise based on Remote sensing using LISS III (23.5 mtr Resolution) sensor data from IRS P6, supported by intensive ground verification and field data from National Forest Inventory.</p>
Computation	Numerator: Total Forest cover in hill district in the period 't' - Total forest cover in period (t-1) Denominator: Total forest cover in hill district in period (t-1) Multiplier: 100
Unit of measurement	Percent
Periodicity	2 Years
Level of Disaggregation	State
Type of Disaggregation	-
Mapping with Global Indicator	-

SDG 15 Metadata: National Indicator 15.4.2	
Goal	15: Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss
Target	15.4: By 2030, ensure the conservation of mountain ecosystems including their biodiversity, in order to enhance their capacity to provide benefits that are essential for sustainable development
Indicator	15.4.2: Percentage change in per capita income of Himalayan States over previous year
Data Source Ministry	Ministry of Statistics and Programme Implementation
Department/Division	National Accounts Division
Description of Indicator	The indicator measures percentage change in Per Capita Net State Domestic Product (PCNSDP) in hill States during the reference year over the previous year.
Computation	Numerator: PCNSDP during the reference year - PCNSDP during the previous year Denominator: PCNSDP during the previous year Multiplier: 100
Unit of measurement	Percent
Periodicity	Annual
Level of Disaggregation	Hill State
Type of Disaggregation	-

SDG 15 Metadata: National Indicator 15.6.1	
Goal	15: Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss
Target	15.6: Promote fair and equitable sharing of the benefits arising from the utilization of genetic resources and promote appropriate access to such resources, as internationally agreed
Indicator	15.6.1: Number of Access and Benefit Sharing (ABS) agreements signed
Data Source Ministry	Ministry of Environment Forest and Climate Change
Department/Division	National Biodiversity Authority
Description of Indicator	This indicator measures progress made by country in establishing legislative, administrative or policy framework on access and Benefit-Sharing (ABS). ABS frameworks, contributes to the conservation and sustainable use of biological and genetic diversity and thus achievement of Target 15.6. This indicator shows the effectiveness of operationalization of the Nagoya protocol in the country. The ABS Agreement is signed between the applicant (user) and the National Biodiversity Authority (provider).
Computation	Number of Access and Benefit Sharing (ABS) agreements signed
Unit of measurement	Number
Periodicity	Annual

SDG 15 Metadata: National Indicator 15.7.1	
Goal	15: Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss
Target	15.7: Take urgent action to end poaching and trafficking of protected species of flora and fauna and address both demand and supply of illegal wildlife products.
Indicator	15.7.1: Number of cases registered under the Wildlife Protection Act, 1972 (similar to 15.c.1)
Data Source Ministry	Ministry of Environment Forest and Climate Change
Department/Division	Wildlife Crime Control Bureau
Description of Indicator	Whenever a case related to violation of The Wildlife (Protection) Act, 1972 is detected by an enforcement agency (Police/Forest) of a state, the details of the case is sent to Wildlife Crime Control Bureau (WCCB) by concerned state based on which the data is compiled by WCCB at national level. The annual data of the wildlife cases detected by states/UTs and reported to WCCB is then compiled. Wildlife Crime Control Bureau (WCCB) is a statutory multi-disciplinary body established by the Government of India under the Ministry of Environment and Forests, to combat organized wildlife crime in the country.
Computation	Total number of cases registered annually in all States and UTs under the Wildlife (Protection) Act, 1972 according to the data provided by States/UTs to WCCB
Unit of measurement	Number
Periodicity	Annual
Level of Disaggregation	States/UT
Type of Disaggregation	-
Mapping with Global Indicator	-

SDG 15 Metadata: National Indicator 15.b.1	
Goal	15: Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss
Target	15.b: Mobilize significant resources from all sources and at all levels to finance sustainable forest management and provide adequate incentives to developing countries to advance such management, including for conservation and reforestation
Indicator	15.b.1: Percentage of government spending on environmental protection to total government expenditure
Data Source Ministry	Ministry of Statistics and Programme Implementation
Department/Division	National Accounts Division
Description of Indicator	The indicator measures Government's spending on environment protection. The indicator is relevant to the target as it will help in assessing mobilization of resources for environment protection.
Computation	Numerator: Total government expenditures (at current price) on environment protection during reference year Denominator: Government total expenditures (at current price) during reference year Multiplier: 100
Unit of measurement	Percent
Periodicity	Annual

SDG 16 Metadata: National Indicator 16.1.1	
Goal	16: Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels.
Target	16.1: Significantly reduce all forms of violence and related death rates everywhere.
Indicator	16.1.1: Number of victims of intentional homicide per 1,00,000 population.
Data Source Ministry	Ministry of Home Affairs
Department/Division	Numerator: National Crime Record Bureau Denominator: 2015-16 - Office of Registrar General, India, MHA & 2017-19 - Ministry of Health & Family Welfare
Description of Indicator	The indicator is defined as number of victims reported under Murder (IPC Section 302IPC) per 1,00,000 population.
Computation	Numerator: Number of victims reported under Murder (IPC Section 302IPC) Denominator: Mid-year population during reference year Multiplier: 1,00,000
Unit of measurement	Per 1,00,000 population
Periodicity	Annual
Level of Disaggregation	State/UT
Type of Disaggregation	-

SDG 16 Metadata: National Indicator 16.3.2	
Goal	16: Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels.
Target	16.3: Promote the rule of law at the national and international levels and ensure equal access to justice for all.
Indicator	16.3.2: Un sentenced detainees as a proportion of overall prison population
Data Source Ministry	Ministry of Home Affairs
Department/Division	National Crime Records Bureau
Description of Indicator	The total number of persons held in detention who have not yet been sentenced i.e. under trials, as a percentage of the total number of persons held in detention as on 31 st December of the reference year. 1) Prisoner 1: Any person confined or committed to jail (other than police custody) as per the order of a competent authority. 2) Convicted criminal prisoner or Convicts: Any criminal prisoner under sentence of a Court or Court-martial, and includes a person detained in prison under the provisions of Chapter VIII of the 6 Code of Criminal Procedure, 1882 (10 of 1882) or under the 7 Prisoners Act, 1871(5 of 1871). 3) Under trial Prisoner: Any person who has been committed to judicial custody and against whom a criminal trial has been initiated by a competent authority (trial is in process and not yet disposed off). 4) Detainees: Any person detained in prison on the orders of the competent authority under the relevant preventive laws. Note: Total prison inmates include convicts, under trials, detainees and other prison inmates. The information is collected by National Crime Records Bureau using a standard proforma from all prisons located in states and UTs through Prison Headquarters on annual basis.
Computation	Numerator: Total number of under trials as on 31 st December of the reference year Denominator: Total prison inmates as on 31 st December of the reference year Multiplier: 100
Unit of measurement	Percent
Periodicity	Annual
Level of Disaggregation	State/UT

SDG 16 Metadata: National Indicator 16.6.1	
Goal	16: Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels
Target	16.6: Develop effective, accountable and transparent institutions at all levels
Indicator	16.6.1: Primary government expenditures as a proportion of original approved budget
Data Source Ministry	Ministry of Finance
Department/Division	Department of Economic Affairs
Description of Indicator	Primary government expenditures as a proportion of original approved budget. This indicator measures the extent to which aggregate budget expenditure outturn reflects the amount originally approved, as defined in government budget documentation and fiscal reports. The coverage is budgetary central government (BCG) and the time period covered is the last three completed fiscal years.
Computation	The indicator has been calculated from Union Budget. Numerator: Actual Expenditure of Government of India Denominator: Budget Estimate of total expenditure of Government of India Multiplier: 100
Unit of measurement	Percent
Periodicity	Annual

SDG 16 Metadata: National Indicator 16.9.1	
Goal	16: Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels.
Target	16.9: By 2030, provide legal identity for all, including birth registration
Indicator	16.9.1: Percentage of births registered
Data Source Ministry	Ministry of Home Affairs
Department/Division	Office of the Registrar General, India
Description of Indicator	<p>The indicator refers to percentage of births registered with a civil authority out of total birth occurred in a year. The indicator is defined as 'Level of Registration' (LOR) of birth for some registration area describing the extent to which registration of such event is complete in that area. LOR is calculated as the number of registered births, deaths to the total number of such events available for registration in that area during the year.</p> <p>For want of actual number of births, deaths available for registration, these are estimated using the Sample Registration System (SRS) birth and the estimated mid-year population. The indicator is defined as Level of Registration of Births (LOR) i.e. as the percentage of registered births to the births estimated through SRS.</p> <p>Where, Number of estimated birth events for a year = Mid-year population × Birth Rate from Sample Registration System</p>
Computation	<p>Numerator: Number of birth registered with civil authority during year</p> <p>Denominator: Number of estimated birth for the year</p> <p>Multiplier: 100</p>
Unit of measurement	Percent
Periodicity	Annual
Level of Disaggregation	State/UT

Target	17.3: Mobilize additional financial resources for developing countries from multiple sources
Indicator	17.3.2: Volume of remittances as a proportion of total GDP
Data Source Ministry	Numerator: Ministry of Finance Denominator: Ministry of Statistics and Programme Implementation
Department/Division	Denominator: National Accounts Division
Description of Indicator	The indicator refers to the amount of personal remittances (which includes personal transfers and compensation of employees as defined by World Bank Global Development Indicators) to India as a percentage of gross domestic product (GDP).
Computation	Numerator: Personal remittances to India (Net) (in USD Million) Denominator: GDP at current price Multiplier: 100
Unit of measurement	Percent
Periodicity	Annual
Level of Disaggregation	-
Type of Disaggregation	-
Mapping with Global Indicator	Exact match with GIF 17.3.2
References	Data is available on the website https://www.rbi.org.in and www.mospi.gov.in

SDG 17 Metadata: National Indicator 17.4.1	
Goal	17: Strengthen the means of implementation and revitalize the Global Partnership for Sustainable Development
Target	17.4: Assist developing countries in attaining long-term debt sustainability through coordinated policies aimed at fostering debt financing, debt relief and debt restructuring, as appropriate, and address the external debt of highly indebted poor countries to reduce debt distress
Indicator	17.4.1: Debt service as a proportion of exports of goods and services.
Data Source Ministry	Reserve Bank of India
Department/Division	
Description of Indicator	The indicator is defined as the percentage of debt services (principle and interest payments) to the exports of goods and services.
Computation	Numerator: Debt Service (USD Million) Denominator: Exports of Goods and services (USD Million) Multiplier: 100
Unit of measurement	Percent
Periodicity	Annual
Level of Disaggregation	-
Type of Disaggregation	-
Mapping with Global Indicator	Exact match with GIF 17.4.1
References	Data is available on the website https://www.rbi.org.in

SDG 17 Metadata: National Indicator 17.6.1	
Goal	17: Strengthen the means of implementation and revitalize the Global Partnership for Sustainable Development
Target	17.6: Enhance North-South, South-South and triangular regional and international cooperation on and access to science, technology and innovation and enhance knowledge- sharing on mutually agreed terms, including through improved coordination among existing mechanisms, in particular at the United Nations level, and through a global technology facilitation mechanism
Indicator	17.6.1: Fixed internet broadband subscriptions per 100 inhabitants, by speed.
Data Source Ministry	Numerator: Telecom Regulatory Authority of India Denominator: Ministry of Home Affairs
Department/Division	Denominator: National Accounts Division
Description of Indicator	The indicator refers to the number of fixed-broadband subscriptions to the public Internet, split by advertised download speed. The indicator is currently broken down by the following subscription speeds: 1) Broadband Service: Refers to all subscriptions having internet access with minimum capacity of equal to, or greater than, 512 kbit/s in one or both direction(s). 2) NarrowbandService: Refers to all subscriptions having internet access with minimum capacity of lesser than 512 kbit/s in one or both direction(s).
Computation	Numerator: Total wire line (wired) subscribers of internet broadband Denominator: Projected mid-year population Multiplier: 100
Unit of measurement	Percent
Periodicity	Annual
Level of Disaggregation	-
Type of Disaggregation	-
Mapping with Global Indicator	Partial match with GIF 17.6.1
References	Data is available on the website https://www.trai.gov.in

SDG 17 Metadata: National Indicator 17.11.1	
Goal	17: Strengthen the means of implementation and revitalize the Global Partnership for Sustainable Development
Target	17.11: Significantly increase the exports of developing countries, in particular with a view to doubling the least developed countries' share of global exports by 2020
Indicator	17.11.1: Share of India's exports in Global exports
Data Source Ministry	Ministry of Commerce and Industry
Department/Division	DGFT, Department of Commerce and Industry
Description of Indicator	Percentage Share of India's exports to Global exports for merchandise and services trade, based on calendar year data available at WTO database.
Computation	Numerator: Total India's exports for merchandise and services trade for calendar year Denominator: Total Global exports for merchandise and services trade, based on calendar year data available at WTO database Multiplier: Nil
Unit of measurement	Percent
Periodicity	Annual
Level of Disaggregation	-
Type of Disaggregation	-
Mapping with Global Indicator	Exact match with GIF 17.11.1
References	Data is available on the website http://dgft.gov.in and https://comtrade.un.org

SDG 17 Metadata: National Indicator 17.13.1	
Goal	17: Strengthen the means of implementation and revitalize the Global Partnership for Sustainable Development
Target	17.13: Enhance global macroeconomic stability, including through policy coordination and policy coherence
Indicator	17.13.1: Macroeconomic Dashboard
Data Source Ministry	Ministry of Finance
Department/Division	Department of Economic Affairs
Description of Indicator	'National Summary Data Page' is available on the website of Ministry of Finance which depicting on Real, Fiscal, Financial and External sectors has been taken as the value of Macroeconomic Dashboard.
Computation	
Unit of measurement	Percent
Periodicity	Annual
Level of Disaggregation	-
Type of Disaggregation	-
Mapping with Global Indicator	Exact match with GIF 17.13.1
References	Data is available on the website https://finmin.nic.in

SDG 17 Metadata: National Indicator 17.16.1	
Goal	17: Strengthen the means of implementation and revitalize the Global Partnership for Sustainable Development
Target	17.16: Enhance the Global Partnership for Sustainable Development, complemented by multi-stakeholder partnerships that mobilize and share knowledge, expertise, technology and financial resources, to support the achievement of the Sustainable Development Goals in all countries, in particular developing countries.
Indicator	17.16.1: Number of States having a State Monitoring Framework that supports the achievement of the sustainable development goals
Data Source Ministry	Ministry of Statistics and programme Implementation
Department/Division	Social Statistics Division
Description of Indicator	-
Computation	Number of States/UTs reported to develop State Indicator Framework(SIF)in the line of NIF
Unit of measurement	Number
Periodicity	Annual
Level of Disaggregation	-
Type of Disaggregation	-

SDG 17 Metadata: National Indicator 17.18.2	
Goal	17: Strengthen the means of implementation and revitalize the Global Partnership for Sustainable Development
Target	17.18: By 2020, enhance capacity-building support to developing countries, including for least developed countries and small island developing States, to increase significantly the availability of high-quality, timely and reliable data disaggregated by income, gender, age, race, ethnicity, migratory status, disability, geographic location and other characteristics relevant in national contexts
Indicator	17.18.2: Whether the country has national statistical legislation that complies with the Fundamental Principles of Official Statistics
Data Source Ministry	Ministry of Statistics and Programme Implementation
Department/Division	
Description of Indicator	The indicator refers whether the country has national statistical legislation that complies with the Fundamental Principles of Official Statistics. This refers to the number of countries that have a statistical legislation which respects the principles of UNFOP
Computation	
Unit of measurement	Yes/No
Periodicity	Annual
Level of Disaggregation	-
Type of Disaggregation	-

SDG 17 Metadata: National Indicator 17.19.1	
Goal	17: Strengthen the means of implementation and revitalize the Global Partnership for Sustainable Development
Target	17.19: By 2030, build on existing initiatives to develop measurements of progress on sustainable development that complement gross domestic product, and support statistical capacity-building in developing countries.
Indicator	17.19.1: Budget allocated to different Ministries for strengthening statistics
Data Source Ministry	Ministry of Statistics and programme Implementation
Department/Division	National Accounts Division
Description of Indicator	In the budget document the Major Head '3454' is meant for "Census, Survey and Statistics" across the Government of India. The budget allocated under this head has been taken as the value of the indicator.
Computation	Budget allocated to different Ministries under the Budget head '3454' meant for "Census, Survey and Statistics" across the Government of India
Unit of measurement	Rs. Lakh
Periodicity	Annual
Level of Disaggregation	-
Type of Disaggregation	-

SDG 17 Metadata: National Indicator 17.19.2	
Goal	17: Strengthen the means of implementation and revitalize the Global Partnership for Sustainable Development
Target	17.19: By 2030, build on existing initiatives to develop measurements of progress on sustainable development that complement gross domestic product, and support statistical capacity-building in developing countries.
Indicator	17.19.2: Proportion of States/UTs that have achieved 100 per cent birth registration and 80 per cent death registration
Data Source Ministry	Ministry of Home Affairs
Department/Division	Office of the Registrar General, India
Description of Indicator	-
Computation	Numerator: Total no. of States/UTs reported 100% birth registration (at least 80% death registration) under CRS Denominator: Total States/UTs covered in CRS Multiplier: 100
Unit of measurement	Percent
Periodicity	Annual
Level of Disaggregation	State/UT
Type of Disaggregation	-
Mapping with Global Indicator	Exact match with GIF 17.19.2

Annex I - List of Un-addressed Targets

SL	Target No.	Target
1	2.b	Correct and prevent trade restrictions and distortions in world agricultural markets, including through the parallel elimination of all forms of agricultural export subsidies and all export measures with equivalent effect, in accordance with the mandate of the Doha Development Round
2 *	4.b	By 2020, substantially expand globally the number of scholarships available to developing countries, in particular least developed countries, small island developing States and African countries, for enrolment in higher education, including vocational training and information and communications technology, technical, engineering and scientific programmes, in developed countries and other developing countries
3 *	6.a	6.a: By 2030, expand international cooperation and capacity-building support to developing countries in water- and sanitation-related activities and programmes, including water harvesting, desalination, water efficiency, wastewater treatment, recycling and reuse technologies
4 *	7.a	By 2030, enhance international cooperation to facilitate access to clean energy research and technology, including renewable energy, energy efficiency and advanced and cleaner fossil-fuel technology, and promote investment in energy infrastructure and clean energy technology
5 *	8.a	Increase Aid for Trade support for developing countries, in particular least developed countries, including through the Enhanced Integrated Framework for Trade-related Technical Assistance to Least Developed Countries
6 *	9.a	Facilitate sustainable and resilient infrastructure development in developing countries through enhanced financial, technological and technical support to African countries, least developed countries, landlocked developing countries and small island developing States
7	10.3	Ensure equal opportunity and reduce inequalities of outcome, including by eliminating discriminatory laws, policies and practices and promoting appropriate legislation, policies and action in this regard
8	10.5	Improve the regulation and monitoring of global financial markets and institutions and strengthen the 1.71 implementation of such regulations
9	10.a	Implement the principle of special and differential treatment for developing countries, in particular least developed countries, in accordance with World Trade Organization agreements
10 *	10.b	Encourage official development assistance and financial flows, including foreign direct investment, to States where the need is greatest, in particular least developed countries, African countries, small island developing States and land-locked developing countries, in accordance with their national plans and programmes
11 #	11.c	Support least developed countries, including through financial and technical assistance, in building sustainable and resilient buildings utilizing local materials
12 \$	13.a	Implement the commitment undertaken by developed-country parties to the United Nations Framework Convention on Climate Change to a goal of mobilizing jointly \$100 billion annually by 2020 from all sources to address the needs of developing countries in the context of meaningful mitigation actions and transparency on implementation and fully operationalize the Green Climate Fund through its capitalization as soon as possible
13 \$	13.b	Promote mechanisms for raising capacity for effective climate change-related planning and management in least developed countries and small island developing States, including focusing on women, youth and local and marginalized communities

SL	Target No.	Target
14	14.6	By 2020, prohibit certain forms of fisheries subsidies which contribute to over-capacity and overfishing, eliminate subsidies that contribute to illegal, unreported and unregulated fishing and refrain from introducing new such subsidies, recognizing that appropriate and effective special and differential treatment for developing and least developed countries should be an integral part of the World Trade Organization fisheries subsidies negotiation
15	14.7	By 2030, increase the economic benefits to small island developing States and least developed countries from the sustainable use of marine resources, including through sustainable management of fisheries, aquaculture and tourism
16 *	15.a	Mobilize and significantly increase financial resources from all sources to conserve and sustainably use biodiversity and ecosystems
17	16.b	Promote and enforce non-discriminatory laws and policies for sustainable development
18 *\$	17.2	Developed countries to implement fully their official development assistance commitments, including the commitment by many developed countries to achieve the target of 0.7 per cent of gross national income for official development assistance (ODA/GNI) to developing countries and 0.15 to 0.20 per cent of ODA/GNI to least developed countries; ODA providers are encouraged to consider setting a target to provide at least 0.20 per cent of ODA/GNI to least developed countries
19	17.5	Adopt and implement investment promotion regimes for least developed countries
20	17.7	Promote the development, transfer, dissemination and diffusion of environmentally sound technologies to developing countries on favourable terms, including on concessional and preferential terms, as mutually agreed
21	17.8	Fully operationalize the technology bank and science, technology and innovation capacity-building mechanism for least developed countries by 2017 and enhance the use of enabling technology, in particular information and communications technology
22 *	17.9	Enhance international support for implementing effective and targeted capacity-building in developing countries to support national plans to implement all the Sustainable Development Goals, including through North-South, South-South and triangular cooperation
23	17.10	Promote a universal, rules-based, open, non-discriminatory and equitable multilateral trading system under the World Trade Organization, including through the conclusion of negotiations under its Doha Development Agenda
24	17.12	Realize timely implementation of duty-free and quota-free market access on a lasting basis for all least developed countries, consistent with World Trade Organization decisions, including by ensuring that preferential rules of origin applicable to imports from least developed countries are transparent and simple, and contribute to facilitating market access
25	17.14	Enhance policy coherence for sustainable development
26	17.15	Respect each country's policy space and leadership to establish and implement policies for poverty eradication and sustainable development

* Targets related to Official Development Assistance (ODA)

\$ Not relevant in the national context

No indicator has been developed at global level

Annex II - List of Similar Indicators			
SL	Indicator No.	Description of Indicator	Similar Indicators
1	1.4.1	Percentage of Population getting safe and adequate drinking water within premises through Pipe Water Supply (PWS)	6.1.1
2	1.4.3	Percentage of households electrified	7.1.1
3	1.4.5	Number of accounts (including deposit and credit accounts) of scheduled commercial banks per 1,000 population	8.10.2
4	1.4.7	Proportion of households having access to toilet facility (Urban & Rural)	6.2.1
5	1.5.1	Number of deaths, missing persons and directly affected persons attributed to disasters per 100,000 population	11.5.1 & 13.1.1
6	1.5.3	Whether the country has adopted and implemented national disaster risk reduction strategies in line with the Sendai Framework for Disaster Risk Reduction 2015-2030	11.b.1 & 13.1.2
7	1.5.4	Proportion of local governments that adopt and implement local disaster risk reduction strategies in line with national disaster risk reduction strategies	11.b.2 & 13.1.3
8	3.6.1	People killed/injured in road accidents	11.2.2
9	3.7.4	Percentage of currently married women (15-49 years) who use any modern family planning methods	3.8.1 & 5.6.1
10	3.8.8	Total physicians, nurses and midwives per 10,000 population	3.c.1
11	4.7.1	Extent to which (i) global citizenship education and (ii) education for sustainable development are mainstreamed in (a) national education policies; (b) curricula; (c) teacher education; and (d) student assessment	12.8.1 & 13.3.1
12	5.5.1	Proportion of seats held by women in national Parliament, State Legislation and Local Self Government	10.2.2 & 16.7.1
13	7.b.1	Installed renewable energy generating capacity in the country	12.a.1
14	8.2.2	Total number of patents issued (granted)	8.3.2 & 9.5.3
15	8.7.2	Number of missing children	16.2.3
16	10.2.3	Proportion of SC/ST persons in Elected bodies	16.7.2
17	10.6.1	Whether the Country is a member and has voting rights in international organizations	16.8.1
18	11.3.1	Proportion of cities with Master plans	11.a.1
19	14.2.1	Percentage change in area under mangroves	14.5.2
20	15.7.1	Number of cases registered under the Wildlife Protection Act, 1972	15.c.1
21	16.6.2	Percentage of RTI queries responded	16.10.1

Annex III - Mapping of National Indicators with Global Indicators

SL	National Indicator (NI)		Global Indicator (GI)		Mapping of NI with GI
	Indicator No.	Description of Indicator	Indicator No.	Description of Indicator	
1	1.2.1	Proportion of population living below the national poverty line	1.2.1	Proportion of the population living below the international poverty line by sex, age, employment status and geographic location (urban/rural)	Exact
2	1.3.1	Percentage of households with any usual member covered by a health scheme or health insurance	1.3.1	Proportion of population covered by social protection floors/systems, by sex, distinguishing children, unemployed persons, older persons, persons with disabilities, pregnant women, newborns, work-injury victims and the poor and the vulnerable	Partial
3	1.3.2	Number of Beneficiaries under Integrated Child Development Scheme - ICDS			
4	1.3.3	Persons provided employment as a percentage of persons who demanded employment under Mahatma Gandhi National Rural Employment Guarantee Act (MGNREGA)			
5	1.3.4	Number of Self Help Groups (SHGs) provided bank credit linkage			
6	1.3.5	Proportion of the population (out of total eligible population) receiving social protection benefits under Pradhan Mantri Matritva Vandana Yojana (PMMVY)			
7	1.3.6	Number of senior citizens provided institutional assistance through Senior Citizen Homes/Day Care Centers funded by the Government			
8	1.3.7	Number of beneficiaries added under Employee's Pension Scheme (EPS) during the year			
9	1.3.8	Coverage of New Pension scheme (NPS)			
10	1.4.1	Percentage of Population getting safe and adequate drinking water within premises through Pipe Water Supply (PWS) (similar to 6.1.1)			
11	1.4.2	Proportion of population (Urban) living in households with access to safe drinking water & sanitation (Toilets)			
12	1.4.3	Percentage of households electrified, (similar to 7.1.1)			
13	1.4.7	Proportion of households having access to toilet facility (Urban & Rural) (similar to 6.2.1)			
14	1.5.1	Number of deaths, missing persons and directly affected persons attributed to disasters per 100,000 population (similar to Indicator 1.5.1 and 11.5.1)	1.5.1	Number of deaths, missing persons and directly affected persons attributed to disasters per 100,000 population	Exact

SL	National Indicator (NI)		Global Indicator (GI)		Mapping of NI with GI
	Indicator No.	Description of Indicator	Indicator No.	Description of Indicator	
15	1.5.3	Whether the country has adopted and implemented national disaster risk reduction strategies in line with the Sendai Framework for Disaster Risk Reduction 2015-2030, (similar to Indicator 11.b.1 and 13.1.2)	1.5.3	Number of countries that adopt and implement national disaster risk reduction strategies in line with the Sendai Framework for Disaster Risk Reduction 2015-2030	Exact
16	1.5.4	Proportion of local governments that adopt and implement local disaster risk reduction strategies in line with national disaster risk reduction strategies (similar to 11.b.2/13.1.3)	1.5.4	Proportion of local governments that adopt and implement local disaster risk reduction strategies in line with national disaster risk reduction strategies	Exact
17	1.a.2	Proportion of total government spending on essential services (education, health and social protection)	1.a.2	Proportion of total government spending on essential services (education, health and social protection), (in percentage)	Exact
18	2.2.1	Percentage of children under age 5 years who are stunted	2.2.1	"Prevalence of stunting (height for age <-2 standard deviation from the median of the World Health Organization (WHO) Child Growth Standards) among children under 5 years of age"	Exact
19	2.2.2	Percentage of children under age 5 years who are wasted	2.2.2		Partial
20	2.2.4	Percentage of pregnant women age 15-49 years who are anemic (<11.0g/dl)	2.2.3	Prevalence of anaemia in women aged 15 to 49 years, by pregnancy status (percentage)	Partial
21	2.5.1	Number of (a) plant and (b) animal genetic resources for food and agriculture secured in either medium- or long-term conservation facilities	2.5.1	Number of (a) plant and (b) animal genetic resources for food and agriculture secured in either medium- or long-term conservation facilities	Exact
22	2.a.1	The agriculture orientation index for government expenditures	2.a.1	The agriculture orientation index for government expenditures	Exact
23	3.1.1	Maternal Mortality Ratio, (per 1,00,000 live birth)	3.1.1	Maternal Mortality Ratio, (per 1,00,000 live birth)	Exact
24	3.1.2	Percentage of births attended by skilled health personnel (Period 5 years)	3.1.2	Proportion of births attended by skilled health personnel (Period 5 years), 2015-16	Exact
25	3.2.1	Under-five mortality rate, (per 1,000 live births)	3.2.1	Under-five mortality rate,	Exact
26	3.2.2	Neonatal mortality rate, (per 1,000 live births)	3.2.2	Neonatal mortality rate	Exact
27	3.3.1	Number of new HIV infections per 1,000 uninfected population	3.3.1	Number of new HIV infections per 1,000 uninfected population, by sex, age and key populations	Exact
28	3.3.2	Tuberculosis incidence per 1,00,000 population	3.3.2	Tuberculosis incidence per 1,00,000 population	Exact
29	3.3.3	Malaria incidence per 1,000 population	3.3.3	Malaria incidence per 1,000 population	Exact
30	3.3.4	Prevalence of Viral Hepatitis B per 1,00,000 population	3.3.4	Hepatitis B incidence per 1,00,000 population	Partial
31	3.4.2	Suicide mortality rate	3.4.2	Suicide mortality rate	Exact
32	3.6.1	People killed/injured in road accidents (similar to 11.2.2)	3.6.1	Death rate due to road traffic injuries	Exact
33	3.7.1	Percentage of currently married women aged 15-49 years who have their need for family planning satisfied with modern methods	3.7.1	Proportion of women of reproductive age (aged 15-49 years) who have their need for family planning satisfied with modern methods	Partial

SL	National Indicator (NI)		Global Indicator (GI)		Mapping of NI with GI
	Indicator No.	Description of Indicator	Indicator No.	Description of Indicator	
34	3.7.2	Adolescent birth rate (aged 15–19 years) per 1,000 women in that age group	3.7.2	Adolescent birth rate (aged 10–14 years; aged 15–19 years) per 1,000 women in that age group	Partial
35	3.8.2	Proportion of population with large household expenditures on health as a share of total household expenditure or income	3.8.2	Proportion of population with large household expenditures on health as a share of total household expenditure or income	Exact
36	3.9.3	Mortality rate attributed to unintentional poisoning, (per 1,00,000 population)	3.9.3	Mortality rate attributed to unintentional poisoning, (per 1,00,000 population)	Exact
37	3.a.1	Percentage of adults 15 years and above with use of any kind of tobacco (smoking and smokeless)	3.a.1	Age-standardized prevalence of current tobacco use among persons aged 15 years and older	Partial
38	3.b.1	Proportion of the target population covered by all vaccines included in their national programme	3.b.1	Proportion of the target population covered by all vaccines included in their national programme	Exact
39	3.c.1	Total physicians, nurses and midwives per 10,000 population (similar to Indicator 3.8.8)	3.c.1	Health worker density and distribution	Partial
40	3.d.1	International Health Regulations (IHR) capacity and health emergency preparedness	3.d.1	International Health Regulations (IHR) capacity and health emergency preparedness	Exact
41	4.1.1	Percentage of students in grade 3, 5, 8 and 10 achieving at least a minimum proficiency level in terms of nationally defined learning outcomes to be attained by pupils at the end of each of above grades	4.1.1	Proportion of children and young people (a) in grades 2/3; (b) at the end of primary; and (c) at the end of lower secondary achieving at least a minimum proficiency level in (i) reading and (ii) mathematics, by sex	Partial
42	4.1.2	Gross Intake Ratio to the last grade (primary, upper primary and secondary)	4.1.2	Completion rate (primary education, lower secondary education, upper secondary education)	Partial
43	4.3.1	Participation rate of youth and adults in formal and non-formal education and training in the previous 12 months	4.3.1	Participation rate of youth and adults in formal and non-formal education and training in the previous 12 months, by sex	Exact
44	4.4.1	Proportion of youth and adults with information and communication technology (ICT) skills	4.4.1	Proportion of youth and adults with information and communication technology (ICT) skills	Exact
45	4.5.1	Gender Parity indices for Primary / Secondary/Higher Secondary /Tertiary education	4.5.1	Parity indices (female/male, rural/urban, bottom/top wealth quintile and others such as disability status, indigenous peoples and conflict-affected, as data become available) for all education indicators on this list that can be disaggregated	Partial
46	4.7.1	Extent to which (i) global citizenship education and (ii) education for sustainable development are mainstreamed in (a) national education policies; (b) curricula; (c) teacher education; and (d) student assessment (similar to 12.8.1/13.3.1)	4.7.1	Extent to which (i) global citizenship education and (ii) education for sustainable development are mainstreamed in (a) national education policies; (b) curricula; (c) teacher education; and (d) student assessment	Exact

SL	National Indicator (NI)		Global Indicator (GI)		Mapping of NI with GI
	Indicator No.	Description of Indicator	Indicator No.	Description of Indicator	
47	4.a.1	Proportion of schools with access to: (a) electricity; (b) computers for pedagogical purposes; (c) adapted infrastructure and materials for students with disabilities/ disabled friendly ramp and toilets; (d) basic drinking water; (e) single-sex basic sanitation facilities; and (f) basic hand washing facilities (as per the WASH indicator definitions)	4.a.1	Proportion of schools offering basic services, by type of service	Partial
48	4.c.1	Proportion of trained teachers, by education level (primary, upper primary, elementary, secondary and higher secondary education)	4.c.1	Proportion of teachers with the minimum required qualifications, by education level	Partial
49	5.1.1	Whether or not legal framework are in place to promote, enforce and monitor equality and non- discrimination on the basis of sex	5.1.1	Whether or not legal framework are in place to promote, enforce and monitor equality and non- discrimination on the basis of sex	Exact
50	5.3.1	Percentage of women aged 20–24 years who were married by exact age 18 years	5.3.1	Proportion of women aged 20–24 years who were married or in a union before age 15 and before age 18	Partial
51	5.4.1	Proportion of time spent on unpaid domestic and care work.	5.4.1	Proportion of time spent on unpaid domestic and care work, by sex, age and location	Exact
52	5.5.1	Proportion of seats held by women in national Parliament, State Legislation and Local Self Government (similar to Indicators 10.2.2 and 16.7.1)	5.5.1	Proportion of seats held by women in (a) national Parliaments and (b) local governments	Partial
53	6.1.1	Percentage of Population getting safe and adequate drinking water within premises through Pipe Water Supply (PWS) (similar to 1.4.1)	6.1.1	Proportion of population using safely managed drinking water services	Partial
54	6.2.1	Proportion of households having access to toilet facility (Urban & Rural)	6.2.1	Proportion of population using (a) safely managed sanitation services and (b) a hand-washing facility with soap and water	Partial
55	6.3.1	Percentage of sewage treated before discharge into surface water bodies	6.3.1	Proportion of domestic and industrial wastewater flows safely treated	Partial
56	6.3.2	Proportion of Water Bodies with Good Ambient Water Quality	6.3.2	Proportion of Water Bodies with Good Ambient Water Quality	Exact
57	6.b.1	Proportion of villages with Village Water & Sanitation Committee [VWSC]	6.b.1	Proportion of local administrative units with established and operational policies and procedures for participation of local communities in water and sanitation management	Partial
58	7.1.1	Percentage of households electrified (similar to 1.4.3)	7.1.1	Proportion of population with access to electricity	Partial
59	7.1.2	Percentage of household using clean cooking fuel	7.1.2	Proportion of population with primary reliance on clean fuels and technology	Partial
60	7.2.1	Renewable energy share in the total installed electricity generation	7.2.1	Renewable energy share in the total final energy consumption	Partial
61	7.3.1	Energy intensity measured in terms of primary energy and GDP	7.3.1	Energy intensity measured in terms of primary energy and GDP	Exact

SL	National Indicator (NI)		Global Indicator (GI)		Mapping of NI with GI
	Indicator No.	Description of Indicator	Indicator No.	Description of Indicator	
62	7.b.1	Installed renewable energy generating capacity in the country	7.b.1	Installed renewable energy generating capacity in developing countries (in watts per capita)	Exact
63	8.1.1	Annual growth rate of GDP (adjusted to price changes) per capita	8.1.1	Annual growth rate of real GDP per capita	Exact
64	8.2.1	Annual growth rate of GDP per employed person	8.2.1	Annual growth rate of real GDP per employed person	Exact
65	8.5.1	Average hourly earnings of employees, by sex, age, occupation and persons	8.5.1	Average hourly earnings of employees, by sex, age, occupation and persons with disabilities	Exact
66	8.5.2	Unemployment rate	8.5.2	Unemployment rate by sex, age and persons with disabilities	Exact
67	8.9.1	Direct contribution of Tourism to total GDP and in growth rate	8.9.1	Tourism direct GDP as a proportion of total GDP and in growth rate	Exact
68	8.10.3	Number of banking outlets per 1,00,000 population	8.10.1 (a)	(a) Number of commercial bank branches per 100,000 adults	Exact
69	8.10.4	Automated Teller Machines (ATMs) per 1,00,000 population	8.10.1 (b)	(b) number of automated teller machines (ATMs) per 100,000 adults	Exact
70	8.b.1	Existence of a developed and operationalized national strategy for youth employment, as a distinct strategy or as part of a national employment strategy	8.b.1	Existence of a developed and operationalized national strategy for youth employment, as a distinct strategy or as part of a national employment strategy	Exact
71	9.1.1	Proportion of the rural population who live within 2 km of an all-season road	9.1.1	Proportion of the rural population who live within 2 km of an all-season road	Exact
72	9.1.2	Passenger and freight volumes, by mode of transport	9.1.2	Passenger and freight volumes, by mode of transport	Partial
73	9.2.2	Manufacturing employment as a proportion of total employment	9.2.2	Manufacturing employment as a proportion of total employment	Exact
74	9.5.1	Percentage share of government spending on IPP (Research and Development) to total GDP	9.5.1	Research and development expenditure as a proportion of GDP	Partial
75	9.5.2	Researchers (in full time equivalent) per million population	9.5.2	Researchers (in full time equivalent) per million inhabitants	Partial
76	10.1.1	Growth rates of household expenditure per capita among the bottom 40 per cent of the population and the total population, 2011-12	10.1.1	Growth rates of household expenditure per capita among the bottom 40 per cent of the population and the total population	Exact
77	10.2.1	Percentage of people living below 50 per cent of median per capita household expenditure	10.2.1	Proportion of people living below 50 per cent of median income, by sex, age and persons with disabilities	Partial
78	10.4.1	Labour Share of GDP	10.4.1	Labour Share of GDP	Exact
79	10.6.1	Whether the Country is a member and has voting rights in international organizations (similar to Indicator 16.8.1)	10.6.1	Proportion of members and voting rights of developing countries in international organizations	Exact
80	10.7.1	Recruitment cost borne by employee as a proportion of monthly income earned in country of destination	10.7.1	Recruitment cost borne by employee as a proportion of monthly income earned in country of destination	Exact

SL	National Indicator (NI)		Global Indicator (GI)		Mapping of NI with GI
	Indicator No.	Description of Indicator	Indicator No.	Description of Indicator	
81	10.c.1	Remittance costs as a proportion of the amount remitted, (cost of Sending/ Receiving USD 200 in Public Sector Banks)	10.c.1	Remittance costs as a proportion of the amount remitted	Partial
82	11.1.1	Proportion of Urban Population Living in Slums, informal Settlements or Inadequate Housing	11.1.1	Proportion of Urban Population Living in Slums, informal Settlements or Inadequate Housing	Exact
83	11.2.1	Proportion of Households in urban areas having convenient access to public transport	11.2.1	Proportion of population that has convenient access to public transport, by sex, age and persons with disabilities	Exact
84	11.4.1	Total per capita expenditure on the preservation, protection and conservation of all cultural and natural heritage	11.4.1	Total per capita expenditure on the preservation, protection and conservation of all cultural and natural heritage, by source of funding (public, private), type of heritage(cultural, natural) and level of government (national, regional, and local/municipal)	Partial
85	11.5.1	Number of deaths, missing persons and directly affected persons attributed to disasters per 100,000 population (similar to Indicator 1.5.1 and 13.1.1)	11.5.1	Number of deaths, missing persons and directly affected persons attributed to disasters per 100,000 population	Exact
86	11.b.1	Whether the country has adopted and implemented national disaster risk reduction strategies in line with the Sendai Framework for Disaster Risk Reduction 2015–2030	11.b.1	Number of countries that adopt and implement national disaster risk reduction strategies in line with the Sendai Framework for Disaster Risk Reduction 2015–2030	Exact
87	11.b.2	Proportion of local governments that adopt and implement local disaster risk reduction strategies in line with national disaster risk reduction strategies (similar to 1.5.4/13.1.3)	11.b.2	Proportion of local governments that adopt and implement local disaster risk reduction strategies in line with national disaster risk reduction strategies	Exact
88	12.4.1	Whether the country has ratified international Multilateral Environmental Agreements on hazardous waste and other chemicals	12.4.1	Number of parties to international multilateral environmental agreements on hazardous waste, and other chemicals that meet their commitments and obligations in transmitting information as required by each relevant agreement	Partial
89	12.4.2	(a) Hazardous waste generated per capita; and (b) proportion of hazardous waste treated, by type of treatment	12.4.2	(a) Hazardous waste generated per capita; and (b) proportion of hazardous waste treated, by type of treatment	Exact
90	12.6.1	Proportion of companies publishing sustainability reports	12.6.1	Proportion of companies publishing sustainability reports	Exact
91	12.8.1	Extent to which (i) global citizenship education and (ii) education for sustainable development are mainstreamed in (a) national education policies; (b) curricula; (c) teacher education; and (d) student assessment (similar to 4.7.1/13.3.1)	12.8.1	Extent to which (i) global citizenship education and (ii) education for sustainable development are mainstreamed in (a) national education policies; (b) curricula; (c) teacher education; and (d) student assessment	Exact
92	12.a.1	Installed renewable energy generating capacity in the country	12.a.1	Installed renewable energy generating capacity in developing countries	Exact
93	12.b.1	Implementation of standard accounting tools to monitor the economic and environmental aspects of tourism sustainability	12.b.1	Implementation of standard accounting tools to monitor the economic and environmental aspects of tourism sustainability	Exact

SL	National Indicator (NI)		Global Indicator (GI)		Mapping of NI with GI
	Indicator No.	Description of Indicator	Indicator No.	Description of Indicator	
94	12.c.1	Amount of fossil fuel subsidy per unit of GDP	12.c.1	Amount of fossil fuel subsidy per unit of GDP (Production and consumption)	Exact
95	13.1.1	Number of deaths, missing persons and directly affected persons attributed to disasters per 100,000 population (similar to Indicator 1.5.1 and 11.5.1)	13.1.1	Number of deaths, missing persons and directly affected persons attributed to disasters per 100,000 population	Exact
96	13.1.2	Whether the country has adopted and implemented national disaster risk reduction strategies in line with the Sendai Framework for Disaster Risk Reduction 2015–2030	13.1.2	Number of countries that adopt and implement national disaster risk reduction strategies in line with the Sendai Framework for Disaster Risk Reduction 2015–2030	Exact
97	13.1.3	Proportion of local governments that adopt and implement local disaster risk reduction strategies in line with national disaster risk reduction strategies (similar to 1.5.4/11.b.2)	13.1.3	Proportion of local governments that adopt and implement local disaster risk reduction strategies in line with national disaster risk reduction strategies	Exact
98	13.3.1	Extent to which (i) global citizenship education and (ii) education for sustainable development are mainstreamed in (a) national education policies; (b) curricula; (c) teacher education; and (d) student assessment (similar to 4.7.1/12.8.1)	13.3.1	Extent to which (i) global citizenship education and (ii) education for sustainable development are mainstreamed in (a) national education policies; (b) curricula; (c) teacher education; and (d) student assessment	Exact
99	14.3.1	Average marine acidity (pH) measured at agreed site of representative sampling stations	14.3.1	Average marine acidity (pH) measured at agreed site of representative sampling stations	Exact
100	14.5.1	Coverage of protected areas in relation to marine areas	14.5.1	Coverage of protected areas in relation to marine areas	Exact
101	14.c.1	Compliance of international laws	14.c.1	Number of countries making progress in ratifying, accepting and implementing through legal, policy and institutional frameworks, ocean-related instruments that implement international law, as reflected in the United Nations Convention on the Law of the Sea, for the conservation and sustainable use of the oceans and their resources	Partial
102	15.1.1	Forest cover as a percentage of total geographical area	15.1.1	Forest area as a percentage of land area	Partial
103	15.3.1	Proportion of land that is degraded over total land area	15.3.1	Proportion of land that is degraded over total land area	Exact
104	15.5.1	Red List Index	15.5.1	Red List Index	Exact
105	15.9.1	(a) Progress towards national targets established in accordance with Aichi Biodiversity Target 2 of the Strategic Plan for Biodiversity, 2011–2020; (b) Integration of biodiversity into national accounting and reporting systems, defined as implementation of the System of Environmental-Economic Accounting	15.9.1	(a) Number of countries that have established national targets in accordance with or similar to Aichi Biodiversity Target 2 of the Strategic Plan for Biodiversity 2011–2020 in their national biodiversity strategy and action plans and the progress reported towards these targets; and (b) integration of biodiversity into national accounting and reporting systems, defined as implementation of the System of Environmental-Economic Accounting	Exact

SL	National Indicator (NI)		Global Indicator (GI)		Mapping of NI with GI
	Indicator No.	Description of Indicator	Indicator No.	Description of Indicator	
106	16.1.1	Number of victims of intentional homicide per 1,00,000 population	16.1.1	Number of victims of intentional homicide per 1,00,000 population, by sex and age	Exact
107	16.1.3	Per 1,00,000 Population subjected to physical, psychological or sexual violence in the previous 12 months	16.1.3	Proportion of population subjected to (a) physical violence, (b) psychological violence and (c) sexual violence in the previous 12 months	Partial
108	16.2.2	Number of victims rescued from human trafficking per 1,00,000 population, by sex, age and form of exploitation	16.2.2	Number of victims rescued from human trafficking per 1,00,000 population, by sex, age and form of exploitation	Exact
109	16.3.2	Unsented detainees as a proportion of overall prison population	16.3.2	Unsented detainees as a proportion of overall prison population	Exact
110	16.6.1	Primary government expenditures as a proportion of original approved budget	16.6.1	Primary government expenditures as a proportion of original approved budget, by sector (or by budget codes or similar)	Exact
111	16.8.1	Whether the Country is a member and has voting rights in international organizations (similar to Indicator 10.6.1)	16.8.1	Proportion of member and has voting rights in international organizations	Exact
112	16.a.1	Existence of independent national human rights institutions in compliance with the Paris Principles	16.a.1	Existence of independent national human rights institutions in compliance with the Paris Principles	Exact
113	17.1.1	Total government revenue as a proportion of GDP, by source	17.1.1	Total government revenue as a proportion of GDP, by source	Exact
114	17.1.2	Proportion of domestic budget funded by domestic taxes	17.1.2	Proportion of domestic budget funded by domestic taxes	Exact
115	17.3.1	Foreign Direct Investment as proportion of Gross National Income	17.3.1	Foreign direct investment, official development assistance and South-South cooperation as a proportion of gross national income	Partial
116	17.3.2	Volume of remittances as a proportion of total GDP	17.3.2	Volume of remittances (in United States dollars) as a proportion of total GDP	Exact
117	17.4.1	Debt service as a proportion of exports of goods and services	17.4.1	Debt service as a proportion of exports of goods and services	Exact
118	17.6.1	Fixed internet broadband subscriptions per 100 inhabitants, by speed (in percentage)	17.6.1	Fixed internet broadband subscriptions per 100 inhabitants, by speed	Partial
119	17.11.1	Share of India's exports in Global exports	17.11.1	Developing countries' and least developed countries' share of global exports	Exact
120	17.13.1	Macroeconomic Dashboard	17.13.1	Macroeconomic Dashboard	Exact
121	17.17.1	Amount of Indian Rupees spent on Public-Private Partnership (PPP) for infrastructure	17.17.1	Amount in United States dollars committed to public-private partnerships for infrastructure	Exact
122	17.18.2	Whether the country has national statistical legislation that complies with the Fundamental Principles of Official Statistics	17.18.2	Whether the country has national statistical legislation that complies with the Fundamental Principles of Official Statistics	Exact
123	17.19.1	Budget allocated to different Ministries for strengthening statistics	17.19.1	Dollar value of all resources made available to strengthen statistical capacity in developing countries	Partial
124	17.19.2	Proportion of States/UTs that have achieved 100 per cent birth registration and 80 per cent death registration	17.19.2	Proportion of (a) have conducted at least one population and housing census in the last 10 years; and (b) have achieved 100 per cent birth registration and 80 per cent death registration	Exact
